

Rights and Legal

I retain the right to refuse service to anyone.

Furthermore, failure to communicate will result in termination of the commission process (as expressed in the Commission Process tab.)

Your rights to my art:

You retain the right to post my artwork on your social media with proper credit, as well as use it as reference for further commissions. (@foreshadowingsolace on tiktok, toyhouse, artistree, and most art platforms.)

Adopts

Adopts may be altered, resold, traded, and redesigned to the desire of the owner. I expect full credit to be retained for my design.

For professional Species Designs I created:

If you decide to transfer a species design I created, I must be notified of the transfer. The new owner must also maintain the credits for my work. Alterations to the species are the choice of the owner, but credit must be maintained.

Legal Disclosure:

All rights to the art I create, including commissions, belong to me. You may neither sell nor exchange my art in any form, physical or digital, print or NFT, under any circumstances unless you have my express written permission AND you have paid for the rights to do so.*

You may not use my art in any published material, even free material, on any online or physical marketplace.

You may not alter my art or remove my watermark.

In addition, any art I create is my own. I retain the right to use the commission pieces as examples in my portfolio and post them on my socials.

*If your character is traded away or sold as its own separate item without profiting off of my artwork, you don't need to email me for permission. Make sure that the new owner keeps my proper credits.

I will/I won't

I will draw

I am open to trying to draw any and all creatures so long as you are alright with lack of experience on certain types (such as mechs and humans).

With the exception that I do not draw characters that *do not* belong to you or someone you are purchasing art for.

YOUR characters in these fandoms

- Warriors
- Rainworld
- Wings of Fire
- Watership down
- Similar fandoms

Mature themes*

- Gore/violent scenes
- **Dark themes**
(Death, smoking/alcohol, etc.)**
- Non-sexual nudity

***I will only accept mature theme commissions from verified 18+ individuals.**

****While I am willing to draw certain mature scenes, I will not draw or promote abuse or disrespectful portrayals of struggles.**

I have a no sexual content policy.

I will not take sexual or suggestive content commissions including but not limited to:

- Fetish material.
- Suggestive posing and clothes.
(e.g. Pin-ups, unbuttoned pants, large bulges, nipples through shirts in suggestive themes, fetish gear, etc.)
- Nude art of minors or characters that look like children.
- Zoophilia or suggestive poses on animals.
- Heavily intimate scenes.
(Heavy makeout sessions, nude cuddling, etc.)
- Actual sexual acts.
(Cropped porn, full porn, open female genitalia or erect male genitalia, sexual objects as props, etc.)

Requests to do these will result in a decline and block depending on the severity.

Commission Process

Upon commission request being received:

Depending on the platform your request is sent, expect a 1-3 day response time. I am most active on discord and tiktok, but am also a very active person and often outdoors, not at my pc.

I will send you my [commission form](#) so I can review your desired commission and give you a proper quote. I will use your preferred form of contact to reach out to you to confirm details.

Payment

Payment can be sent upfront after we have agreed to the quote and details, or in full after the initial sketch has been approved by the commissioner.

I will continue to provide updates and progress images through the process, which will be heavily watermarked until full payment is received.

I only take payment upfront on sketch commissions.

Commission timing and communication

Upon confirmation of commission (through payment or awaiting rough sketch), please allow up to 3 days for me to plan and have time to practice some poses and ideas.

I expect clear communication from you as a commissioner, with the understanding the time it takes me to complete your commission will heavily be impacted by your ability to confirm you're happy with the progress. I will wait for confirmation of progress for 3 days, then reach out again. If I have not received a response within 7 days of the first message, I will terminate the process. Exceptions are natural disasters and emergency situations.

I will alert you if anything is preventing me from working on the next step in your commission with an estimation of days that it will be delayed (I live in a heavily tornadic area, so storms can cause issues.)

Please allow a 24 hour window between progress updates minimum. If you choose to spam me with messages asking for updates multiple times a day, I will give you one reminder of the process before I decline the commission (with a commission fee of 25% minimum depending on progress on the piece.)

You will receive whatever I have completed, but I will not continue the process.

Requesting alterations

The following process only applies to commissions that are not rough sketches.

Rough sketch

This is the step in the commission process that is easiest to adjust.

For large detail changes, such as poses, I will provide up to 3 adjustments before I request you choose one provided. This is the only point in the process I am willing to make major detail changes to the body or scene before effort is made to polish it.

Cleaned sketch

This is where the body details have been polished and confirmation that all necessary body details have been added (such as horns, paw type, muzzle shape, etc.) I am willing to make as many small adjustments as needed to the image in the first message, and will do up to 3 confirmations to make sure all details are added.

Coloring

This is the point in the process I am past adjustments. I will correct coloring and patterns, but will not be adjusting body or posing past this point due to the way I layer and draw. I will offer another 3 confirmations on patterning and color correction.

Rendering

By this point in the process, everything has been confirmed as good. I am willing to do micro adjustments to the rendering process such as deepening shadow or adjusting color in small areas, but will not be adjusting anything else. If you failed to confirm missing mistakes before this point, it is solely on you.

Other Information
