

Season 1 of we are survivors

Episode 1:

It starts with us watching Jesse ride his bike around the town. Then suddenly, Jesse is swarmed by the undead.

Jesse: "What the fuck is happening?"

Jesse then tries to turn his bike around but falls off it. The undead are running at him. Jesse closes his eyes and prepares for his death.

Suddenly, a man grabs Jesse and takes him into the store.

Jesse: "What the fuck was that?"

The man: "How do you not know?"

Jesse: "I don't know, I've been riding my bike for hours."

The man: "You're lucky the dead didn't get to you before I showed up."

Jesse: "Explain."

The man: "Hours ago, the city was suddenly overrun by the undead. They were already around, but it just went bad"

Jesse: "Huh, how do I not know about this?"

The man: "Do you check the news, son? There were stories about this for months."

Jesse: "No, I don't usually check the news."

Then quickly, the undead enter. The man screams as he gets bit in the back.

Jesse then runs away out the back door and, upon leaving, he's cornered. Jesse then gets on the dumpster.

The dumpster is quickly surrounded. Then a girl is heard.

Girl: "Hey, up here!"

She pulls Jesse on top of the building.

Girl: "Come on!"

They then go to the edge of the building.

Girl: "We gotta jump to the next building."

Jesse: "Umm, I don't think I'm built like that."

Girl: "Then you're built for dying."

The girl then jumps to the next building.

Girl: "Come on!"

Jesse then jumps to the next building, almost slipping off the building, but he's saved by the girl.

Girl: "So, you got a name?"

Jesse: "Jesse, you?"

Girl: "Victoria, by the way. We got to jump through like 6 more buildings until we're at home base."

Jesse: "Aw, shit."

Victoria: "Just think of it as fun."

They then jump from building to building until they get to Victoria's home base, which is a building where they enter.

Bruce: "Sis, who's this?"

Victoria: "Jesse, I saved him. He was on top of a dumpster when I saved him."

Bruce: "Oh, so you're not gonna say hi, Jesse?"

Jesse: "Oh, hi."

Bruce: "Names Bruce, by the way."

Switches to Jesse's friends, Ryan, James, Sean, Maya, and Horatio, in a house in the suburbs.

Ryan is bandaging Horatio up.

James: "Do you have any idea where Jesse is?"

Sean: "I saw him outside in the city earlier as the city was overrun."

Ryan: "You know Jesse is tough as nails. I saw him shake off a broken arm, I saw him ride his bike with a broken leg. You know Jesse is alive; that boy is too tough to die like that."

Episode ends.

Episode Two:

Bruce, Victoria, and Jesse are sitting in the building.

Victoria: "How long do you think this place will last?"

Bruce: "Not another day. Quiet guy, get ready. We gotta go in a few."

Jesse gets up and suits up.

Victoria: "Now?"

Bruce: "You wanna live?"

Victoria: "Good point. Hey, Jesse, do you even know how to kill one of those things?"

Jesse: "Oh no."

Victoria: "Huh, just aim for the head and don't get bit."

Victoria then hands Jesse a pocket knife.

Bruce: "Enough with this, let's go."

Bruce then grabs a bat, and Victoria grabs a hatchet.

Bruce: "Jesse, me, and Victoria did this a lot, but you run out and we just kill, but first, we gotta get a count."

Victoria: "Done, 24."

Bruce: "What the hell, how did you—"

Victoria: "You know me, Bruce."

They all go out of the building and are rushed by the undead.

Bruce: "Stay back to back."

Bruce kills one, Victoria kills one

Victoria: "Your turn, quickly."

Jesse stabs the undead in the eye, and his knife gets stuck.

Victoria: "Shit, you are really new to this."

Bruce kills the undead by hitting it in the head with the bat. Then Victoria kills the undead by chopping its head off.

Bruce: "Come on, loser."

Jesse frees his knife, then quickly stabs the undead in the head.

Victoria: "Keep going, loser."

They go until they kill all 24 of the undead. Jesse is breathing heavily as Victoria and Bruce seem unfazed.

Bruce: "I'll give you a 5 outta ten, but over time it gets better, I swear."

Jesse: "Over time? How long has this been going on?"

Victoria: "You don't know?"

Jesse: "I didn't see one until today."

Bruce: "How are you alive? Guess you're just a good luck charm."

Victoria: "So, Bruce Wayne, I don't think we should be talking in the open."

Bruce: "Oh yeah, RUN!"

They run for an hour, dodging the undead. They then find a place in a gas station.

Bruce kills one of the undead.

Bruce: "In the building, send Jesse in. He needs to do these things in order to get used to it."

Victoria: "Are you insane?"

Bruce: "Relax, we'll be right beside him."

They all enter the gas station. They all get rushed by the undead. Jesse kills one then struggles with the second.

Victoria goes to help but is stopped by Bruce.

Bruce: "Have faith."

Victoria: "Are you crazy? He could die."

Jesse wrestles the undead off of him, then pushes it and stabs it in its brain.

Then the third one comes from behind.

Victoria quickly slashes it.

Bruce: "What the hell?"

Victoria: "I ain't letting him die."

Jesse is shaken.

Bruce: "If he can't handle 3, how will he handle 30?"

Victoria: "He handled it just fine. A biter coming up behind will kill anyone, including you."

Bruce: "Just fine? He struggled with the second one."

Victoria: "But he got the job done, and that's all that matters."

Biters start to approach the building.

Jesse: "Biters!"

Bruce quickly puts shelves in front of the door.

Episode Two ends.

Episode Three:

Victoria, Jesse, and Bruce are eating chips that were in the gas station.

Victoria: "So, Jesse, what were you before?"

Jesse: "I worked at fast food."

Victoria: "Cool. I guess I was in college. I just graduated and went back home."

Bruce: "So what are we doing, what's the point when we could die any moment?"

Victoria: "Don't be such a grump, Bruce Wayne."

Bruce: "Don't call me that."

Victoria: "Okay, Bruce."

Bruce: "That's better."

Victoria: "Wayne."

Bruce: "Hey!"

Jesse: "How many people do you think survived this?"

Bruce: "Holy shit, he speaks."

Victoria: "With the number of zombies we've seen alone, at least half the city is dead."

Bruce: "More like 75 percent."

[7 days later]

It's early in the morning, and Victoria and Bruce are awake.

Victoria: "You know we can't stay here forever."

Bruce: "You got any better ideas?"

Victoria: "We leave and explore the woods around the city, maybe find a camp."

Bruce: "I'll be fine with exploring the woods, but a camp? You know people are assholes."

Victoria: "Well, maybe it's good to take the risk. Jesse wasn't an asshole."

Bruce: "We got lucky."

Jesse gets up.

Bruce: "Good morning."

Jesse: "Morning."

Victoria: "We're leaving."

Jesse: "Okay."

Bruce: "Hold on, wait a damn minute. Who said you make the decisions?"

Victoria: "Those shelves ain't gonna hold forever, and what if it breaks in our sleep?"

Bruce: "We can figure it out."

Victoria: "We're sleeping on the floor. I think if we trust people, we wouldn't be sleeping on a dirty floor. So, we're finding a camp, and we're gonna find more people."

Victoria is packing food and water in a bag she found in the gas station.

Bruce: "Do you know what's outside?"

Victoria: "Better than being scared little babies inside. Hey, Jesse, start packing stuff."

Jesse then starts packing.

Bruce: "You're really on her side, unbelievable."

Victoria: "Either you pack up or get left behind."

Bruce: "What the hell? I'm your brother."

Victoria: "Then listen to your older sister."

Bruce reluctantly starts packing. Bruce grabs his bat, Victoria grabs her hatchet, and Jesse grabs his pocket knife.

Bruce moves the shelves, and biters storm in.

Bruce: "Remember, stay with each other."

Bruce kills a biter.

Bruce: "Asshole."

Victoria kills a biter.

Jesse kills a biter.

Bruce: "Was this your plan? There's like 30!"

Victoria: "Quit crying, there's an opening."

They run out of the building.

As they leave, Bruce gets grabbed by the foot, and he falls.

Bruce: "Shit, help!"

Jesse stabs the biter in the brain.

Victoria: "Nice one, now get up and run!"

They run for a mile.

Jesse: "I think we lost them."

Victoria: "Yeah."

Bruce: "This is their world; we ain't lost them."

Victoria: "Could you be more pessimistic?"

Bruce: "Sure, we are all gonna die because of you."

Victoria: "I was being sarcastic, asshole."

Bruce: "Guys!"

Victoria and Bruce: "There's a fire in the distance."

Victoria: "Let's go to it."

Bruce: "This is insane, what if—"

Victoria: "Shut up. I'm the leader."

Bruce: "Who made that decision?"

Victoria: "At the gas station when I said pack up, everyone listened."

Bruce: "How does that make you the leader?"

Victoria: "It's night and day, my friend. Now move."

Episode 3 ends.

Episode 4:

This takes place hours after the previous. They get close to the fire but only see biters, showing that the person who made the fire is gone.

Bruce: "Holy shit, that was a lost cause."

Victoria: "Hold on, there are two biters, and it looks like three people were here. Based on the size of the footprint, the one who got away was a kid."

Bruce: "What the hell? When did you learn that?"

Victoria: "Dad taught me before he passed."

Bruce: "Oh, what was he like, anyways?"

Victoria: "A great person, a hunter, and he always wanted the best for us."

