[6] Education and Research (ED)

[6.6] The ratio of sustainability research funding to total research funding (ED.2)

Description :

Total research fund

	2021	2022	2023
Internal research (FF)	311,764.71	232,647.06	268,352.94
External research	205,882.35	400,000.00	574,519.41
Total research fund	517,647.06	632,647.06	842,872.35
The total research fund dedicated in the last 3 years	1,993,166.47		

Total research fund dedicated to sustainability research

	2021	2022	2023
Internal research (FF)	237,705.88	135,723.53	156,150.00
External research	205,882.35	333,823.53	472,419.41
Total sustainability research fund	443,588.24	569,547.06	628,569.41
The total sustainability research fund dedicated in the last 3 years	1,541,704.71		

The total research fund dedicated in the last 3 years = 1,993,166.47 US Dollars

The total research fund dedicated to sustainability research in the last 3 years = 1,541,704.71 US Dollars

Calculation formula : $(1,541,704.71 / 1,993,166.47 * 100) = 77.34 \%$

Formula:

$$\frac{\text{Total research funds dedicated to sustainability research}}{\text{Total research funds}} \times 100\%$$

The ratio of sustainability research funding to total research funding : 77.34%

$$\frac{513901}{664388} \times 100\% = 77.34\%$$
