

Fuk da polis

Dear USER,
You are Carmelita Fox.

You have dark hair and a serious nature.

Being famous for your escapade and criminal catching affairs while on the hunt for the elusive thief, Sly Cooper, you have been called into action by the European Police. Your skills and assets are very valuable to their mission, and as such you are determined to prove your worth.

It is a good thing you always carry your rusty trusty shock pistol to take care of criminals. You will be using it in your mission the criminals of Paris by sending a PM to Acklow and Walrein labelled, "Night X - Shooting USER with shock pistol." You will shoot your shock pistol at USER, preventing USER from stealing items from other people.

You also have a good eye for finding thieves, being a fox and all. As such, if you ever spot a thief, you can send a PM to Acklow and Walrein labelled, "Night X - Caught a USER red-handed." You will discover USER's appearance and whatever items USER may be holding.

You know that there is another person who is a part of the European Police who has brown hair and a sexy nature. If only one of you sends a PM at night labelled, "Night X - Lay down justice on USER," you will immediately kill any criminal. However, if you target a civilian, you will simply arrest them instead so they can be tried at the local courts. If both of you send this pm, this action will fail.

You are holding a (finger quote) Laser (finger quote). You aren't entirely sure what this (finger quote) Laser (finger quote) does, but you know it would be abused if it fell to the wrong hands.

You are a member of the European Police. You win if you kill all the criminals.

Dear USER,
You are Austin Powers.

You have brown hair and a sexy nature.

It is obvious to most people that you aren't their regular kind of guy. No, you are in fact their sexy kind of guy. People just can't resist you baby. That's why the European Police called you up while you were out shagging Felicity, groovy baby!

One of your greatest assets, which is fairly obvious, is your mojo. No lady can resist it, and there are even a few men who would become gay just to experience the shag of The International Man of Mystery. Because you are irresistible, you can send a PM to Acklow and Walrein labelled, "Night X - When I get groovy with USER, sparks fly baby!" USER will instantly fall under a trance because of your sexy looks. They'll be too busy shagging that they won't realize their other priorities (i.e. their actions for that night).

Since people often fall victim to your massive amounts of charisma, you often times can get a good look at them, groovy! Of course, you will need your glasses to see them, but hey, glasses only make you sexier baby! When you want to look at a person, you just send a PM to Acklow and Walrein labelled, "Night X - USER thinks my glasses and mojo are sexy baby!" You will put on your glasses and look at USER's appearance.

You know that there is another person who is a part of the European Police who has dark hair and a serious nature. If only one of you sends a PM at night labelled, "Night X - Lay down justice on USER," you will immediately kill any criminal. However, if you target a civilian, you will simply arrest them instead so they can be tried at the local courts. If both of you send this pm, this action will fail.

You are holding a Beak. It's been said that this can be used as a loudspeaker, so you can send a PM to Acklow and Walrein with a message no longer than 300 characters in length. This message will be included in the update the following day. You also know

that if this Beak fell to the wrong hands, it could very well be used for malicious purposes.

You are a member of the European Police. You win if you kill all the criminals.

Viva la Cooper

Greetings Band of Thieves. You must be wondering why you were summoned here. Let me tell you first hand that your mission won't be simple, although it is simply said. Clockwerk was once your archnemesis and an evil megalomaniac bent on obtaining the Cooper secret techniques and erasing the Cooper family from history altogether. As such, your goal is simply to gather all five Clockwerk Pieces. This should prevent any attempts of him being resurrected.

In your group there are three of you, each specializing in unique trades:

Sly Cooper - The persuader and master thief.

Bentley - The silencer and computer hacker.

Murray - The bodyguard and THE MURRAY.

Each night, one of you may send in a PM to Acklow and Walrein labelled, "Night X - Taking stuff from USER." You will take any and all items off of target USER. Unfortunately you will leave behind a clue to your appearance in the update.

You also know that Queen Elizabeth, Andrew Carnegie, and John D. Rockefeller are not in this game.

Dear USER,

You are Sly Cooper.

You have dark hair and a sexy nature.

The Cooper family was slaughtered when the Fiendish Five raided your manor on that fateful night. Following the defeat of Clockwerk, you placed all five pieces away for safekeeping. Unfortunately they have been discovered by the elite of society, and are currently be used for dangerous deeds. As such, you and your Band of Thieves have set out to recover the Clockwerk parts.

