Literary
bright or luminous.

I don't remember who I used to be or what I wanted to accomplish. I suppose it doesn't matter anymore. My skin feels too tight, my hands refuse to still themselves and my eyes burn beneath the fluorescent lights. My mind races. My heart does too.

It beats against my sternum. My blood is hot in my veins and I can hear it rush through every inch of me.

My skin does not feel like mine.
My eyes are not meant to see like yours do.

I don't remember who I used to be but I know what I want to be.

I want to be more.

I need to be more.

I need to be whole again.

And they will give that to me.

Luci has a high pain tolerance, many forms of harm only illicit silent smiles or a laugh.
- A maximalist not by choice, but by nervous habit. All their stickers are bandages and acne patches - the cute theming is meant to make them feel a little less unsightly.
Luci picks at their skin constantly, the scabs and scars are always reopened. Sorry for the mess.
- Loves to eat but is always hungry. Adores dairy and meat.
Luci can always be found munching away on something. However, it seems like they want to try something a little more.....interesting.
- Flexible in all the wrong ways.
Or is it in all the right ways?
- Struggles with their memory, somewhat of an amnesiac - prone to getting startled by their own reflection at times.
Try not to steer them too much - they'll always get their head back on Earth. For the most part.