Bruce: "Oh."

Jesse: "Umm..."

Bruce: "What's up? Speak your mind."

Jesse: "How do you use the bathroom here?"

Bruce: "Go behind a tree or something. Is there anything else you need to know, Jess?"

Jesse: "How do you start a fire?"

Victoria: "You barely know anything."

Jesse: "I just graduated a couple of months ago, and I never hunted or anything like that."

Bruce: "How does the first part add to the second?"

Jesse: "Umm, good question."

Victoria and Bruce laugh.

Bruce: "You go use it behind a nearby tree. Have it so near by; we'll hear a struggle if it happens. Then we'll have Vicky, our secret detective, teach you how to start."

Victoria: "Vicky, I told you not to call me that."

Bruce: "Had to get you back for calling me Bruce Wayne."

Victoria: "To each your own, I guess."

Jesse goes to use the bathroom, and then Victoria teaches him how to start a fire.

Victoria: "Okay, you do this," as she demonstrates.

Jesse: "Got it."

Jesse gets it on the first try.

Victoria: "Quick learner. Now put that fire out and make it again until I feel like you've mastered it."

Jesse: "Huh?"

Victoria: "Get to it."

Jesse does it 17 times.

Jesse: "Come on, I have to have got it."

Victoria: "Nope, not satisfied. Keep going."

She then makes Jesse do it another 18 more times until he finishes.

Victoria: "Okay, now I'm satisfied."

Jesse: "Finally."

Victoria: "Do it one more time for the road."

Jesse: "Oh, come on."

Victoria: "Now."

Jesse starts the fire.

Bruce: "So, Victoria, you gonna track down the kid?"

Victoria: "No, knowing this world, the kid's dead."

Bruce: "Dam."

Jesse: "Question."

Bruce: "What's up?"

Jesse: "How long has this been going on?"

Victoria: "Three months."

Jesse: "Huh, so I was living normally not knowing for three months."

Victoria: "That's weird. So, as people died, you were probably inside because going outside, you would immediately find out. Why were you inside doing nothing for three months?"

Jesse: "You're not gonna believe me, but I was grounded."

Bruce: "That timeline seems weird. I think your parents found a random reason to ground you so you wouldn't know about this stuff, probably to protect you."

Jesse: "That makes sense because I got grounded for something I didn't do."

Victoria: "Did they unground you?"

Jesse: "No, they left, and I snuck out to ride my bike."

Victoria: "Dam, that's rebellious behavior. I think you need a whopping."

Jesse: "Wait, no."

Victoria: "Just kidding."

They all laugh.

Episode 4 ends.

Episode 5:

We start where we left off.

Bruce: "You know, Jesse, I think you..."

Bruce is then bitten in the neck.

Bruce collapses.

Victoria: "No."

Jesse: "Shit."

Victoria then kills the biter, stabbing it in the head multiple times out of anger.

Bruce: "Hey, Vicky."

Victoria and Jesse are in tears.

Victoria then holds Bruce in her arms and cries.

Bruce: "You're acting like I'm already dead. Hey, Jesse."

Victoria is too sad to say anything.

Jesse comes to Bruce crying.

Bruce: "Become a badass."

A swarm of biters shows up.

Bruce: "You two run. I'll distract them. Hey, Jesse, take my bat. One more thing, make sure Victoria's safe."

Bruce grabs a tree branch.

Bruce: "Didn't I say get out of here?"

Victoria: "I can't."

Bruce: "Just go."

Jesse and Victoria run away.

Bruce: "Come on, asshole."

He kills one but then falls over. He kicks one off of him but is quickly overrun.

As Victoria and Jesse run away, they hear Bruce's scream.

Victoria then stops and cries.

Jesse hugs Victoria.

Jesse: "Come on, we gotta go. We got no time."

Victoria quickly regains herself.

They both run far away until they get to Jesse's neighborhood.

Jesse enters his home with Victoria.

Jesse: "Mom, Dad?"

Two biters quickly rush Jesse and Victoria; they both kill them with ease.

Jesse then realizes it's his mother and father, and he breaks down crying.

Victoria then comforts him.

Victoria: "This day sucks, I know that, but you know what? We gotta stay strong. All the people that died wouldn't want us to die, so let's beat this world."

Jesse smiles at Victoria.

They then barricade the doors, and Jesse checks to see if the water is still working.

Victoria: "Looks like we can clean ourselves up."

They take showers and brush their teeth, and both change into different clothes.

Jesse wears a black hoodie with the sleeves off and blue jeans.

Victoria looks through Jesse's mother's clothes.

Victoria: "A dress would get in the way, so I guess I'll pick this gray tank top and jeans."

Jesse then goes to his dad's room, takes the machete, and grabs a bag.

He puts Bruce's bat in the bag.

Victoria grabs a pistol and gives one to Jesse. They both have a handgun holster.

After they get cleaned up and ready to leave the house.

Jesse: "Do you think we should stay for a little bit?"

Victoria: "Maybe we could probably stay for a couple of months."

Jesse: "Maybe we could make this a home base."

Victoria: "That might be a good option."

Jesse: "Yeah."

Victoria: "So it's just me and dumpster boy."

Jesse: "Hey."

Victoria: "Do you even know how to shoot?"

Jesse: "Umm."

Victoria: "So that's a no. Well, get ready; it's training time."

Episode ends.

Episode 6 season finale:

Victoria taught Jesse how to shoot, and it's been 2 hours since then. It's the first night in the house.

Victoria: "Umm, dumpster boy."

Jesse: "Umm, what's up?"

Victoria: "I don't think it's safe to have us sleep in different rooms, maybe different beds but not different rooms. I suggest we move upstairs, and we'll create an alarm system."

Jesse: "There are two beds upstairs, so we'll just have to move one to the room by the attic."

Victoria: "Why the attic?"

Jesse: "In the attic is a secret compartment I used to sneak out of the house; it could work as an emergency exit."

Victoria: "What if biters swarm the house, and we can't get there?"

Jesse: "Umm..."

Victoria: "Of course, you didn't think that. Luckily, I know how to make a door, so I'll just make one tomorrow."

Jesse: "How are you so good at random things?"

Victoria: "Before my dad died, he taught me a lot of things. Since he had cancer, he said to teach Bruce those things when he gets older, but after I started teaching him, the world went to shit."

Jesse: "Sorry if this is a dumb question, but can you give me a timeline?"

Victoria: "It's not dumb; it's actually a good question. I was born in 1993, my dad died when I was 12 in 2006 in December. Bruce came along in 2007. My dad got cancer in 2004 and taught me a lot before he eventually passed away."

Jesse: "Sorry for your loss."

Victoria: "So, you know my age of 30 now, give me yours, dumpster boy."

Jesse: "I was born in 2004, and I'm 18."

Victoria: "Late birthday, I assume?"

Jesse: "Umm, yeah, November."

Victoria: "Oh, nice, but let's get this stuff done."

They build the way to the attic and the door, and move the beds. Later that night, Victoria is remembering something that happened when this first started.

[Flashback - 3 months ago]

Bruce is holding his bat, Victoria is holding her hatchet, and Derrick is holding a baseball bat with nails on it.

Bruce: "Derrick, please."

Derrick: "I gotta survive, man, you know that."

Victoria: "We could work together."

Tyson: "Bro, relax."

Derrick: "Oh, look, there's a peacekeeper who doesn't even have a weapon."

Tyson: "Undead rose and the world gone to shit doesn't mean you gotta slaughter people and take their stuff."

Victoria: "Also, we were your friends."

Derrick: "You're right."

[Derrick walks towards Tyson.]

Tyson: "I knew you'd find reason."

[Derrick quickly hits Tyson over the head with the bat, causing him to bleed a lot. As Bruce rushes to him, Derrick hits Tyson again, killing him. Derrick swings the bat at Bruce, who ducks and hits Derrick in the stomach. Victoria rushes in and chops Derrick's head off cleanly with the axe.]

Bruce: "Badass team kill."

Victoria: "This isn't the time for that. Tyson is dead, and Derrick, both were our friends."

Bruce: "Yes, we can mourn, but we don't gotta be down in the dumps. We gotta keep moving forward despite the shit the world throws at us. We are survivors, and that's what we'll always be."

[Switches to the present]

Victoria: "I finally get it, little bro."

[She wakes up Jesse.]

Victoria: "Let me tell you something Bruce said; I think it fits for this time since it's the end of the day."

Jesse: "Okay."

Victoria: "He said, 'Yes, we can mourn, but we don't gotta be down in the dumps. We gotta keep moving forward despite the shit the world throws at us. We are survivors, and that's what we'll always be.'"

[Episode 6 ends.]

Season 2 of we are survivors

Episode 1:

It's been a year after Season 1. Jesse and Victoria are out getting supplies. Jesse has a machete, and Victoria has an ax. A group of biters approaches. Jesse and Victoria get back to back.

Jesse: "How many?"

Victoria: "10, we got this easy."

Jesse: "You're damn right."

They then, in sync, chop off the biters' heads. Jesse kills one by slashing at its legs, making it fall, and then chopping its head in half. Victoria kills one by chopping its arm off, then its other arm off, and finally chopping its head in half.

They hear a guy screaming.

Victoria: "Do we help them?"

Jesse: "Isn't that common courtesy?"

Victoria: "You're right."

