***Titles the group has already read may be reconsidered for selection after a three year moratorium.***

#### How we choose our books:

- We alternate monthly between sci-fi and fantasy selections, and we choose our books two months ahead of time.
- All participants at the current month's meet-up are given the opportunity to nominate a title.
- The organizers do our best to select three diverse choices. We generally avoid out of print books as it has proven difficult for our readers to reliably obtain copies.
- We then create a poll for the three choices and send it to all group members through Meet-up (**Make sure your preferences are set to allow messages from the organizer**). Members have about a week to participate and rank their first, second, and third choices.
- We award a title 10 points for every first choice vote, 5 points for every second choice vote, and 1 point for every third choice vote. The title with the most points becomes our reading selection.
