OVERVIEW

Picture this: a whirlwind romance that's equal parts heart-fluttering and hilariously unpredictable. Welcome to this contemporary romance project, where love is like a rollercoaster ride with a side of witty banter.

This proposal contains a sample of my previous works on contemporary romance where creativity meets passion. The work contains captivating characters, enchanting scenes and on-the-edge storylines that will make you want more.

In this proposal, I have included some of the book covers I have personally created in the mood board above along with a few links to my samples below so as to give you a clearer understanding of my expertise.

Get ready to swoon, laugh, and maybe even snort-laugh a few times as I draft out characters that navigate the modern dating scene with all its quirks and mishaps. So, grab your popcorn (and maybe a box of tissues, just in case) and allow me on this wild ride through the highs and lows of love in the world of romance.

I look forward to working with you!

Warning: excessive grinning and occasional spontaneous bouts of 'aww' may occur!
