SHOPPING

In a food supermarket or the grocery store we can also buy many different things at once: sausages, fish, sugar, macaroni, flour, cereals, tea.

At the butcher's there is a wide choice of meat and poultry.

At the bakery you buy brown and white bread, rolls, biscuits.

Another shop we frequently go to is the greengrocery which is stocked by cabbage, potatoes, onions, cucumbers, carrots, beetroots, green peas and what not.

Everything is sold here ready weighed and packed. If you call round at a dairy you can buy milk, cream, cheese, butter and many other products.

The methods of shopping may vary. It may be a self-service Shop where the customer goes from counter to counter, selecting and putting into a basket what he wishes to buy. Then he takes the basket to the check-out counter, where the prices of the purchases are added up.

If it is not a self-service shop, and most small shops are not, the shop-assistant helps the customer in finding what he wants. You pay money to the cashier and he gives you back the change.
