
Scan here to view the process of Northwood dismissal.
Mooresville Pioneer Practice Facility
N Indiana St
Dismissal Protocol: You will enter the parking lot from Carlisle Street and weave around the middle school and enter the back-parking lot of the high school. Once you have gone behind the high school and stop at the blue sign the map. Cars will begin filing in behind and make rows for dismissal. The first line to the right will be for cars that will be turning out onto Indiana St. and going right. The next line will be for cars that will be turning left out onto Indiana Street. These lines will alternate to make lines 3 and 4. You will need your car rider tag visible so that we can contact to have your child ready for pick-up. Please do not go past the green sign above. This blocks the entrance for any emergency vehicles.
At approximately 3:18pm, the first wave of cars will be dismissed to transition around the high school and between Northwood and MHS. Please pull up as close as you can so that we can dismiss as many cars as possible. Once those students have been dismissed, the next wave of cars will be dismissed and follow same procedure.
Please make sure you are in the correct lane, have your car pass visible, and be patient as we work through dismissal.
