Middle/High School Conversion Scale

Proficiency Score	100-Pt. Score	Description
4	100	Distinguished - The student consistently exceeds the proficiency requirements for the course level. Performance indicators show that the student grasps, applies, generalizes, and extends key concepts, processes, and skills independently.
3.75	96.7	
3.5	93.3	
3.25	90	Proficient - The student consistently meets the proficiency requirements for the course level. Performance indicators show that the student, with limited errors, grasps key concepts, processes, and skills for the course/grade level and understands and applies them.
3	86.7	
2.75	83.3	Proficient Basic - The student is progressing toward the proficiency requirements for the course/grade level. Performance indicators show that the student is close to mastering key concepts, processes, and skills for the course/grade level.
2.5	80	
2.25	76.7	Developing - The student is progressing toward the proficiency requirements for the course/grade level. Performance indicators show that the student is beginning to grasp key concepts, processes, and skills for the course/grade level, but demonstrates inconsistent understanding and application of concepts.
2	73.3	
1.75	70	Emerging - The student is making some progress toward meeting the competency requirements. Performance indicators show that the student is not demonstrating understanding of course-level concepts, processes, and skills and requires additional time and support.
1.5	66.7	
1.25	63.3	Insufficient Evidence - The student did not turn in enough work to determine his/her level of proficiency.
1	60	

High School course credit is awarded for being proficient in graduation standards as evidenced by achieving an overall course grade of 70 or higher.
