

I strongly recommend listening to the full song before choosing a part to get a good feeling of the vibe for the MAP.

Rules:

1. You must have watched at least some episodes of The Owl House. No OC's please.
2. The MAP is unscripted so you can choose to do whatever scenes you want. (Though I think it would be neat if parts 1-2 was Eda finding/adopting King on his island and 3-6 was Luz at school on Earth, then discovering Owlbert and following him through the portal to The Demon Realm, but again this is unscripted so you don't have to) Some events will probably be out of chronological order, but I'm fine with that.
3. Please use the character designs from the show. If you don't like/struggle drawing people you are allowed to draw the characters as animals or dragons, as long as they are easily recognisable.
4. All art must be drawn by you: no stealing other people's art and no editing actual clips from the show.
5. Can be AMV (fully animated) or PMV (preferably with tweening or some small movements) or both.
6. You may add a green screen to your part, but only at the end please. (If you put it at the start and the person before you puts one at the end, there'll be chaos!) If you do add a green screen, please make your part a little bit longer at the end, as this makes editing easier.
7. If you'd like to collab with someone, go ahead! Please give me a link to their channel so I can credit them too ^^

8. Add music to your part if you can: if you can't, don't worry because I'll be adding it anyway. Length of parts is shown in the video, so try to get them as close as possible.

9. Shading is preferred, but optional. You must draw a background (don't just leave it blank) Please make your part fullscreen.

10. DON'T ADD LYRICS.

11. Don't add your channel watermark: I will do that for you. Program watermarks like Flipaclip are fine! If you're able to get rid of them that would be great but if you can't that's ok.

12. Max 5 parts each.

13. When you're done, please upload your part to your channel and tell me when you're done (I'm not in the habit of regularly checking channels.)

14. Deadline will be set for 2 months after all parts are taken and 1 month extensions will be given if needed. If you need to drop out, don't be afraid to tell me. You're not selling me your soul by joining and are free to drop out anytime: I won't be mad or disappointed, I just need to know! (You are also not required to tell me WHY you need to drop out as it may be a personal reason) If the deadline arrives, I will give you extra time and reminders. But if you don't respond to either, then I will have to kick you out.

15. Parts will be chosen in 2 days' time to be fairer for people who don't see my videos until much later in the day. Asking for multiple parts increases your chances of getting one (you don't need to post multiple comments though) Not first come first serve. Don't start working on a part until I've told you it's yours: if you complete a part I gave to someone else, I won't be able to put it in the finished MAP.

16. To prove you've read the rules, tell me what scene(s) you're using. If you're not sure of a specific scene you can also tell me what character(s) your part focuses on. (I'd like to try and avoid having the same scene repeated multiple times if possible.)

About backups:

1. Backups will be contacted in the order listed in pinned comment (unless someone specifies they're only interested in a specific part)
2. If I offer you a part but you don't want it or no longer have the time, you don't need to force yourself to take it: I won't be mad if you tell me no.
3. Backups will have one month to complete the part from when the part is offered and accepted. (Extensions will be given if necessary)

For Flapjack.
