

CAMP OKAVANGO

OKAVANGO DELTA - (NG 21) SHINDE CONCESSION

Botswana's magnificent Okavango Delta, the world's largest inland delta, is a maze of deep lagoons, large lakes and hidden, meandering channels. During the annual flood season the Delta covers a vast area of over 16,000 km² before shrinking to less than 9,000 km² in the dry season. Trapped in a basin of parched Kalahari Desert sand, the freshwater oasis attracts wildlife that depends on the permanent waters of this unique environment. Camp Okavango, an enchanting and authentic African safari lodge situated on the remote Nxaragha Island at the heart of the permanent Okavango Delta, assures an unparalleled year-round water wilderness experience.

OVERVIEW

12 rooms

24 guests
