Student Prep. List for Device Collection 2017 (Grades 5-7)

	Task
	Go to Google Drive and create a folder called: **“2018 Work”**
	While in the “2017 Work” folder, tap the **+** button and **upload** ...items that you want to keep. **Please do not upload more than 10 items at once.** Files created using Pages, Keynote or Numbers should be exported to Drive from the app itself.
	Go to **Notability** and turn on the setting, **“Sync to Google Drive.”**
	Go to **Explain Everything** and **export** ...projects to Google Drive. After you export, **be sure to move those items to your “2017 Work” folder.**

	Go to **Swift Playgrounds** and **upload** ...coding modules to Google Drive. This can be done using the “sharrow” in the top-left corner of the app’s home screen.
	Go through these apps and **export/upload/move** anything you would like to keep in the “2018 Work” folder: ❏ iMovie ❏ GarageBand ❏ Keynote ❏ Pages ❏ Photos > Camera Roll
	Student device turn-in date is: **May 31st.** On that day, you will need: ❏ Updated iPad ❏ iPad case **(w/ NAME)** ❏ Charging block ❏ Charging cable