Being a thief is difficult work, and sometimes requires you to use disguises in order to make a point to other people - especially the law. Because of this, you must use your cunning to talk people into agreeing with you, and as such you can send Acklow and Walrein a PM labelled, "Night X - My disguises makes USER1 think I'm USER2." You will put on such a great disguise that USER1 will be persuaded into voting for USER2 the following day. Unfortunately you cannot persuade silenced users.

You are holding the Cooper Cane. Being the Cooper trademark tool of choice, it can be used to steal an item from any unsuspecting person by sending a PM to Acklow and Walrein labelled, "Night X - Use Cooper Cane on USER." You will steal one, and only one, item from target USER. You will not leave any trace in the update.

You are a member of the Band of Thieves. You win if the Band of Thieves assemble all five Clockwerk Pieces.

Dear USER,

You are Bentley.

You have no hair and a mild nature.

The Band of Thieves would be lost without your genius. You are a genius in a wide variety of topics, from engineering to technical to explosives to video games. Yes, you are a true nerd at heart, but in reality Sly and Murray require your nerdiness in order to succeed in heists. As such, you are an important member in the Band of Thieves.

Due to your massive IQ score, you require little to no effort to research the proper techniques in getting around your foes when they surround you. As such, you carry a crossbow with special darts that paralyzes your targets which you shoot by sending Acklow and

Walrein a PM labelled, "Night X - For my dart is the dart that will pierce USER." USER will instantly be put to sleep by your dart and will be unable to speak the following day.

You are holding Sharks with Lasers. I mean, throw me a bone here!! You ordered mutated sea bass, and all you got were sharks with lasers on their heads? You don't know how to use Sharks with Lasers, but you do know that if they fall into the wrong hands, they could very well be used for malicious purposes.

You are a member of the Band of Thieves. You win if the Band of Thieves assemble all five Clockwerk Pieces.

Dear USER,
You are Murray.

You have no hair and a brave nature.

You. Are. THE MURRAY!!! When it comes to fights, you'd rather use your brawn rather than your brains. I mean, who needs brains when theirs are smashed through their skulls? Being THE MURRAY, you get to do some of the tougher missions, like fighting swarms of evil minions. That's why you are so important to the Band of Thieves - they need, THE MURRAY.

THE MURRAY's toughness is unmatched in battle. And when it comes to toughness, you know that THE MURRAY will succeed. So whenever your friends need you, you can send a PM to Acklow and Walrein labelled, "Night X - THE MURRAY protects his friend, USER." You will effectively use your muscle and bulk to prevent USER from being arrested or killed.

You are a member of the Band of Thieves. You win if the Band of Thieves assemble all five Clockwerk Pieces.

(finger quote) League of Evil (finger quote)

Konichiwa (finger quote) League of Extraordinary Criminal Minds. (finger quote) You must be wondering why you were summoned here. Let me tell you first hand that your mission won't be simple, although it is simply said. Super Spy Austin Powers and the lovely women who accompany the International Man of Mystery have done a good job scattering many of Virtucon's assets. Taking over the world is hard without these assets. As such, your goal is simply to gather all five Virtucon Developments. This way, you'll be ready to make the leaders of the world beg on their knees to spare them from your evil.

In your group there are three of you, each specializing in unique trades:

Dr. Evil - The hooker and evil villain.

#2 - The bodyguard and CFO.

Mini Me - The kidnapper and clone of the evil villain.

Each night, one of you may send in a PM to Acklow and Walrein labelled, "Night X - Taking stuff from USER." You will take any and all items off of target USER. Unfortunately you will leave behind a clue to your appearance in the update.

You also know that Charles Barkley, Elvis Presley, and George Washington are not in this game.

Dear USER,
You are Dr. Evil.

You have no hair and a sexy nature.

If you were to have anything, you would have the world!! Yes, even Goldmember, that dutchy Dutchman, is jealous of your infinite amounts of evil swag. And no, it's not "Mister" Evil, it's DOCTOR Evil. You didn't go to evil medical school for six years just to get called "Mister" Evil. Since you are the epitome of evil, you have assembled evil minions to help you in your plans of spreading evil through the world through evil deads, forming the (finger quote) League of Extraordinary Criminal Minds. (finger quote)

Although neither of you knew it, you are the brother of super spy, Austin Powers. Therefore, you inherited the same sexy genes that Powers did from his father. It's thanks to this, you can send a PM to Acklow and Walrein labelled, "Night X - Oh snap, USER is getting sexy with me." USER will be unable to resist the charm you hold deep inside you and will refuse to use any of their actions or items this night.

