

Year 9 Spanish: Curriculum Intent		
<p>The MFL department aims to provide students with an excellent foundation in language learning through a skills based curriculum, building students confidence in the four skills essential to learning a language; speaking, listening, reading and writing.</p> <p>The Year 9 curriculum builds from the composite end point of Year 8, building on from forming opinions and reasons and giving introductory information . Pupils will learn how to describe food, making arrangements with friends, their summer plans and their preferences</p> <p>A range of knowledge and skills will be developed throughout each unit with repeated practice. Key structures sequenced through each topic so that via the constant repetition of familiar concepts with increasing complexity, our pupils will be able to make links between each area to develop their understanding of how Spanish works.</p>
