Collaborative Initiative

University Institute of Technology, Veli Regional Centre is set to host a collaborative event in partnership with We Grow Forest Foundation, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Kochuveli MSME Association, and Webrand.tech at the Kochuveli MSME Association Hall on April 30, Tuesday, from 8:30 to 1:00.

Purpose

The event aims to foster collaboration and exchange ideas among academia, industry, and environmental organizations to address pressing challenges and explore innovative solutions.

Key Partners

The partnership brings together esteemed organizations from diverse sectors, including environmental conservation, healthcare, entrepreneurship, and technology, to synergize efforts towards sustainable development and societal well-being.

Agenda

The event will feature discussions, presentations, and interactive sessions on topics ranging from environmental conservation and healthcare innovation to entrepreneurship and technology-driven solutions for societal challenges.

Participation

Academicians, researchers, entrepreneurs, professionals, and students are invited to participate and contribute to the exchange of knowledge and ideas aimed at driving positive change in society.

Impact

Through this collaborative initiative, the organizers aim to catalyze actionable strategies and projects that leverage the collective expertise and resources of the participating organizations to address pressing societal and environmental issues.

Call to Action

Join us on April 30 at the Kochuveli MSME Association Hall as we come together to collaborate, innovate, and drive positive change for a sustainable and prosperous future.