You are a member of the League of Extraordinary Criminal Minds. You win if the League of Extraordinary Criminal Minds assemble all four Virtucon Developments.

Dear USER,
You are #2.

You have brown hair and a sexy nature.

You are Dr. Evil's most trusted advisor. It has always been in your interest to legitimize Dr. Evil's enterprise by investing in firms and companies. At one point in time Virtucon owned a large portion of Starbucks. Making money for Dr. Evil is a big deal! So that's why you have joined him in the (finger quote) League of Extraordinary Criminal Minds. (finger quote)

Since you have a tendency to make money legally, you often times attempt to protect Dr. Evil's assets by legitimizing them. It's one of these reasons that Dr. Evil seems to keep you around, although contradictory to everything that Dr. Evil stands for. In any event, whenever you feel the need, you can send a PM to Acklow and Walrein labelled, "Night X - Invest in and protect USER's assets." You will prevent any crime-fighters from killing or arresting USER. You can only target yourself once every other night.

You are a member of the League of Extraordinary Criminal Minds. You win if the League of Extraordinary Criminal Minds assemble all four Virtucon Developments.

Dear USER,
You are Mini Me.

You have no hair and a mild nature.

When Dr. Evil ordered for a clone to be made of himself in 1969, his minions did not fail to deliver. You are the result of their cloning project, although you stand one eighth the height of Dr. Evil himself. Contrary to how Dr. Evil acts, you tend to remain silent, only communicating via body language and high pitched squeals and noises. Because you are Dr. Evil incarnate in miniature form, you are a staple to the (finger quote) League of Extraordinary Criminal Minds. (finger quote)

Unfortunately for you, your small stature makes you easy to pack into a suitcase. As such, you are out to get revenge on anyone who even thinks of doing so. So whenever you decide you want to, you can send a PM to Acklow and Walrein labelled, "Night X - Weeeeeeeeeeeee USER." You will stuff USER into a brown cloth bag, kidnapping them promptly for the duration of one night..

You are holding a Heart. A heart is what the tin man ordered, but this Heart is a bit too big. You don't know what to do with it. You also know that if this Heart fell to the wrong hands, it could very well be used for malicious purposes.

You are a member of the League of Extraordinary Criminal Minds. You win if the League of Extraordinary Criminal Minds assemble all four Virtucon Developments.

Da Monies

Dear USER,

You are Mark Zuckerberg.

You have brown hair and a sexy nature.

You are Mark fucking Zuckerberg. You own Facebook. And you know pretty much every damn body. That's what social networking is after all, isn't it? That's why you are a part of the Rich and Famous.

Since you are the owner of Facebook, you can stalk the photos of any person in the world. As such, you can PM Acklow and Walrein, "Night X - Oh, well if USER looks like that..." You will fap to the appearance of USER.

People are also easy for you to identify since you are the owner of Facebook and all. You can PM Acklow and Walrein, "Night X - That USER would look hotter if we could see them more." You will remove any and all censors from arrested USER, displaying their role for all to see in the update.

You are holding Project Vulcan. Why anyone would want to use an overly large-sized drill is beyond you. You don't know how to use Project Vulcan, but you do know that if they fall into the wrong hands, they could very well be used for malicious purposes.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Bill Gates.

You have brown hair and a serious nature.

At one point in time, you were the richest man in the world. Some Mexican business tycoon is richer than you now, but you still retain fame because of your past fortune. Owner of Microsoft, you are automatically considered one of the Rich and Famous.

Microsoft, once your greatest handiwork, has become overshadowed by companies like Google and Apple, sadly. Secretly, you plan on following Samsung's footsteps by making clones and fake copies of other big products (don't tell anyone!!!). Thus, at night, you can PM Acklow and Walrein, "Night X - Manufacture an item." In the body of your PM, you can describe an item which you desire to create. You may include any kind of flavor to go along with it. The item will do nothing at all, and nobody except you know this.

You are holding a (finger quote) Tractor Beam. (finger quote). Obtaining a (finger quote) Tractor Beam (finger quote) can be quite a tedious task and requires loads of wealth to maintain. Luckily that is not an issue for you and as such any items you hold besides the (finger quote) Tractor Beam (finger quote) cannot be stolen or swapped. If it were to get into the wrong hands, however, you know it could be used for malicious purposes.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Prince Harry.