They go over to see a guy on top of a dumpster crying as the biters try to get him.

Victoria: "Déjà vu."

Jesse: "Yep."

They quickly kill the biters(7) around the trash can.

Victoria: "You can stop crying."

Guy: "Sorry, I'm still a little afraid."

Victoria: "Why?"

Guy: "You guys are scary."

Jesse: "Enough of this, were you with anyone?"

Guy: "Yes, for a long time. They were fighting the scary things, and then I ran."

Victoria: "Huh, you're typically afraid of everything, right?"

Guy: "Umm, kinda."

Jesse: "Just say yes."

Guy: "Yes."

Victoria: "I guess you can come with us. You got a name?"

Guy: "Yeah, it's Gregory."

A biter approaches, and Jesse and Victoria quickly pull their guns out and shoot it in sync.
Gregory screams.

Victoria: "How did you survive this long?"

Gregory: "People, lots of people, and running."

Jesse and Victoria: "Seems like you understand this assignment. Run!"

They run to Jesse's house.

Jesse: "Victoria, do you know how to make rooms bigger?"

Victoria: "If you mean renovate, yes."

The whole day, they spend renovating their room and moving the bed in.

Gregory: "Why is everything upstairs?"

Victoria: "Just our way, I guess. Also, earn your respect and put this food up in the cabinet."

Gregory opens the cabinet.

Gregory: "Holy smokes."

Victoria: "What can I say, we've been busy. Now, Gregory, do your job."

Gregory puts the food in the cabinet.

Victoria: "What were you before this?"

Gregory: "I was in college to become a doctor. I had just finished it, and then I wanted to learn more, so I went back to get more degrees."

Victoria: "Dam, you're a smart cookie, doctor know-it-all."

Gregory: "Hey, that's not my name."

Victoria: "Think of it as a nickname."

Episode ends.

Episode 2

As they were sleeping, the house was rushed by biters.

Victoria: "Gregory, Jesse, wake up! A ton of biters at the door. Looks like they made it out of the city."

Jesse and Victoria grab a ton of supplies and their weapons. Jesse makes the decision to use Bruce's bat.

Victoria: "Huh, that thing hasn't been used in a minute."

Jesse: "It's a good luck charm."

Gregory starts hyperventilating.

Gregory: "It's over."

Jesse: "Shut up. You may not know us, but we are survivors. Now come on."

They go up into the attic as the biters breakthrough the door.

Victoria: "I know you have a tendency to run away, but this isn't the time. You'll die this time. So Gregory, come on."

They go through the back door but are rushed by hundreds of biters, and they are separated.

Gregory pulls out a knife and kills a biter and falls down as biters approach. He gets up.

Gregory: "I'm a survivor."

He says as he runs.

Victoria: "Shit!"

Victoria kills three biters easily but is forced to run. Jesse kills three biters easily but is forced to run. Victoria and Jesse's scenes are played in sync.

After 16 minutes of running, the group is completely separated.

Gregory pulls out a gun they gave him but shakes and is unable to kill the biter. He falls over but regains himself to run away.

Victoria kills 7 biters with her hatchet as she's running.

Jesse kills 6 biters with Bruce's bat as he's running.

Gregory runs into a building but is attacked by 2 biters. Gregory falls and screams and stabs the biter in the head and wrestles with the 2nd walker, but he manages to kill it.

Victoria runs into a police station where she's confronted by 15 biters. She gets on a table and takes out 6 but falls off the table. As the biters approach, she throws the table in front of them, then she kills the rest.

Jesse runs into a gas station where there are 4 biters. Jesse hits one in the leg then bashes the biter's brains in. Then 3 rush him at the same time. Jesse takes out his pocket knife and kills the closest one with a stab to the head, then he easily takes out the next two.

Then a scene in sync shows all of them barricading the door, and then they lay down on the wall breathing heavily. The episode ends.

Episode 3

It starts with Victoria exploring the police station, where she sees the police station shower. She takes a shower and then pulls out the toothbrush and toothpaste she grabbed before they were forced out, and she brushes her teeth. After cleaning herself up, she roams the station, collecting guns in her bag. She then finds an audio recorder and walkie-talkie, taking both.

Switching to Jesse, he realizes he has to find a better place, so he explores outside where he's attacked by biters, but he skillfully kills them. The story shows him exploring the world and killing

several biters. He then creates a base in the woods where he starts a fire. As he's sitting there, he's approached by a girl.

Girl: "Hey."

Jesse is startled.

Girl: "Don't be afraid, I came here to give you food as a peace treaty."

Jesse: "Thanks."

Girl: "What's your name?"

Jesse: "It's Jesse."

Girl: "Is it okay if I roll with you?"

Jesse: "Sure, but what's your name?"

Girl: "It's Rachel."

Switching to Gregory, he's roaming the building, getting freaked out by weird noises. He then tells himself he's brave as he approaches the noise with a knife in hand. He goes towards it but jumps as a rat crawls past him. Gregory then walks around the building and concludes that it's a hotel building. He realizes he should probably leave because he only saw 2 biters, which might mean people are around killing the biters. Reluctantly, he leaves the building, and as a biter approaches him, he dodges it with his heart racing and kills it.

Switching back to Victoria, after getting what she wants, she leaves the building to see a fire in the distance, believing that it might be Jesse. She starts walking towards it and encounters multiple biters(12), but she easily kills them. She then makes it there and sees Jesse and Rachel.

Episode 4

Victoria: Jesse?

Jesse smiles, and then Victoria smiles and hugs him. She then shakes Rachel's hand.

Victoria: Hey, how are you,

Rachel: I'm doing good.

Victoria: Jesse, it looks like you used what I showed you.

Jesse: Yeah, but that training was hell.

Victoria: It still worked effectively.

Jesse: Umm, good point.

Victoria laughs.

Victoria: So, what's your name ?

Rachel: Rachel.

Jesse: Have you just been living out here?

Rachel: No, I had people, but they died either by people or biters.

Victoria: Hold on, people?

Rachel: Yeah.

Jesse gives Rachel Bruce's bat. Jesse takes out his machete, and Victoria takes out her ax.

Rachel: There are some bad people in the woods.

Jesse: Sorry, quick question, how old are you?

Rachel: I'm 14.

Jesse: Also, don't worry, nobody will hurt you when we're around.

Victoria: Where are your parents?

Rachel: They died as we were by a fire. They were bit, and they yelled, "Run, Rachel, run!" so I sprinted.

Victoria and Jesse realize that Rachel is the same kid who ran away from the abandoned fire.

Victoria: So, the people, are they close by?

Rachel: Probably. The city should be clear of them, but sometimes it's not. They have like 50 people. I suggest we find a car and ditch.

Victoria and Jesse think about that option, then they remember Gregory.

Victoria: Do we look for Gregory?

Jesse: I don't know if it's worth it.

Rachel: Jesse, I saw you kill those biters earlier. It was so cool.

Switches to Gregory roaming the city.

He walks with a knife in hand, where he's approached by a guy.

Gregory pulls out his knife.

Guy: Hey, string bean.

The guy pulls out a sword and swings at Gregory. Gregory falls down but dodges it. He then dodges a follow-up strike and runs into a building, hiding behind a door.

Guy: Hey, little baby, I don't wanna hurt you.

As the guy walks into the house and approaches Gregory's door, Gregory quickly slams the door into the guy's face, then Gregory stabs the guy but is thrown

.

Guy: Aw, I like to play too.

He then goes to pick up the sword, but he steps on Gregory trap, and it grabs his legs making him fall down. Gregory grabs the sword.

Gregory: How'd you even get this?

Guy: It was a gift.

Gregory starts shaking but knows what he has to do. He chops off the guy's head.

Gregory thinks to himself, "Brains beat brawn," as he suddenly gets stabbed by another guy. Gregory falls to the ground.

Guy: My name's Mitch, by the way. Sorry, had to make an entrance.

Gregory pulls out his knife and attempts to stab Mitch, but his arm is grabbed and chopped off.

Gregory screams in pain.

Mitch pulls out a lighter and burns Gregory's wound to heal it. He then leaves Gregory in pain with one arm.

Episode ends

Episode 5

Four hours after the previous episode, Rachel, Jesse, and Victoria head into the city. There, Victoria hands Jesse the walkie-talkie. They first enter a building and explore it, where Jesse finds a radio. When he speaks into it, the whole city and town can hear him. He puts it in his bag.

Rachel: "Biter, watch out!"

Jesse avoids getting bitten from behind, and then Victoria slashes the biter.

Rachel: "Whoa!"

They then see Gregory missing an arm, and as they go to say hi, Rachel is slammed to the ground.

Mitch: "Good afternoon."

Rachel cries as Mitch puts a knife to her throat.

Jesse: "What the hell, who the hell are you?"

Mitch: "I'm Mitch, my friend."

He then throws Rachel back to Jesse and Victoria, and then 10 people surround them.

Jesse and Victoria pull out their guns, Gregory pulls out his knife, and Rachel picks up Bruce's bat. Mitch then waves his hand down, and the people charge at them.

Jesse and Victoria quickly shoot two of them. Rachel dodges a knife slash and hits the guy over the head with the bat. She then kills the guy. Gregory dodges a hit and stabs the guy.

Jesse: "No way, it's that easy."

Mitch: "It's not."

