

Power Equipment in Chicago

Meta Description (155 characters):

Shop professional power equipment in Chicago—saws, compactors, generators, and pumps built for performance, reliability, and daily contractor use.

At [A&A Equipment and Supply](#), we provide Chicago-area contractors, municipalities, and utility crews with the power equipment that keeps jobsites running smoothly. From concrete finishing to site prep and dewatering, our [inventory includes industry-trusted tools](#) built for performance, safety, and durability under heavy use.

Whether you're cutting, compacting, welding, or cleaning, A&A Equipment and Supply offers dependable power equipment for sale designed for professional contractors and homeowners who demand uptime and efficiency.

Cut-Off Saws and Demolition Tools

Precision and reliability matter when cutting through concrete, asphalt, or steel. We carry gas-powered and electric saws for every application that work hard and efficiently when doing deep trench cutting to demolition and repair work.

Available from leading brands: Husqvarna, STIHL, and Wacker

We offer:

- Handheld and walk-behind saws
- Abrasive and diamond blade options
- Demolition saws and rescue cutters
- Accessories and replacement blades

Compaction Equipment

Proper compaction is critical for stable trenches, roadways, and foundations. Our jumping jacks and plate compactors are engineered for power, balance, and vibration control to deliver dense, uniform compaction.

Available from leading brands: Husqvarna, Multiquip, and Wacker

We offer:

- Trench rammers (jumping jacks)
- Forward and reversible plate compactors
- Asphalt finishing plates

Air Compressors and Pneumatic Tools

For demolition, drilling, and cleaning, A&A Equipment and Supply provides portable and towable air compressors designed for long run times and consistent performance.

Available from leading brands: Ingersoll Rand, APT, Chicago Pneumatic, and Mi-T-M

- Portable and skid-mounted air compressors
- Tow-behind compressors up to 185 CFM
- Pneumatic breakers, chipping hammers, and rock drills
- Air hoses, couplings, and lubricators

Concrete Vibrators

Ensure smooth, durable concrete pours with high-frequency vibrators that eliminate air pockets and improve structural integrity.

Available from leading brands: Multivibe and Wacker

- Backpack and handheld units
- Shaft and head assemblies up to 2.5”
- High-cycle and electric models
- Replacement whips, motors, and housings

Dry Ice Blasters and Surface Cleaners

A safe and efficient alternative to chemical cleaning and sandblasting, dry ice blasting systems remove residue, paint, and contaminants without damaging surfaces or creating secondary waste.

Available from leading brands: Dry Ice Illinois

- Industrial-grade dry ice blasters
- Concrete form and equipment cleaners
- Surface preparation systems

Generators

Dependable jobsite power is essential for production and safety. We carry portable and towable generators that provide clean, consistent electricity for tools, lighting, and equipment.

Available from leading brands: Honda, Generac, Kohler, Tsurumi, and Mi-T-M

- Portable inverters (1,000–7,000 watts)
- Heavy-duty generators (up to 20 kW)
- Gasoline, diesel, and electric-start options
- Parallel-capable and multi-outlet units

Water Pumps

From dewatering flooded trenches to transferring clean water, our pump lineup offers durability, easy priming, and high output for demanding field conditions.

Available from leading brands: Honda, Tsurumi, and Mi-T-M

- Centrifugal and diaphragm pumps
- Trash pumps for debris-heavy water
- Submersible electric pumps
- Hose assemblies, camlocks, and strainers

Pressure Washers

Maintain clean, safe, and professional jobsites with industrial-grade pressure washers built for daily use. Perfect for equipment, vehicles, and hard-surface cleaning.

Available from leading brands: Mi-T-M

- Cold and hot water models
- Electric and gas-powered units
- Adjustable PSI (2,000–5,000+)
- Hoses, lances, and detergent accessories

Welding Equipment

For on-site fabrication, repair, and maintenance, our welding equipment provides reliable performance in even the harshest field environments.

Available from leading brands: Miller Welder

- Engine-driven welders
- MIG, TIG, and stick welding systems
- Welding leads, clamps, and accessories
- Portable and shop configurations

Heaters

Cold weather shouldn't slow down your schedule. Our portable jobsite heaters provide efficient, high-output warmth for curing concrete, thawing ground, and maintaining work zones through Chicago winters.

Available from leading brands: L.B. White and Mi-T-M

- Propane, diesel, and electric models

- Indirect-fired and direct-fired designs
- Tent, enclosure, and workspace heaters
- Fuel lines, regulators, and safety accessories

Coring Drills and Accessories

Precision drilling starts with dependable equipment. Our core drilling systems deliver clean, accurate holes in concrete, asphalt, and masonry for plumbing, electrical, and utility applications. Built for durability and accuracy, these rigs and accessories are engineered to perform under demanding jobsite conditions.

Available from leading brands: Diamond Products

- Handheld, rig-mounted, and hydraulic core drills
- Wet and dry drilling systems for multiple materials
- Vacuum bases, anchors, and carts for stable, precise positioning
- Extension shafts, adapters, and stands for deep or angled coring
- Accessories: Water tanks, slurry collectors, and replacement bits

Contractor-Focused Performance

Every unit we carry is tested for reliability, serviceability, and safety, ensuring your crews can count on their equipment from startup to shutdown. Our in-house repair team keeps your tools running at peak performance with OEM parts and manufacturer-trained technicians.

- **Professional-Grade Equipment** – Built for daily use in tough field conditions
- **Authorized Repair and Parts Support** – Genuine replacement components and warranty-backed service
- **Flexible Purchase and Service Options** – Buy, [rent](#), or repair locally with one trusted supplier
