

Shift Drift: Color ZigZag

Shift Your Color. Drift the Void. Test your reflexes in the ultimate neon-soaked arcade racer. How long can you survive the endless zigzag?

Welcome to Shift Drift

Dive into a hyper-casual driving experience where speed is everything and one wrong tap sends you falling into the abyss. Navigate a procedurally generated neon track, shift your colors to match the road, and climb to the top of the global leaderboards. Easy to learn. Impossible to master.

Key Features

 **One-Tap Adrenaline** No complicated controls. Just tap to instantly change direction. Get into a hypnotic rhythm as the speed cranks up and the track gets tighter.

 **Color-Match Mechanics** It's not just about steering! You must shift your car's neon glow to match the approaching platforms. Miss the color? Game over.

 **Cyberpunk Aesthetic** Immerse yourself in a beautiful, dark isometric world featuring glowing neon visuals, dynamic camera leans, and a pulsing synth-inspired atmosphere.

 **Apple Game Center Leaderboards** Think you have the fastest reflexes? Compete against your friends and players worldwide to claim the #1 spot on the global leaderboards.

How to Play

1. **Tap to Turn:** Keep your car from falling off the jagged, twisting track.
 2. **Match the Neon:** Ensure your car's color matches the block you are landing on.
 3. **Survive & Unlock:** Collect points to unlock an entire garage of sleek, futuristic new vehicles!
