https://knoxkicksmedia.wixsite.com/kicks Knox County Kids Succeed (KiCKS) is a Scholarship program for extra-curricular activities such as dance, martial arts, etc. Things that are not typically available through the school system. The group's focus is to build awareness as well as raise funds to sponsor the kids. The goal this year is to raise $25,000 to sponsor 25 kids in 2025. If you know a kid that may need the funds for an extra-curricular event or if you know someone interested in donating, we'd be happy to connect you with Elizabeth Bonaudi or someone else part of the KiCKS group.

Knox County Kids Succeed

Who We Are

KiCKS started with a vision. It is held together by a group of people that care deeply for the kids of Knox County. We are supported by our community through sponsorships, grants, and pledges. The true foundations of KiCKS, however, are the kids involved in the program!

What We Do

KiCKS provides a means for children in our community to have experiences through martial arts, fitness, music, and dance. These experiences build character and foster both mental and physical health. We provide full and partial scholarships to the youth of Knox County to eliminate the financial obstacles that prevent participation. KiCKS currently partners with Lashley Training Center, Elite Preparedness, The Spotlight, and Tavaci to provide local kids with opportunities to participate.

KiCKS emphasizes community. We hope to show scholarship recipients that our community believes in them and wants them to succeed. In turn, we hope to see these youth grown into adults who will then give back to their communities.

How You Can Help

KiCKS is a 501(c)(3) non-profit, and we welcome you to donate to sponsor a child or volunteer your time to help our kids gain life lessons to succeed. We are currently seeking donors and sponsors who would like to sponsor a local child to participate in one of our partnered activities. If you are interested in making a recurring donation or a one-time donation, please contact (insert who and their info here).

Sometimes the organization itself will waive participation fees. If there’s a sport or activity your child is interested in, reach out to the contact person directly to ask if the organization waives participation fees or provides financial assistance.
