Mods:

Ama Leigh (Head/Shipping Mod):

Hi! Hello! I am Ama Leigh, but you can also call me BunBun! I absolutely love the Fraldarius Family. They give me so many different feelings and emotions whenever I think about them. I have created so much lore with this family and screamed at my friends about it constantly. My favorite Fraldarius member is Rodrigue. I have worked as a shipping mod for many zines, including but not limited to, Golden Dearest: A Claudeleth Zine Vol 1 & 2, Angel of The Battle Field: A Mercedes von Martritz Zine, Operation Zine: A Spy x Family Zine. If you wish to see my whole zine experience, please go [here](#)!

Ellory (Writing Mod):

Hello, I'm Ellory. I'm a freelance writer that has re-joined the Fire Emblem fandom pretty recently and I'm very glad to be here again. I write recipes, craft stories, and like to try new things. Though I can promise you that as an editor for our writers, I will do my best to make sure each story comes out with its best potential! I have been involved with the zine community for quite a while, so please check out my modding experience [here](#). My favorite member of the Fraldarius Family is Felix. He's definitely prickly, but I tend to find joy in layered characters.

Work Process:

It will be required that contributors join the Discord Server since it's going to be our primary way to contact everyone, from check ins to announcements to everything in between.

With the schedule that we have created, it is vital that we remain on schedule. Contributors will be given about 2 1/2 months to finish their piece for the project. There will be three check-ins that are very close together, and a submission date.

Check In Schedules:

First Check In: October 7th

Artist/Merch: Sketch is Done

Writers: Outline/First Draft

Second Check In: November 4th

Artist/Merch: Lineart is done and Base Colours Done

Writers: 50% of Work is Done

Third Check In: December 2nd

Artist/Merch: Most of Rendering is Done, just final touch ups.

Writers: Mostly done, and ready for beta edits.

Final Submission: December 16th

Artist/Merch: All work done, saved as PSD file ready to submit.

Writers: Final copy is done and has been fully edited.

All check ins will be submitted via Google forms that will be sent out prior to the check in. For extensions, we will allow a five day extension, provided we are notified you need one **before** the final date.

Communication is key to us. If a contributor does not fill out the Google form or get in contact with us for a long period of time, we will assume that they have dropped out and are no longer interested in the project. If a contributor wishes to drop out they must contact a mod so that pinch hitters can be contacted. As for pinch hitters, we will do our best to compromise with what they can do to ensure that the work is done in a timely manner.