Rachel is knocked to the ground, and then a guy starts strangling her. Mitch grabs Gregory and puts a gun to his head. Jesse shoots a guy as he tries to get to Rachel, but he's stopped and grabbed. He drops his gun and screams as he's bear-hugged. Victoria shoots a guy and tries to get to Rachel, but she is grabbed too, and she drops her gun and screams as she's bear-hugged.

Jesse starts laughing. He then stabs the guy in the leg, then the neck. Victoria starts laughing, and she bites the man's jugular out.

Mitch: "What the fuck?"

He then tries to pull the trigger, but Gregory bites his flesh off to get loose.

Rachel is not breathing. Victoria shoots the man off of her, leaving one last person and Mitch. Jesse pulls out his pocket knife, and Victoria pulls out hers. Jesse walks towards Mitch, while Victoria walks towards the last guy. The last guy and Mitch are frozen in fear as they both get stabbed multiple times. Victoria then does CPR on Rachel, and she manages to get a heartbeat.

They then find a car and head out of the area. Rachel wakes up 1 hour and 30 minutes later as they're driving.

Rachel: "Where am I?"

Gregory: "In a car. Also, I forgot to ask, how far are we going?"

Victoria: "Until the gas runs out."

Episode ends.

Episode 6 season finale

They drove for 3 hours and 30 minutes, then the gas ran out. Victoria wakes everyone up.

Victoria: We have made it to our destination.

Gregory: The middle of nowhere.

Victoria: Yes, problem.

Gregory: No, no.

Jesse: Do you think we should set up camp for the night or look for some house or something?

Victoria: Gregory, you're the smart one, you decide.

Gregory: Depends, but the best option would be to...

A biter attacks Gregory. Victoria quickly kills the biter.

Victoria: Guess that question answered itself.

A group of biters show up.

Jesse: Shit, is Rachel up?

Rachel: Yeah.

Jesse: Okay, get your weapons.

Jesse gets his machete, Victoria gets her ax, Gregory gets his knife, and Rachel gets Bruce's bat.

Jesse kills the first one, Victoria kills the second one, Gregory kills the third one, Rachel kills the fourth one, Jesse kills the fifth one and the sixth one, Rachel kills the seventh one and the eighth, Victoria kills the ninth and tenth.

Gregory kills the 11th but then falls over, and one of the biters gets on top of him and bites his hand.

Victoria runs to Gregory, killing 7 biters on the way to him, and she then kills the biter on Gregory.

Jesse: You guys tend to Gregory; I'll kill them on my own.

Gregory: Oh God.

Victoria: Sorry, "One Arm Bob," looks like you gotta lose a hand.

Gregory: No, don't. I'll be a burdened.

A biter goes behind Victoria, and Rachel kills it.

Rachel: Gregory, you'll be alive, and that's worth it.

Victoria: She's right.

Meanwhile, Jesse is killing the biters. He kills all of them and then rushes over.

Victoria: Hold him, Jesse, and Rachel.

Gregory: No, please.

Victoria cuts off Gregory's hand, then Jesse takes off his hoodie and puts it around the wound.

Gregory passes out.

The gang carries Gregory until they get to a house. Victoria and Jesse go in and(4) kill all the biters inside, then Rachel carries Gregory inside.

Victoria: Live, damn it.

Jesse starts a fire, then burns Gregory's wound to close it.

Victoria: Put the fire out quickly.

Rachel puts out the fire.

Jesse: Now what?

Victoria: We have supplies to last months, so I say we live here. As for "One Arm Bob," well, I guess it's "No Arm Bob." Actually, he has a nub, so almost "No Arm Bob." What was I talking about?

Rachel: What to do with the nerd?

Victoria: Oh yeah, he stays here, and I guess we'll figure it out. He can't go outside; one and a half arms missing is a quick way to have your top half missing.

Jesse: What do we do if we find people? Our clothes are bloodied, there's blood on your mouth, and I'm shirtless.

Victoria: Ain't nothing to worry about. We don't trust anyone and kill whoever, whenever, dumpster boy.

Jesse: Got it, Vicky.

Victoria: Okay, Jessalina.

Jesse: and I ran out of things to say.

Rachel: Wait, so we're killers now, though we had morals?

Jesse: Kid, morals ain't gonna take us far in this world.

Victoria: Morals go against biting a man's neck and killing him, but we had to do what we had to do.

Cuts to 6 days later, a guy approaches the place. The guy enters and screams for help. Rachel then hits the guy over the head with a bat. Rachel, Jesse, and Victoria stand over him.

The guy: No, no, no, please.

Victoria cuts off the guy's head.

Episode ends.

Season 3 of we are survivors

Episode 1

It takes place 5 months after season 2. Victoria is walking through the house they live in when she sees Gregory building fake hands and fake arms.

Victoria: "Need some help?"

Gregory: "No thank you, I got it."

Victoria: "Huh, well guess I'll watch One and a Half Arm Bob."

Gregory: "Don't call me that."

Victoria: "What's wrong, celery? I thought we were green."

Gregory laughs.

Gregory: "You're a jerk sometimes."

Gregory turns, holds the tool in his mouth, and tries to build it , but the tools just fall off the table.

Gregory: "God damn it."

Victoria: "Are you sure you don't need help?"

Gregory: "Fine."

They then build the fake arm, and then they attach a knife to the one for his hand.

Victoria: "Now what?"

Gregory: "I guess I keep going, building things for me to live normally."

Victoria: "You figure that out, Gregalina."

Gregory: "Hey."

Victoria then leaves the room to see Rachel sitting by the fire.

Rachel: "Do you think we should stop killing? It's been on my conscience a lot."

Victoria: "It's been on mine too. I guess some people can be spared."

Jesse walks in.

Victoria: "Hey trash boy."

Jesse: "What's up?"

Victoria: "I think we shouldn't be killing on sight anymore. It's weighing on us mentally. We can't do it so many times they'll eventually be a time when we're too far gone."

Jesse: "I guess you're right, but maybe we can base it on something. They look funny, and we chop their heads off."

Rachel: "What if we piss off the wrong people?"

Jesse: "Dang, I didn't think of that. Maybe we shouldn't kill anymore, maybe just in self-defense. You're a smart kid."

Rachel: "Thanks."

Victoria: "So it's settled. I guess we are heroes again."

Jesse: "Vicky, I think the best we get is antihero."

Victoria: "So, Is that right dumpster boy? We may not be morally correct sometimes, but we are heroes, just a different kind."

Victoria and Jesse flashback to 1 day after season 2.

Two guys enter the house they're staying in, and they have bats. One of the guys attacks Jesse, he hits Jesse in the back.

Guy 1: "You killed my friend, asshole."

Jesse tries to get up but is hit again. Victoria and Rachel run in with their weapons (Victoria's axe and Rachel's bat). The second guy is about to support his friend but is bit.

Guy 1: "No!"

As he's distracted, Jesse knocks him off his feet and throws him to the biters.

Guy: "Burn in hell."

Victoria: "Looks like we gotta fight."

Jesse dodges a biter and kills it. They all kill 15 biters. Then Rachel rushes to close the door but is grabbed by the biter. She then hits the biter in the head and kills two more as she gets to the door. She then gets surrounded by biters. Victoria kills one, and then Jesse kills one. Rachel then kills one.

Jesse: "We gotta start locking that door."

Victoria: "Would be smart, genius."

Rachel: "So, guess we got more clothes for Jesse."

Flashback ends.

Victoria and Jesse then go outside and kill several biters that were around the house.

Victoria: "We gotta go look for supplies again tomorrow, dumpster boy."

Jesse: "Right."

Episode 2

Jesse wakes up and sharpens his machete while thinking of Bruce. Victoria walks in.

Victoria: "Morning."

Jesse: "Morning. Are you ready?"

Victoria: "Nah, we shouldn't just get up and leave. We should actually get up and clean ourselves up."

Jesse: "You're right."

Victoria: "I'm always right."

Jesse: "Can you tell me a story about Bruce?"

Victoria: "Sure. It was before the world went to shit. He would always act like the older brother, always protective of me. One day, a guy broke into our house, and Bruce hit him in the head

with a bat. Turns out, it was his friend, and he just knocked him out. He was just pulling a prank on us, so there was this awkward moment where Mom scolded him but also thanked him."

Jesse: "That's crazy."

Victoria: "Now, let's get ready. Are we taking the gang with us? Gregory built an Iron Man suit."

Victoria then laughs, and Jesse laughs too.

Jesse: "I guess we could take them. Do you think we should move someplace else?"

Victoria: "Maybe. Let's scope this place out."

[Two hours later]

Gregory, Rachel, Victoria, and Jesse hide their stuff and leave the house. They walk for a little bit and find a city overrun by biters.

Jesse: "We should move away from the house. Remember, those biters will eventually go into the woods where our house is."

A biter approaches, and Gregory uses his knife hand to kill it.

Rachel: "That knife hand is cool."

Gregory: "Thanks."

A group of biters approaches.

Victoria: "Run or fight?"

Jesse: "Fight. You agree?"

Gregory: "Yeah."

Victoria: "Stay back to back."

They quickly get back to back as they are surrounded, then pull out their weapons (Rachel's bat, Victoria's ax, and Jesse's machete). They fight off the biters, and suddenly all the biters are gunned down.

Jesse: "What the hell?"

A guy is then seen with an MP5.

Guy: "You guys alright?"

Victoria and Jesse: "Never better."

