

[brown noise // sci-fi beep // robotic voice] Commander Zahra needs you for her daily feedings. She is summoning you to her private chambers. Best not be late. **[sci-fi travel noises and new beeps until door]**

Did any of the crew see you enter here?...It doesn't matter. They already suspect we are hooking up, as long as the reason why stays secret then let them speculate. It was hard enough for me to make commander for Earth since I'm from Vunziri. If how I feed reached the crew, I don't know what would happen. It would be a toss up of people wanting me stripped of my rank and marooned on some desolate planet or they would be lining outside of my private quarters in order to be "fed" upon. That's why this is a need to know basis. You and Dr. Loz are the only two people aboard this ship that know that I feed off of sexual energy. It's going to stay that way too, isn't it?...Good. Here, drink this, undress, and get comfortable. Once this starts, it doesn't stop. Something you are all too familiar with. **[chuckle]** Now drink up for me.

[gulping sfx // shuffling] It's the stuff that Dr. Loz makes it easier on your body so that you can take all of me. Opens you up, makes sure you are nice and wet and horny. Everything that I need to survive and everything you need to cum. **[chuckle]** I know when you joined our crew you thought you would be exploring space, saving planets, and ending war. You had visions of grandeur and saving the galaxy only for your most important role to be someone I can feed off of. I'm sorry that it isn't fair to you. Even if it is fun and we both enjoy it, you wanted to be a hero. You didn't dream of having an alien woman fuck you every day. Didn't even dream of an alien girlfriend, I'm sure. How do you feel?...That's normal. It makes you feel like that at first, doesn't it?...That's what I thought. It's going to feel so good soon, focus on that. I always make you feel good, always make you cum. Plus, don't you love the feeling of my cock sliding inside you?

...**[chuckle]** It's starting to take effect. Do you even realize that you spread your legs for me?...**[chuckle]** Someone seems to be getting needy. Do you want me to help you, babydoll?...I can help you if you give me your hand. May I have it?...So good for me. I want you to feel how hungry I am. How badly I need you, babydoll. Go on and stroke both parts for me. Mnf, that's it. Give the little one on top some love too. Mnf, that's it. Do what feels natural. Ngh, that drink Dr. Loz gave you must have been more potent than normal, behaving like a slut already. Fuck, babydoll. Where do you want my cock?...I don't understand movements. Use your words. Where do you want my cock, babydoll?...Good slut, how can I deny you when you ask for it so sweetly?

[wet noises start // chuckle] You always make that noise when I first enter you. Such a sweet little noise of relief like you are getting what you need. Fuck, so wet today, babydoll. I'll have to ask Dr. Loz to make the drink this way again considering what a slut it turned you into for me. I love it. Ngh, fuck. So good. Feeding me just like I knew you would, dollface. Mnf, that's a good slut. Taking it so well. I know how much you love how the top part of my cock moves independently from the part inside you. The way it plays with you while I fuck you. You don't even have to move your hands, you can just be a pillow princess for me. Ngh, that it's. Feel so fucking good wrapped around me, babydoll. Can't get enough of this fucking hole of yours. Can't get enough of you and how well you feed me. Moan for me, slut.

Mnf, more. Give me more, babydoll. Fill me up more. I'm so hungry. I'm starving, dollface. Part of my cock is stroking you while the other part is fucking you. You feed me so well. Give me everything I need. I can take and take and take as much as I want from you and you will always give me whatever I ask, won't you, babydoll?...That's what I thought. Ngh, with that concoction in your system, you are more than agreeable to everything, aren't you? **[chuckle]** That's okay, dollface. That's why you were chosen to be my feeder. Your tests showed you would be the best candidate for me and considering how easily you cum for me, I would think you enjoy this part of your job as well. It's part of your duty to your planet to take Vunziri cock. Mnf, right there. Taking it just like a good soldier would, aren't you, dollface?

...Keep it up. Just like that, babydoll. Keep it up, I want you to cum. You know making you orgasm is how I keep fed. An orgasm a day keeps the starvation away. Ngh, give me more, dollface. I'm so hungry, I'm only starting to feel that gnawing sensation go away. Feeding me just like a good slut would. Taking me so fucking deep as well. Just when I think I've entered all the way, you slide me in just a bit deeper. Taking more and more of me just like a proper slut should. Mnf, look at you. So fucking gorgeous spread out underneath me. Making the lewdest fucking noises and the prettiest fucking faces. Ngh, I could stare at it forever. Watching your body contorted in pleasure from my own ministrations against you. Does it feel better to be getting fucked or to have something playing with you? **[chuckle]** I should've known the answer with how quickly you drank down your little horny drink. Is this the best part of your day, babydoll? Because I thought you wanted to be a hero, had visions of grandeur, serve your country and save the galaxy. All that stuff they sell you at the intergalactic training stations but I'm starting to think you've found purpose as my food supply. Ngh, would you agree with that?

...Mnf, come on. I want to make you cum. Need to make you orgasm. It's the only way I won't feel so hungry. I need to give you something extra, don't I? **[shuffling]** I've been ignoring your nipples for far too long. Every other sensitive part of your body is being paid attention to by my cocks, it is only fair that I use my hands to pay attention to your nipples. Taking them both in each of my hands and massaging them while I keep fucking you and making you moan. Be as loud as you need to, dollface. It feeds me more. Who fucking cares if the crew hears? They already saw you enter my corridors, they figure we are hooking up. Let them know just how well I fuck my slut. I want them to hear and be jealous of your pleasure, babydoll. I want them to be envious of you, to ask you how it felt, how good it was, and to be there as you fluster when you tell them how hard you came.

Ngh, that's what you needed, huh? Just a bit of extra attention to your nipples, a bit of pain from twisting to mix with the pleasure of my cocks. Should've known this is what my dollface needed in order to feed me. Mnf, they're so hard under my touch. Not like your soft hole, so welcome and open to taking me. Your nipples are begging to be played with and teased while your hole is begging to be fucked. Mnf, it's a good thing I'm up for the challenge of both. Going to make you cum for me, slut. If it is the only thing I do today, I'm going to make sure you orgasm while my cocks play with you. It's what you deserve after taking me so nice and deep inside you. Moaning so prettily for me, so needy for attention and to cum. Mnf, I'm getting fuller, the more you give me but you know what you need to do, dollface. You need to cum. You can do it. Cum for me, slut. My hands twisting your nipples mixing that spike of pain with the headedness of pleasure from my cocks taking care of you. Let go. Cum for me, babydoll. **[adlib into orgasm / being fed]** Considering I've sucked all your sexual energy, how are you feeling, babydoll?

..Well, the muzion is over there if you want something fancy to eat or drink, otherwise I'm bringing you some juice and fresh cute fruit. I made sure I had some stuff prepped in the fridge for you so you could get your energy back. I remember you mentioning that after you leave here you're always famished. **[chuckle]** It was the least I could do. You don't have to take care of me like this. It's not your duty to feed the Commander of the ship. But you do it anyway and it means a lot to me. Anything that makes it easier or more helpful for you, I'm willing to do since you sacrifice so much for me. Here, let me fetch it. **[shuffling]** No, you stay still. I'll get some snacks and then you can freshen up in the shower and be on your way. **[footsteps fade out]**
