Dill Havarti

A creamy Havarti style cow's milk cheese with dill. Excellent in grilled cheese or omelets!
This cheese was made this spring with milk from Springdale Farm in Waldo.
Will keep several weeks in the shrink wrap.

Cow's milk Camdenbert

Creamy, buttery deliciousness dominate this soft-ripened cheese made with cow's milk from Springdale Farm.

Serve with a crusty baguette, fruit and nuts. For an extra special party treat, wrap in buttered layers of phyllo dough and bake. Serve with chutney.

Voted a favorite by our CSA customers.

This cheese has been cut from a larger wheel, and wrapped in special two-ply cheese paper, so should be enjoyed within a few days. Should it age longer, it will soften more, and may begin to grow some white molds on the cut edges. This is the same mold that creates the rind, and is perfectly safe to eat.

Enjoy your cheeses!
