Rep: Heather Vincent, Tammy Glover, Darcie Lewis, Jan Humphrey
PAC rep: Danny Wood

SAC:

Elections
SPF Ratings (School Performance Rating)

Needs from committee: Brainstorm for what we need our kids to do to motivate students to perform better…..SAT scores. SAT not needed for college

Our SPF score 47.7/100

OMHS emphasizes the expectation of a years growth for all students.

State expects 95% participation for the test
Committee talked about the scores and the block periods
Schedule about testing days….Can they be broken down and stretched out.

IDEAS for Test incentives:

-Day in the fall Montrose rec one day each oms/ ohs
-Built up activities before the test……momentum
-Cona Ice
-Raffle for each day
-Bounce house fun day
-High School? Food, cash, gift cards, field trip, Switzer, Ouray, Glenwood amusement park,

We need to worry more about the kids than the tests

-Parent night before the test night……

Importance of CMAS? How the school is rated.

Now and between the next meeting, think about High School motivation
