Sports Uniforms

Introduction:

The CIS/Hawks sports uniforms are meant to be used for CIS practices and when students are selected to represent CIS at NECIS/DISNAC/NORDIC events.

While the CIS football teams participating in the local Danish League have to wear the [Skjold BK](#) jerseys*, our volleyball and basketball teams should use the CIS uniform for the Danish LEague games as well.

**The Skjold BK jerseys will be handed out before - and should be returned at the end of - each game by the coach or the team leader. If interested, the Skjold BK jerseys can also be purchased for an additional 250DKK.*

This is included:

When signing up for any sport (Football, Volleyball, Basketball, X-country/Track & Field), the student has automatically purchased a sport specific CIS/Hawks uniform - this is included in the registration fee.

- Football players get *shorts, jersey, socks*
- Basketball players get *shorts and jersey*
- Volleyball players get a *jersey* (as it is very individual if students want to use tights or shorts)
- Cross Country/Track & Field get a *jersey*
- Swimmers do the order directly with the swim coach! CIS/Hawks Swim caps are handed out at practice.

Tracksuit:

While we have different designs for jerseys and shorts in each sport, we have one CIS/Hawks travel tracksuit. This is optional, but highly recommended as teams very much prefer to attend school tournaments with a shared identity.

Tracksuits are *customized* with student name+last name on both jacket and pants. For that reason we order bulk orders twice a year: Mid August and at the start of January.

Link for August order [HERE](#):

January order: ***Please use Holdsport CIS webshop***

How to order:

Once registration for sports is over - we (Student Life Office) will attend practice and hand out the uniforms. We will bring age appropriate sizes for students to try and choose from.

We will have a small stock of jerseys to allow for new students to participate - if needed please contact the Student Life Office. (sports@cis.dk)
