

¡Es una ganga!

You may choose which of the 2 options to complete. You may complete just one or both.

Option 1 (worth 3 pegatinas): Write an advertisement/poster in Spanish. It could be for your Market Day product, or another product. You must have at least 3 phrases in Spanish to catch someone's attention, describe the product, tell how much it costs, etc...

Option 2 (worth 4 pegatinas): Write a short conversation between two people. Your conversation should be at least 16 lines...8 per person. One person should be SELLING something, and the other person should be BUYING something. Use as many of our new vocabulary words and phrases as you can.

***You may use an online dictionary (I recommend www.wordreference.com) to look up 3 new words. However, you may not write a story/entire sentence in English and then use Google Translate to change it into Spanish.*