Guy: "My name's Clark, by the way. Sorry if I scared you. I'm not good with first impressions."

Jesse: "You're good."

Then quickly, a guy comes out and attacks Clark, then Rachel quickly hits the guy with the bat.

Rachel: "Two seconds to explain."

Guy: "Fuck you."

Rachel then brutally bashes the man's brains in, killing him.

Clark: "Thanks, kid. So, what are your names?"

Jesse: "I'm Jesse."

Victoria: "I'm Victoria."

Rachel: "I'm Rachel."

Gregory: "I'm Gregory."

Clark: "Well, I guess it's time to depart. See you again, I guess."

Jesse: "Right."

They then move in two different directions. Jesse kills a biter, and then Victoria kills one. They find a way into the city and go into a Walmart-like store where they are rushed by biters.

Gregory gets bitten in the neck from behind.

Victoria: "No time to cry. Fight!"

They all fight and succeed in killing every biter in the store(27 biters). As they rest, they are attacked by an undead Gregory.

Victoria: "Sorry, one and a half arm bob."

She then kills the undead Gregory. After that, they loot the store and make their way out of the city.

Episode ends.

Episode 3

As the gang leaves the city, they decide to stop and look for a car, so they sneak around the city. Victoria accidentally alerts the herd, and they are rushed. Then, they see Clark, and he guns down the herd.

Clark: "I saw you guys go into the city, so I thought you needed some help, and I guess I was right. I also brought guns."

Clark hands out the guns (MP5), and they all put their weapons in their bags.

Victoria: "Thanks."

Clark: "So, what are you guys doing?"

Jesse: "We're looking for a truck."

Clark: "Well, good luck with that. See you again, I guess."

Clark gets out of the city as Jesse guns down a herd of biters(15 biters). Then, they start checking cars and killing any biters in sight. They find a perfect truck and then loot the city for gas, where they get a lot of it.

Victoria: "Okay, now that that's done, any plan for where we are going?"

Jesse: "I don't know, just somewhere far away, I guess."

Rachel: "What about Clark?"

Victoria: "We don't really know him."

Rachel: "I guess you're right."

They then decide to re-loot the city for clothes and other resources. After that, they leave to pack up everything into the truck.

Victoria: "Are you ready?"

Jesse: "I don't know, I guess. Let's go."

Rachel says goodbye to the house, and they drive off, traveling for over 4 days. Then, they find a place – it's a gated community with walls.

Victoria: "Do we just go in and try to join?"

Jesse: "I don't think I want to or if I trust it."

Rachel: "That's right. I think we should drive away from it."

Then, a girl approaches.

Jesse: "Who are you?"

Girl: "You can call me Phoenix, and I wanted to invite you into our community."

Victoria: "Umm, can we look in there first?"

Phoenix: "Certainly."

Jesse: "Wait, also how many people are in your community?"

Phoenix: "Just me, my brother, and our mother."

Jesse: "Why are there so few?"

Phoenix: "We never let anyone in besides now."

Victoria: "Why the change of heart?"

Phoenix: "Someone saved us, so we changed our minds about people."

Victoria: "Okay, Jesse, Rachel, you down?"

Rachel: "Yeah, sure."

Jesse: "Yeah."

Phoenix then shows them their house.

Phoenix: "So, this is your house. It has running water and everything a normal house has."

The gang then cleans themselves up and loads all their stuff into the house.

Guy: "Hey, do you need help?"

Jesse: "Yeah, sure."

The guy then helps them unload the stuff into the house.

Guy: "So, how long have you guys been out there?"

Victoria: "Since the beginning, well, Jesse joined three months after, but you get it."

Guy: "Jesus Christ, how do you guys last out there?"

Jesse: "Hard work, I guess."

Guy: "I'm Phoenix's brother, Jax. And yours?"

Jesse: "I'm Jesse."

Rachel: "I'm Rachel."

Victoria: "I'm Victoria."

Jax then shakes all their hands and leaves them to get settled.

Episode ends

Episode 4

It takes place right after the prior episode.

Victoria: Do you trust this place?

Jesse: Hell no.

Victoria: So tonight we fake sleep, and if we sleep, we sleep in shifts and keep our knives with us.

Jesse: Got it, Rachel, you got it.

Rachel: Yeah.

Victoria: We only said yes to come here for a home, it could be with or without them.

Then there's a knock on their door, it's Phoenix's mom.

Jesse opens it.

Phoenix's mom: Hey, I bought drinks for you guys. Have fun here.

Jesse: We will.

They then pour the drinks out and leave the empty bottles on the table to give the illusion that they drank it. They all then fake sleep. After an hour, Jax, Phoenix, and Phoenix's mom break into the house. They stand over all their beds with knives, and as they are about to attack, Rachel stabs Jax in the torso.

Phoenix: Holy shit.

Phoenix dodges the knife strike by Jesse as Phoenix's mom is killed by Victoria.

Phoenix: Smart people.

Jesse then swings at her, Phoenix dodges and slashes Jesse's torso. Rachel tries to stab her, but Phoenix dodges it. Victoria then goes for a punch, but Phoenix dodges it.

Phoenix: Aw, looks like our fun is over.

Phoenix drops a smoke bomb she had in her pocket and runs away.

Victoria: Jesse!

Jesse: I'm alright, it's just a deep cut.

Rachel: Guys, our bag of weapons is missing.

That's when Victoria is hit in the head with a bat, knocking her out.

Phoenix: Sorry, I left something here, had to get it.

Phoenix then hits Rachel with a bat, knocking her out.

Jesse: Shit.

Jesse then gets up and throws a punch but falls over, and Phoenix hits Jesse with the bat, knocking him out. They all wake up tied up, and Jesse's wound is stitched up.

Phoenix: Hey, friend.

Victoria: What the hell?

Phoenix: You all are gonna starve to death slowly as I watch

Phoenix then laughs. Then a gunshot is fired and it's Clark.

Phoenix: What the fuck, who the hell are you?

Clark: It's Clark, asshole.

Clark then shoots Phoenix in the torso, killing her.

Jesse: What the hell, did you follow us?

Clark: Yes, I actually hid in your car.

Victoria: That's creepy.

Clark: Well, I knew you guys would need me to save your ass.

Rachel: I know that we all wanna say it about Phoenix, holy shit.

Victoria: Yeah, holy shit.

Jesse: Holy shit, also no cursing.

Rachel: Oh, sorry. Also, nice save, stalker.

Clark: Umm, thanks.

Clark then unties all of them.

Jesse: So, is this place ours?

Victoria: I guess so. Also, Clark, you get clean up duty on the bodies.

Clark: Okay.

Episode 6 season finale

They all enter the area and kill a ton of the biters(65) while looting. Then they see Phoenix.

Jesse: "What the fuck? You were shot."

Phoenix: "What can I say? I'm a goddamn Phoenix, and I'm good at playing dead. He took the bodies out like you said, but before he burned my body, I walked away, and he just thought I turned."

Jesse: "That still doesn't explain how you lived."

Phoenix: "Let's just say I'm durable."

Lilly: "Who the hell is this?"

Phoenix: "It's Phoenix."

Phoenix then pulls out a dagger, and Lilly shoots an arrow at Phoenix, hitting her in the hip, but it bounces off.

Phoenix: "Jess, during our time apart, I found bulletproof armor."

She then grabs Lilly, putting the dagger to her neck, and says, "Phoenix: Jesse, follow me, or else."

Jesse then follows her to the top of the apartment complex, killing several biters on the way up. Phoenix then knocks out Lilly with a right hand. She then stabs Jesse and hangs him out the window. Jesse screams.

Phoenix: "Any last words?"

Jesse then pulls out his pocket knife and slits Phoenix's throat, killing her, but he falls 4 stories. Jesse, barely alive, starts heavy breathing. He then pulls out the walkie-talkie and the radio and says into it:

Jesse: "What does it mean to be a survivor? To be a survivor is to do what you can to stay alive. I pray that you all survive and live peaceful lives. Be a survivor, be a badass. I met some people on the way that made me a survivor. I thank them all. Back to the topic, if you survived this far, you are a survivor. You are a badass, it doesn't matter if you're a coward."

The message plays through the city and also reaches Victoria and Rachel.

The scene cuts to Ryan and Sean.

Ryan: "Holy shit, that's him."

Sean: "What the hell, but he sounds hurt."

The audio keeps playing and then switches to Victoria and Rachel.

Victoria: "Jesse, are you okay?" She says into the walkie-talkie.

The walkie-talkie and radio cut off.

Jesse then hallucinates Bruce.

Bruce: "I'll give you a fucking 86 outta 10 for killing a whole herd. What the fuck? I had my doubts, but you are a badass."

Jesse then fades out of consciousness but is picked up by a helicopter.

A man hooks Jesse up to life support as they fly away.

A girl: "Hey, I'm Penny. Don't worry; you are gonna live, goddammit."

Jesse then slightly opens his eyes but hallucinates Bruce saying this:

Bruce: "Don't worry bro, you're gonna make it out of this."

The scene switches to Victoria and Rachel.

They both break down crying.

The episode ends.

Season 4 of we are survivors

Episode One

Jesse's part takes place hours after season 3. He is brought to a massive base where he is treated for his injuries. Seven days later, Jesse is being tortured by Penny, who punches him twice, causing him to spit out blood.

Penny: "Promise you won't tell anyone about this place and promise loyalty."

