

**-Forbidden Love**

Longing for forbidden love,  
Between past and future,  
The present awaits.  
Laying amidst the flowers,  
the scent of fresh grass.  
The sun shining down on us.

Losing myself in deep blue eyes  
Longing for Eros, Love's scent..

A tear in the past and future.  
Longing for the present,  
For Love.
