

["Mind of the Hive"]

This circlet is made from gold with black accents, the ornate pattern of which has no curves, only wide angles with hard edges. {Player has antenna:There are even convenient holes in the front that your antennas fit through *perfectly*./It also has two adorable fake antennas attached to its brow.}

Special Effect: The circlet gives its wearer the confidence and comfort of a hundred sisters, while causing them to look more like a member of the hive every time critical mental damage is deflected.
