ENGLISH VOCABULARY

The YEAR in English

Woodward's ENGLISH VOCABULARY

Years

Years are normally divided into two parts.

1984
nineteen eighty-four

1066 ten sixty-six
1652 sixteen fifty-two
1941 nineteen forty-one
2017 twenty seventeen

When a year ends in a number between 01 and 09, then that last part is pronounced as the name of the letter O + number.

1709 seventeen O nine
1901 nineteen O one

When a year ends in 00 (e.g. 1600), then the year is said as the digits before 00, and then hundred.

1300 thirteen hundred
1800 eighteen hundred

2000 - 2010

For the year 2000 you say (the year) **two thousand**.

For the years 2001 to 2010, we normally say **two thousand and + number**.

2001 two thousand and one
2005 two thousand and five
2008 two thousand and eight

After 2010

For the first years after 2010, you may hear two different versions.

2012 two thousand and twelve
2012 twenty twelve

They are both used and correct. Now, we continue to say the year divided into two parts as before.
