FORM THREE

HOMESCIENCE (CLOTHING CONSTRUCTION)

PAPER 2

(PRACTICAL)

2 ½ HOURS

This paper consists of 3 printed pages. Candidates should check the question paper to ensure that all pages are printed as indicated and no questions are missing.

1. A pattern of a child's dress bodice is provided. You are advised to study the sketches, the question paper and the layout before you begin the test.

Materials provided

- a. Front Bodice
 - b. Back Bodice
 - c. Sleeve
 - d. Front Neck Facing
 - e. Back Neck Facing
 - f. Sleeve Opening Facing
 - g. Sleeve Binding
2. Light weight plain cotton fabric 65cm long by 90cm wide
 3. Sewing thread

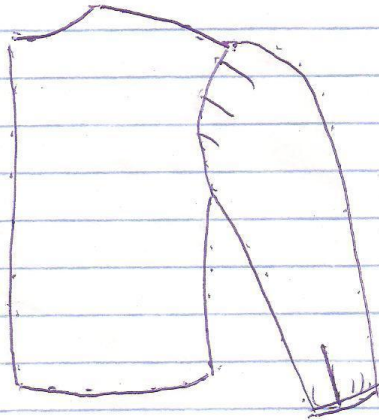

The test

Using the materials provided, cut out and make the light half of a child's dress bodice as shown in the sketch below to show the following.

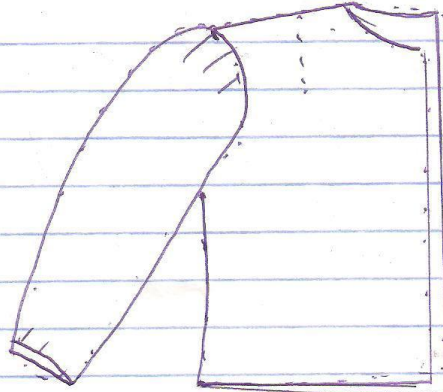

- a. Making of a shoulder dart on front bodice.
- b. The working of a neatened open seam at the shoulder
- c. The neatening of the back facing.
- d. The attaching of the neckline facing sandwiching its centre back between the garment and the facing.
- e. The making of French seam at the side
- f. The preparation of the faced sleeve opening.
- g. The making of an unneatened open sea at the underarm.
- h. The binding of the lower edge of the sleeve.
- i. The attachment of the sleeve to the bodice and the neatening of half of ht armhole seam using loop witches.
- j. Sewing on of a button with a shank on front bodice.

At the end of the examination firmly sew onto your work, on a single fabric, a label bearing your name and index number. Remove the needle and pins from your work. Then fold your work carefully and place it in the envelope provided.
