A Knight in Shining Armor

Paraphrasing will provide you an _____ understanding of what you're reading and give you the _____ to continue on to the end! Remember—reword, rearrange, realize, and restate after each sentence, pairs of sentences, or paragraph.

How are characters represented according to historical context?
-

How does figurative language affect the tone of a literary text?
-

We Can Be Heroes

Consider how the _____ affected the excerpt from Sir Gawain and the Green Knight. It included the _____, the _____, and the _____ of the Medieval Age. As a result, the _____ and _____ are also affected. They abide by the _____ of society at that time. What do today's heroes act like? Instead of knights, kings, and castles, what does today's society rely on to define the hero archetype?

Building Background—The Code of Chivalry

Take a look at the code of honor that defined a hero in the Middle Ages (according to the Song of Roland). How many of these characteristics are still considered valuable today? Which traits were possessed by Sir Gawain and King Arthur in the excerpt of Sir Gawain and the Green Knight?
as centuries (or even just decades) pass, our definition of the hero archetype changes and evolves. Do all heroes wear capes (or armor)? What is a hero to you? What is the code we apply to heroes today? It's your turn to create a definition of your own.

Assessment

Review the rubric for this assignment and complete the [03.09 Advanced Chivalry Isn't Dead](#) worksheet.
Submit your completed worksheet to **03.09 Advanced Chivalry Isn't Dead**.
