

TDCAA XC 2025: Marshaling Responsibilities

The number of students required for each school is shown in brackets after the school name. Ideally this role is filled by a non-competing student from your school. If that is not possible you may use athletes from your team when they are not competing. The marshals are expected to be at their posts for the duration of the event. They are in pairs to facilitate assisting runners as needed and bathroom breaks.

Remind students of the following:

- Required to be on site by 10am - meeting with Mr. Wood after the Coaches meeting
- No opportunity to leave the park during the event
- No place to buy food at the park - need to bring lunch/snacks
- No access to water at the park - need to bring
- Dress warmly and for all weather. Grass will likely be wet so waterproof footwear is an asset
- Bring a folding/camping chair if desired
