Mission Statement

The Blaine County Sheriff's Office (BCSO) is committed to safeguarding the community by actively maintaining and updating records of outstanding warrants and Be On the Lookout (BOLO) alerts. These tools serve as vital resources in identifying, locating, and apprehending individuals wanted for crimes or linked to ongoing investigations.

- Active Warrants include names, identifying details, and charges of individuals currently being sought.
- BOLO Alerts notify deputies, partner agencies, and the public of persons, vehicles, or other subjects of interest requiring immediate attention.

Community awareness and cooperation play a critical role. Citizens are strongly encouraged to report any information related to active warrants or BOLOs to the Sheriff's Office promptly. Anonymous tips are welcomed and may directly contribute to arrests that enhance public safety.
