Casual Open Play

This event is perfect for players who want to enjoy the new set without the pressure of a structured tournament. You can play as much or as little as you like, choosing your opponents freely.

What You Get with Entry:

- **6 Disney: Lorcana - Fabled booster packs.** To build your sealed deck.

How It Works:

- There are **no assigned pairings**—simply find other participants to play with at your own pace.
- This is a **casual event**, so you can choose who you play against or just explore the new cards on your own.

- At the end of the event, every player's name will be entered into a **random drawing**. Players will take turns picking from the prize pool in the order their name is drawn.

This is a great way to experience the set early, meet other players, and have fun in a relaxed environment!

Matched Play Tournament

In this tournament, all players will start with **6 Booster Packs**

Before the event begins, you'll have **30 minutes** to make a sealed deck out of your booster packs.

- **Between rounds**, you are allowed to make further changes to your deck using the cards you opened, but **no extra time** will be provided for this.

Tournament Structure

- The tournament will use a **Swiss format with 3 rounds** (everyone plays all 3 rounds).
- Each round is a **best-of-one games** match.
- Pairings will be handled through **Ravensburger Play Hub** (the official tournament software).

Prizes

- Prizes will be awarded to the **top 50% of players** based on their performance.
- The prize pool has both a **higher** and **lower** limit compared to other formats.
