COMMS CLOSED

NEKOSTECK

HIGHLY RECOMMENDED

Artistic freedom allows me to better exploit my abilities.

 **NSFW ILLUSTRATION \$---** 

Full details, shadows, lights, clothes, whatever you want, any species, any gender

 *Important: these commissions come with a drawing as a gift, more details*

below 

Extra characters +\$--- (Maximum of 2 characters in an illustration)

Body parts do not have extra charge.

- By body parts I mean characters cut in half with only their genitals showing, as in the second example.
- will cease to be a “body part” when too much detail is requested in the design of the body, face, hairstyle, or if a large part of the character is visible.

-,\` IMPORTANT \`,`-

Currently the price of these commissions is the maximum price you can pay in my [Furaffinity](#) auctions, people who pay the maximum (AB - AutoBuy) get a reward of getting a free drawing as a thank you. If you have the opportunity you can visit my furaffinity page and check if any of the auctions are active, if so you can bid and hopefully you can get the drawings for less money.

In the same way, in case you have an idea in mind, and you want to get a commission, you can reserve the slot paying it (practically for the maximum price you can pay in the auctions) and get the same benefits, ***a free drawing as a thank you.***

The free drawing, is totally with artistic freedom and is not promised to be delivered immediately, so I will take the time I want to do it, on the other hand, it is strongly requested that if you buy the commission, do not expect a super elaborate drawing or with very high expectations, I usually use the free drawings to practice things, colors, perspectives, besides it is a small detail that I offer to provide the best quality to customers.

-,\` EXTRA DETAILS - T.O.S \`,`-

- I highly recommend that you let me draw humanoid genitalia. I don't like to draw canines, but if that's what you really want, I'll do it anyway.

- I am not going to draw extreme/illegal fetish, or real feral animals (If you want it the price will be +%1000)
- I don't do private drawings, if you want to commission me, I am free to publish them whenever I want. (I accept money as a bribe, but we talk about it in private.)
- My average drawing time is approximately 2 weeks, you can take this into account when calculating your commission time. Don't forget check my [Furaffinity Queue](#)
- When making a payment via PayPal, do not include words such as "NSFW" or obscene words in the payment notes. Only include your contact name without the @ symbol. This helps us to always know who the commission belongs to.

- ` REFUNDS ` -

- Payment must be made in full to reserve the slot.
- Once the payment has been made, you have 10 days to repent and request a refund. During those 10 days if the drawing was not initiated, the money will be refunded in full.

After those 10 days, the refund cannot be requested.

as I am currently a full time artist and my life depends on it, therefore I will most likely not have the money to pay it back, and beyond that it completely destabilizes my schedule and my future plans.