Jesse: "I promise."

Penny: "Sorry, not the look the boss wants."

She then stabs Jesse in the hand, and he screams in pain.

Penny: "Tough cookie, but that's still not the right look the boss wants."

Jesse: "Please."

Penny: "Your voice says it, but your eyes don't."

She then stabs out Jesse's eye, and he screams and cries.

Penny: "And there we go, that's the look we want - a look of fear. You know, Jesse, this happened to me, and soon you'll be forced to do it to others."

Switching to Victoria's story, it takes place a couple of minutes after season 3. Lilly and Mr. Pete knocks on the gate.

Victoria: "Who the hell are you?"

Lilly: "We were, I guess, friends of Jesse. He stayed with us for a day or two."

Victoria: "Oh, so can you explain what happened?"

Lilly: "He stayed with us for a day, then we both went on a supply run and were attacked by a girl named Phoenix. Jesse killed her, but I think he fell 4 stories, and as I woke up, I saw a helicopter, so I think he might be alive."

Victoria: "Hold on, Phoenix. Clark!"

Clark: "Umm, oh, I thought she turned and wandered away, so I never burned her body."

Victoria: "Damn it."

Victoria then lets them in.

Mr. Pete: "So what's your next move?"

Victoria: "There's no point in searching for Jesse. A helicopter took him away; who knows how far they are?"

Rachel: "Wait, we can't just give up."

Victoria: "Maybe you're right, but not now. We need to regroup and heal. If we leave now, we'll certainly mess up and die. Also, girl, are you sure Phoenix was dead?"

Lilly: "Yeah, it was a deep cut, and I checked her pulse; she was dead."

Victoria: "Okay, that's good."

Switching back to Jesse's story, this takes place hours after he was tortured. He's in a room with a man.

Man: "You can call me Boss. How are you enjoying your fake eye? If you try anything, it will hurt worse. Penny is your trainer; she will stay with you and guide you through your first torturing sessions. Let me show you the look we want."

He then takes out a guy who is afraid and shook.

Boss: "Make sure they give this look of fear, nothing less. Got it?"

Jesse: "...yes, sir."

Boss: "Good. I expect great results. If you fail for your first time, you will get beaten, not stabbed by Penny."

Penny walks in, forcing a guy into the room.

Penny: "You know what to do."

Jesse shakes but manages to punch the guy multiple times.

The guy: "Fuck you."

Jesse then stabs the guy in the hand, and the guy screams, and Jesse looks at Penny.

Penny: "Not the required look. Keep going."

Penny then slides Jesse a hatchet, mentally telling him what to do, and Jesse cuts off one of the guy's fingers. He screams and cries.

Penny: "It's good now."

The guy is then taken out of the room.

Penny: "Sit down, Jesse. Good job on your first one, but you didn't show that you're completely on board."

Jesse is forced into the chair as a group of people surrounds them, and he's strapped onto the chair. Jesse starts shaking, and he's punched multiple times by penny knocking him out briefly .

Penny: "Come on, wake up."

Penny punches Jesse, and he wakes up. She then punches Jesse until he's bloodied. Penny then takes off the straps of the chair, letting Jesse go. She then forces Jesse to go to his room, where he stays in the same room Penny stays in.

Penny: "Boss's orders. Also, the first day sucks. I got beaten the hell out of on my first day too."

Jesse: "Huh?"

Penny: "Yeah, that's how this place rolls. You get beaten until torturing people becomes second nature, and obeying the boss is second nature. It's no hard feelings, Jesse, because you're forced into this life, and there's no escape."

Jesse: "Wait, so you never see your family and friends again?"

Penny: "Correct. We're soldiers for the boss."

Jesse then cries.

Penny: "Stop crying. You're one of the toughest people here, and you're letting yourself get broken down that easily. Get your head in the game."

Penny then hugs Jesse.

Jesse: "Why was I picked up?"

Penny: "The boss has been tracking you and watching you for a while. She thought about kidnapping you before the outbreak."

Jesse: "Wait, what?"

Penny: "Yep, you're a badass bro. Before and after the outbreak, you are tough as nails. Before, you just weren't primed for survival yet. But you grew into it, killing a whole herd of biters, what the hell, surprising for a man who struggled with one."

Jesse stands there shocked.

Penny: "Well, anyway, time for bed. I got the top bunk."

Episode ends.

Episode 2

This episode takes place one year after the previous episode. Jesse is torturing someone.

Jesse punches the guy multiple times.

Jesse: "Not the look we want."

Jesse then stabs the guy in his hand. The guy then cries and looks at Jesse in fear.

Jesse: "Huh, not so tough, huh?"

The guy is taken away, and Jesse goes back to his room and talks with Penny.

Jesse: "Does that ever get better?"

Penny: "Nope, it always makes you feel terrible, but the kicker is acting like you're a sick bastard. You're doing well for your first year, though."

Jesse: "Huh."

The boss then enters the room.

Boss: "Hey, guys, what's up?"

Jesse and Penny: "Nothing much."

Boss: "I was just doing my regular checkup. Proceed in your conversation. Also, you guys both have a run to do. The run is 1 Mile. Also, Jesse and Penny, you two both have to do 100 pushups a day. Our cameras will be watching and counting. Failure to do them, well, you know. The pushups start tomorrow. I hope you don't think of this as punishment. Think of it as a promotion. Also, side note: you guys will be on biter duty. You got two buildings to clear out before the end of the week."

Jesse and Penny: "Yes, sir."

The boss then leaves.

Jesse: "Oh, shit."

Penny: "Yeah, I don't think it gets better. Let's head to the track. By the way, there are biters on the track. It's to train you."

Jesse: "Damn it."

They then run the mile, killing several biters. Jesse is heavy breathing.

Penny: "Come on, we're taking out those buildings. I'm not clearing buildings and doing pushups. Come on, we have a day."

Jesse: "Fine."

Penny: "There are 6 in this building. You think you could take this one alone as I take out the other one?"

Jesse: "Yeah, I got it."

Jesse then grips his machete and kills all the biters in the building as Penny kills all the ones in her building.

Jesse: "So now we got a day to rest."

Penny: "Not really, just a couple of hours at most."

Jesse: "Shit."

Jesse then lays down.

Then it flashes back to Penny getting beat by a guy. The guy yells:

Guy: "Promise loyalty to the boss."

Penny: "Please, I promise."

Guy: "Sorry, not the look I want."

The guy stabs Penny in the hand, and Penny screams.

Guy: "Oh, look, you're hurt, but not giving the look I want."

The guy then cuts off Penny's toe, and Penny screams.

Guy: "You're a tough son of a bitch."

The guy then cuts off another toe, and Penny screams and cries.

Guy: "And there we go."

The flashback ends.

It shows Penny on the top bunk looking at her missing toes and silently crying.

Episode ends.

Episode 3

Penny: "Jesse, wake up."

Jesse wakes up.

Penny: "Follow me, we're going on biter duty."

Jesse: "Huh?"

Penny: "Just trust me."

Jesse then sees Penny packing up her bag, and she smiles at him. They both go to the boss's office.

Penny: "Hey boss."

Boss: "Hi Penny and Jesse."

Jesse: "Hi."

Penny: "We want to do extra work, so I request permission to clear the biters in the buildings outside."

Boss: "I accept this proposition. You two will be rewarded."

They both exit the base and go to one of the outside buildings.

Jesse: "So, we're clearing buildings?"

Penny: "No."

Penny then stabs the boss's soldier who was watching them.

Jesse: "What the hell?"

Penny: "Stop your whining. We're escaping."

Jesse: "Got it."

Penny then grabs a biter and forces it to bite the boss's soldier in his stab wound, giving the illusion that he died from a bite.

Penny: "We can never be in the open. We're in Mexico. Do you have any idea where your base is?"

Jesse: "A couple of hours off of Georgia, I'm pretty sure. Either Alabama or Florida. Why did you never try to escape?"

Penny: "Nobody could do this alone. You'd need someone, and if you escape, you have to make sure you don't get caught because if they find you, you'll be in extreme pain for the rest of your life."

Jesse then hears someone in the bushes and immediately kills one of the boss's soldiers. He then makes a biter bite the area where he stabbed the soldier.

Jesse: "I got it."

Penny: "We have to lay low until we're on a boat somewhere. We gotta kill everybody we see, got it?"

Jesse: "Got it."

Penny: "Let's go." They then run away from the boss's zone, and after they are far enough away, they get a car. After a couple of days, they are in Texas. They stop and go into a house, and when five soldiers searching for them enter the house, Jesse sneak attacks one, and so does Penny. They both pull out a biter head and make the biter head bite the soldiers' wounds.

Boss's Soldier 1: "We should split up."

Boss's Soldier 2: "Yes, sir."

Boss's Soldier 3: "Hold on, why?"

Boss's Soldier 1: "Are you questioning my authority?"

Boss's Soldier 3 looks up and down.

Boss's Soldier 3: "Fuck yes."

Boss's Soldier 1 then shoots Boss's Soldier 3.

Boss's Soldier 2 looks in shock. He pulls his gun on Boss's Soldier 1.

Boss's Soldier 1: "Man, you got some balls stepping up to me."

Jesse stabs Boss's Soldier 1 with his machete as Penny slits Boss's Soldier 2's throat. They then use the biter heads attached to their belts to bite the wounds from their weapons to cover it up.

