Asynchronous Workshop No 2

To allow you to workshop your pieces remotely, I will invite you to a group discussion forum where you can exchange your work and distribute feedback. To make sure everyone can read and respond to everyone else's work, these workshops will be limited to four authors, and they'll also be time sensitive (5/30 - 6/2).

Workshop Rules:

1. Sign up to participate in this workshop by Friday May 26th. You will then be assigned to a special discussion forum for your workshop group.

2. All authors post a draft of one workshop piece to the by 11:59pm, Tuesday May 30th

- Drafts may be posted as attached files, or as links to shared Google Documents

3. All authors read the whole group's pieces and compose at least 200 words of feedback for each author.

4. Combine all feedback into a single document (separated by subheadings for each author/piece), and post that Workshop Review on this forum.

5. Reviews are due by 11:59pm, Friday June 2nd

If you want to participate in this workshop, put your name on this list:
