EUROPEAN HERITAGE DAYS SHARED THEME

The 2025 shared theme is

Architectural Heritage: Windows to the Past, Doors to the Future

This theme celebrates the rich diversity of buildings that surround us, exploring buildings and infrastructure of all styles and scales. From a heritage perspective, we can appreciate the design, scale, form, and decorative beauty, not only in the grand buildings and monuments of cities, but also in the streets and houses in which we work and live. Every village, town, and city has its own architectural heritage, reflecting local history, culture, and economies.

You can find out more information about the shared theme on the Doors Open Days [website](#).

Does your event/activity/venue link into the 2025 theme?