You have dark hair and a brave nature.

The monarch-next-in-line, you are the heir to the throne of the long lived British Dynasty. Some say you have bad teeth-aw fuck I don't even know what I'm talking about. It doesn't matter anyways because you are Rich and Famous and that isn't a problem a man of noble blood even needs to worry about. Let the peasants deal with that.

Unlike most people that are wealthy, you are secretly a pack rat. You enjoy holding onto everything you get your hands on. Any thief that attempts to steal from you will only be able to steal one item at a time.

You are holding a pair of Eyes. They seem to be glaring at you. You can use these eyes to augment your vision; in doing so you can PM Acklow and Walrein, "Night X - Pierce USER with 20/20 vision.". You will be able to discern USER's appearance. You also

know that if the Eyes fell into the wrong hands, it could very well be used for malicious purposes.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Andrew Johnson.

You have dark hair and a serious nature.

When people think of the worst president in history, they think of George W. Bush. When they think of the second worst president, they think of you. Luckily you are not the worst president because if you were you'd do something worth impeaching over... Oh wait, you [i]were[/i] impeached... Damn.

Having been one of the worst U.S. Presidents in history, you have become working as an underground vigilante. You are like a Robin Hood for the Rich and Famous, taking things from the poor and giving them to the rich because, well, because you can! This is why you can PM Acklow and Walrein, "Night X - I will take one item from USER and give it to the rich!". You will pick their pockets while they're busy impeaching you and will take one item they are holding. Due to the fact you are still a bit inexperienced, you will leave behind a trace of your appearance in the update.

You are holding Wings. You can fly if you believe. Unfortunately you don't know what they do or what they are for, but you do know that if someone undesirable receives them, they may use the Wings for malicious deeds.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Benedict XVI.

You have light hair and a mild nature.

Lord have mercy on the souls that are allied with thee for they may be victim to attacks of the Enemy. Ye thy knowest much of the wisdom of the Almighty. For he has blessed thee with the authority of the Pope. The Rich and Famous may be sinners, but at least God the Father has shown his love upon them unlike the wretched scum that offend Him.

You are in possession of a Crane. Not the animal but an actual crane! At night you may PM Acklow and Walrein, "Night X - Swap items USER1 and USER2 are holding. You will swap any items a USER1 is holding with any items a USER2 is holding.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Warren Buffet.

You have light hair and a serious nature.

So for some reason you have a secretary that pays more in taxes than you? What is the government thinking? They let you, Warren Buffet, one of the richest men in the world, abuse loopholes to be super rich without feeling the consequences? How dare they! You are part of the Rich And Famous for that particular reason.

You are holding Talons. They are pretty sharp! You are unsure what they do but you do know that if they reach the wrong hands, they may be used for malicious purposes.

You are holding a Strobe Light. You may PM Acklow and Walrein, "Night X- The club can't handle USER right now." USER will be

so busy jamming that they will be unable to use any actions this night. Only those with wealth and power know how to use this.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Steve Jobs.

You have no hair and a sexy nature.

iknow that your icreation is one of the imost iinovative in the iworld. Being a iself-righteous iprick yet an igenius, you ipretty much are iawesome. imean, who can iblame you since you imade such an iaddictive iproduct? That's why the iRich and the iFamous want you to iwork for ithem.

You are holding the Looking Glass. You may PM Acklow and Walrein, "Night X - Look far and wide for USER.". You will find out USER's appearance and their role-type. Only those with wealth and power know how to use this.

You are a member of the Rich and Famous. You win if you arrest all living criminals.

Dear USER,
You are Abraham Lincoln.

You have dark hair and a mild nature.

Freedom is all you think about when people ask you about you jaw and beard. There's no doubt that you are one of az's undiscovered ancestors. Emancipating and proclaimating, it's @ll about luv & freedom 2day! You are considered one of the best presidents in U.S. history and as such the Rich and Famous asked you to join their ranks, which obviously you did.

You are holding an Umbrella. At Night you may PM Acklow and Walrein, "Night X - Cover USER from the fire and the rain." USER will be protected from anyone that would arrest or kill them. Only those with wealth and power know how to use this.

You are a member of the Rich and Famous. You win if you arrest all living criminals.