Penny: "No rest for the wicked. We can't stay in this state. We have to stay undercover."

Jesse: "Yeah."

The episode ends.

Episode 4

It starts with Jesse and Penny leaving the house at night. Jesse kills a biter by slashing its head in half, while Penny kills one by jamming a knife into its head. They then run into a nearby city and encounter 10 soldiers for the boss. Penny uses the gun they took from one of the soldiers to kill them all, and Jesse uses a biter head to give the illusion that they were bitten.

Penny: "Look, a helicopter! But first, let's steal these guys' clothes and masks."

Jesse: "Huh, badass."

They put on the stolen armor.

Penny: "On second thought, let's not take the helicopter. Knowing the boss, they probably have trackers on it. So I think we should remove most of the clothes, keeping only the bulletproof parts. There's a sports store nearby; we can get hockey masks."

Jesse: "Two questions."

Penny: "What's up?"

Jesse: "How do you know so much about escaping, and how do you know about the store?"

Penny: "When I was taken, all I thought about was escaping. But what stops people is the fear of getting caught and facing serious pain. I knew that we could escape together, so I bided my time. As for the store, I visited it a lot when I was a kid."

Jesse: "Huh, so you just knew I was built for this task?"

A group of people with axes surrounds them.

A man: "We need all your stuff."

Jesse: "I'm gonna suggest you walk away; we're more dangerous than you think."

Penny: "What, there are 15 of you? Keep on playing, and there'll be 15 bodies."

The leader of the group laughs.

The man: "2 versus 15, I like those odds."

A guy charges Jesse and Penny, but they both stab him in the head in sync. Penny uses her knife, and Jesse uses his machete. Three others swing at Penny, but she quickly slashes all three of their stomachs open, causing their guts to spill out. The remaining 10 others separate.

The man: "What the hell? Don't stop, bring me."

Jesse sneaks behind the leader and stabs him in the torso. Jesse mows through five of the attackers with his machete, while Penny takes down the last four. The leader is bleeding out as Jesse looks down at him.

Jesse: "Warned you."

Jesse then chops off the leader's head. They change into the stolen clothes, keeping the bulletproof armor, and head to the sports store.

Jesse: "18 biters."

Penny: "Wanna play a game? Whoever kills the most gets to carry this AK."

Jesse: "Deal."

Jesse kills eight biters, and Penny kills ten.

Penny: "Haha, looks like I won."

Jesse: "How the hell?"

Penny: "Special training."

They then enter the store, and Penny takes a golf glove to replace her small knife. They grab hockey masks and put them on.

Penny: "You're halfway to Jason with that machete."

Jesse laughs.

Jesse: "You're right. How do we tell if it's us?"

Penny: "We stay together no matter what, and also, your height, hair, voice, and eye color."

Jesse: "Sometimes I ask stupid questions."

Penny: "It's not stupid; it's actually smart to think about this because what if someone with a hockey mask tries to replace us? Don't put yourself down, Jesse; you're extremely smart."

Jesse: "Thanks, Penny."

Penny: "No problem."

A guy then approaches them.

Guy: "Please don't kill me. I need your help."

Jesse: "Oh, word. What's your name?"

Fred: "Fred, well, it's Fredrick."

Jesse walks up to Fredrick.

Jesse: "Sorry for this."

Jesse then stabs him in the neck.

Penny: "You're cold as ice sometimes."

Jesse: "Yeah, I hate hurting people, but I do what I have to do. It's crazy that killing is normal in this world."

Penny: "Truly messed up. But you had to kill him. We can't trust anybody; we can't bring anybody because someone could be a danger to us."

Jesse: "Yeah, how did you get captured by the boss?"

Penny: "It was before the world went to hell, about a year before. I was going about my regular life when I was approached by a guy with an eye patch. He hit me, and I tried to scream for help, but he knocked me out. I woke up on a helicopter."

Jesse: "Sorry that happened to you, Penny."

Penny: "Don't be."

They then leave the sports store, grab an abandoned car, and drive all the way to Alabama. It's takes them a month to get there

Episode 5

It starts showing them stopping on a highway looking for gas , they encounter a herd of biters , as penny and Jesse are cornered penny pulls out her Ak only for all of the biters to be gunned down and they see a redneck like person

Redneck:you guys from these parts

Victoria:Jesus Christ is all you did torture people and get tortured

Jesse: no we had special training it's Like military training

Victoria: base on the information provided I assume dumpster boy is a criminal to this boss

Jesse:yeah if we're caught umm

Penny:I don't wanna think about that

Victoria let's them in the community where Rachel Lilly and Mr Pete greet Jesse.

Switches to the boss

Boss: San wong , Bronson, and micheal we're going on a little visit to the place Jesse and penny resides, Jesse and penny killed alot of my people

San wong:are you sure about only taking 3 people

Michael:why wouldn't he be sure he assigned it so he means it don't question the boss

San wong: how come everyone I speak I'm forced to him your nail on a chalkboard voice

Micheal:because I know what I'm doing

San wong punches Micheal in the mouth and as Michael is about to charge

Boss:enough

San wong Micheal start shaking

Episode 6 season finale

Victoria, Penny, Lilly, Jesse, and Rachel are building the bunker when they are confronted by the boss, San Wong, Bronson, and Michael, each holding a firearm except for the boss, who has a crowbar. They managed to sneak past the gates.

Boss: "It's unusual to see people digging their own graves. Say anything and everyone dies."

The boss then forces them all to their knees. He proceeds to strike Jesse multiple times with the crowbar, then looks at Penny.

Boss: "You little killers. I've been a boss before the apocalypse, and I've never seen people more deadly."

He then hits Penny multiple times with the crowbar.

At that moment, Mr. Pete tackles the boss into the hole they were digging. He lands two punches before the boss kicks him off and grabs the crowbar.

Boss: "Pathetic old man."

He says this as he beats Mr. Pete to death. San Wong helps him out of the hole. Lilly and Jesse start to cry.

Boss: "So, back to it."

He proceeds to hit Victoria multiple times with the crowbar. A wounded Jesse gets up and punches the boss into the hole and then jumps on the boss. The boss kicks him away and tries to strike Jesse with the crowbar. San Wong aims at Jesse, but Clark shoots San Wong in the head. Bronson and Michael are distracted, allowing Lilly to grab San Wong's firearm and shoot Bronson in the torso, but she's shot in the leg. Michael stands over Lilly, and Penny tackles Michael. Meanwhile, Jesse is fighting the boss and gets strangled.

Boss: "You're all gonna die. You could've avoided all of this, but you're so stupid."

Jesse then manages to grab the crowbar and strikes the boss, allowing him to escape. Jesse coughs as Victoria and Penny continue fighting Michael. Clark shoots Michael in the head, then runs down from the gate to where Jesse is fighting. Jesse throws a punch at the boss, who dodges and starts attacking Jesse. Clark jumps into the hole and aims his gun.

Clark: "It's over. On your knees."

Reluctantly, the boss gets on his knees.

Boss: "You can't kill me. My people will slaughter you."

Jesse hits the boss in the head with the crowbar.

Jesse: "We'll just kill them, just like I'm gonna kill you. But first..."

Jesse leaves as Clark watches him with a gun pointed at him.

Clark: "Don't be stupid."

Jesse returns with a machete.

Jesse: "I remember there's a look you always wanted to see."

Jesse stabs the boss through the hand, and the boss screams. Penny then jumps into the hole.

Penny: "That's not the right look, Jesse. Hand me the machete."

Penny chops off the boss's hand, and he screams and cries. She hands the machete to Jesse.

Penny: "You think that's the right look?"

Jesse: "No."

Boss: "Please, I'm sorry."

Jesse then puts the machete into the boss's head, killing him. Clark looks on in shock.

Clark: "Jesus Christ."

Penny: "Quit crying, baby."

Clark: "No one deserves something like that."

Jesse: "Someone like him does. He makes people torture others. Look at this shit."

Jesse takes out his fake eye.

Clark: "That doesn't change the fact that it's immoral. We're supposed to be the good guys."

Jesse: "Who the hell told you that?"

Victoria then enters the hole.

Victoria: "Jesse may be immoral. But in this world, there are no good guys. There's only alive and dead."

Clark aims the gun at Jesse.

Clark: "Demonic ass."

Jesse: "Stop."

Rachel then shoots Clark in the leg, and he screams, dropping his gun. Jesse and Penny stand over Clark.

Jesse: "You were gonna kill me."

Clark: "People like you aren't supposed to be alive. Without me, you all would've been dead."

Jesse: "That's probably a true statement. You're gonna live, but what you need to know that morality is only partially here. It's revenge. If we get the chance, other than survival and revenge, I'm moral. You gotta accept that's how the world is."

Clark: "Revenge leads to worse things."

Penny: "Are you deaf? He said revenge if we get the chance."

Clark: "And the boss said they'll kill us all."

Jesse: "So we'll kill them all. You're just a baby."

Penny: "Thinking of this, how do I know you're not gonna kill the people who gave you a second chance?"

Clark: "What do you mean?"

Penny: "It's obvious, Jesse. He's gonna try to kill us. When you let him go, he'll come back and cause problems."

Jesse then stands over Clark with the machete.

Jesse: "There are no more angels left in this world, Clark. Only demons."

He hits Clark with the machete, killing him, as Rachel tends to Lilly's wounds.

