Model motion to support Organise Now!

NAME OF UNION/ORGANISATION DECISION MAKING BODY notes the important work of Organise Now! in providing support to workers across our economy that want help organising an active union at work.

In the last two months, Organise Now! has recruited 140 volunteers who have supported workers from hospitality, health and social care, education, IT and waste & recycling. Despite the current period of increased strike action and the most positive attitudes of trade unions for decades, union membership across both public and private sectors had declined to only 23.1% in 2021. We urgently need to realise the potential and seize the opportunity of this current moment, growing our movement and organising as many workers as possible into active trade unions at work. This means we must leave no worker left behind.

- DECISION MAKING BODY believes that building the trade union movement improves the lives of all workers, including those in our own organisation.
- DECISION MAKING BODY is aware of the huge potential of this project and the incredible success of its sister organisation Emergency Workplace Organising Committee (EWOC) in spreading unionisation in employers like Starbucks, Amazon and Trader Joe's.
- DECISION MAKING BODY congratulates the founders of Organise Now! Bakers, Food and Allied Workers Union (BFAWU), Strike Map, and Notes from Below in creating and funding this project. Executive is aware that Organise Now! is volunteer run and has limited funding from BFAWU, but relies on the selling of merchandise and donations from both organisations and individuals in order to maintain this project and to support unorganised workers.
- DECISION MAKING BODY agrees to donate £AMOUNT to Organise Now!

- DECISION MAKING BODY agrees to add our organisation's logo to all promotional material of Organise Now!
- DECISION MAKING BODY agrees to write to all members, reps and local branches to promote their involvement in Organise Now!