30 minutes later, they're all burying Mr. Pete.

Rachel: "What now?"

Victoria: "I don't know. We're thinking of leaving this gated place and looking for a new one."

Jesse: "What about Lilly? She's hurt."

Victoria: "I didn't mean now, dumpster boy."

Jesse: "Oh."

Two months later, they leave the gates and venture out.

Episode 3

Jesse and Penny wake up to see Rachel's and Lily's heads on pikes. They are tied up and surrounded by three people. Both of them express anger and sadness.

Ramon: "Hey, you really thought you were just going to sleep after you killed the boss and a ton of our soldiers? There are consequences to your actions. Meet the executioners, Turner and Alexander. And don't worry, we made their deaths nice and painful."

Alexander then unties the rope around Penny's and Jesse's mouths.

Ramon: "How about it, sport? Got any words for your pal?"

Jesse: "You are gonna die."

Ramon then punches Jesse three times and kicks Penny.

Ramon: "It looks like that's not gonna happen, buddy. You know the boss had an itch that you were going to do some messed up shit, so he had us already on standby. We've been keeping an eye on our friends."

Penny uses her belt to cut the rope off her hand and signals for Jesse to do the same. They both cut the rope while keeping their hands behind their backs. The belts they had were sharpened before they left the boss's compound, just in case of this.

Ramon: "See how confident we are? We have no weapons. You're not going to do anything."

Jesse then punches Ramon, and Ramon falls back. Penny gets up.

Ramon: "Son of a bitch! But you must have forgotten it's 3 on 2."

Jesse is grabbed by Turner from the front, but Jesse bites his neck. Penny then punches Alexander as Jesse punches Ramon. They both beat them up in sync and then get up.

Jesse: "2 on 2, asshole."

Penny: "Get up."

Ramon and Alexander get up.

Ramon: "You're going to pay if you kill me, and Alexander, you're already—"

A biter bites Ramon. Alexander turns around to see a biter, falls, and the biter gets on top of him. He struggles to fight it.

Alexander: "Help, please!"

Penny: "Sorry, bro. No weapons, and two includes more."

Jesse: "Anyways, have fun, buddy."

Penny and Jesse run away as they hear Alexander scream. After running a little bit, Penny trips over a bag that holds their weapons.

Jesse: "They must have stashed it away."

Penny: "Okay, Captain Obvious."

Jesse: "Screw you."

Penny: "Whatever."

Penny grabs a gun and a holster for it. She also grabs her golf wedge, while Jesse grabs his machete and a gun with a holster. Biters quickly approach, and they find themselves surrounded.

[Episode ends]

Episode 4

Penny: "Great, I needed to let things..."

Penny then kills a biter.

Penny: "You think we could take out however?"

Jesse then kills a biter.

Jesse: "110 percent."

Penny then grabs Victoria's ax, and she throws the golf wedge to the ground.

Penny: "I needed a replacement."

Penny and Jesse then mow down every biter in sight(28 biters). They sit down, and both of them cry.

Penny: "Wait."

Penny then wipes the tears from her eyes.

Penny: "So, what? Are you just gonna mope on the ground and cry? You know we haven't lost everyone yet. We fight for the dead, got it?"

Jesse: "Got it, but it seems if we didn't come here, they would be alive. If I didn't leave to..."

Penny then punches Jesse to the ground.

Penny: "We did what was best, and fate wasn't kind. Think of the good we did and can do. Think of living. You, Jessilina—maybe there's a future where life is back to normal, but you're still feeling bad for yourself."

Jesse: "Name one good thing that came from this."

Penny: "We're not slaves. The boss is dead. You got to see them again, even though things went to shit. You still got to see them again. Imagine a world where you're back there torturing people."

Jesse: "I guess I stand corrected, but what now?"

Penny: "Time will tell. Now get yourself up."

A biter approaches, and Penny kills it. Then Jesse gets up. A guy grabs Jesse from behind, and Jesse swiftly kills him.

Jesse: "Boss's guys."

Penny: "We can't stay outside for much longer. How about a little road trip?"

Jesse: "Sure, but see how stupid that sounds?"

Penny then lifts up the motorcycle from earlier.

Penny: "Saw it earlier."

They then get on it and ride until they see a farm. Before they get off the bike, a shotgun is put to their heads.

Episode ends.

Episode 5

Farmer: "Explain."

Jesse: "Explain what? It's a place we stumbled across. Most of these places are abandoned anyways."

Farmer: "Lower your tone, boy. I know you people; you come and steal."

Jesse: "Steal what?"

Farmer: "Sarcastic asshole. I should just..."

A teenage-looking guy approaches.

Teenager: "Dad, stop this nonsense."

Farmer: "Pete, I said stay in the house."

Pete: "You don't gotta be so paranoid. What if they're good people?"

Farmer: "Don't lecture me."

A woman then walks to the farmer.

Woman: "Hector, what the hell?"

Hector: "I'm protecting you all, Jessica."

Jessica: "No, you're not. You're being paranoid."

Hector lowers his shotgun.

Jessica: "Sorry about that. How about we let you into the farm as an apology? You could stay here if you like."

Penny: "Thank you, Miss Jessica. Sorry if we frightened y'all."

They all go inside.

Jessica: "There are two extra rooms upstairs, but I expect you two would stay together. The water works, so feel free to clean yourselves up."

They both clean themselves up, then settle in the room.

Pete: "Hey, food's ready. Also, sorry about my dad. One guy he let in stole some stuff in the night, so my dad doesn't trust people like that."

Jesse: "It's okay, I get it."

At the dinner table.

Jessica: "So, can you tell me about yourselves?"

Penny: "I was still in school when I was taken."

Jessica: "What do you mean?"

Penny: "It's a long story. I'll let Jesse answer before I give it."

Jesse: "Oh, umm, I worked in fast food."

Jessica: "Oh, I guess let's hear it."

Penny: "Oh, I'm gonna sound crazy. As a kid, I was abducted by a helicopter where I was tortured and forced to do bad things. The place held together throughout the outbreak, and eventually, I met Jesse after he almost died and was taken by a helicopter."

Pete: "That does, in fact, sound crazy."

Hector: "How did you get out and where did you guys go? How did you get here?"

Jesse: "We escaped, and then I made it to my friend's, but the leader knocked on our doors. We defeated him but lost friends. We couldn't stay there, so we left into the wilderness where a bad man killed one of my best friends. Then, not even a day later, the rest of our friends were killed. We couldn't stay out, so we explored and made it here."

Hector: "I know you're hiding the fact that you two killed, and probably killed a lot more than you're letting out. I bet every kill had a reason. You know, I had my doubts, but now I see wounded people. I know you two are good people, I know that. So, I welcome you here. What are your names?"

Jesse: "I'm Jesse, and that's Penny."

Episode ends.

Episode 6 season finale

It takes place a year after the previous episode, and Jesse is farming the land when Hector walks towards him.

Hector: "You know, I appreciate the work you did to help out at the farm."

Jesse: "You're welcome. I guess working gets my mind away from some dark stuff that happened."

Hector: "I understand. Demonic stuff happens in a world like this. I'm surprised we're all not insane."

Then, a military car approaches the gate, and Hector pulls out his shotgun, but Jesse stops him.

Jesse: "First impressions are everything. Let's give these people a chance."

Hector: "I hope you're right."

Five people get out of the military car.

Guy: "Hey, I came to request assistance. As you can see, I came unarmed because I bring peace."

Jesse: "Assistance in what kind of thing?"

Guy: "Rebuilding this world. Come join our community, please. We also need help. There's this guy; he has an army of about 200. He forces you to provide."

Jesse: "I could help, but how about I go with my people? Also, maybe we should provide names."

Guy: "Very well. I'm Sgt. Michael Stone. That's Alejandro, and his girlfriend Elena, and finally, that's Rin."

Jesse: "I'm Jesse, and that's Hector. But before Hector, are you okay with this?"

Hector: "I most certainly am. We'll join your community. We can help farm and stuff. But the only soldiers we got here are Jesse and Penny."

Sgt. Michael: "Very well. I'm glad you agreed, and I'll be happy to work with you."

Alejandro: "I can't believe you talked your way into this. Normally, they decline."

Sgt. Michael: "You shouldn't have doubted."

Jesse: "So, are you coming into the house?"

Sgt. Michael: "Definitely."

Jesse takes them into the house where they meet up with Penny, Jessica, and Pete.

Jesse: "They have a proposal."

Sgt. Michael: "I need your assistance in rebuilding this world. I would like you to come join our community also. We also need help. There's this guy; he has an army of about 200. He forces you to provide or he offs you."

Penny: "It seems like there's a lot to gain in this. The farm will eventually get overrun, so joining the community would be the best option. In terms of the other things, me and Jesse have fought worse, so I'm in."

Sgt. Michael: "Great."

Jessica: "Wait, in this community, is it safe for my son, Pete? Does it have people his age?"

Elena: "I'll answer this. Definitely, I think he'll fit right in."

Jessica: "Then we're all in."

Rin: "Micheal, what's the point? We're still outnumbered."

Sgt. Michael: "Skill beats numbers. I'm certain Jesse and Penny could handle themselves well."

Rin: "I swear if you get one of us killed."

Jesse: "Relax. Me and Penny have fought much worse. You can count on us."

Penny: "The one-eyed loser is right. You can trust us."

Jesse: "That was rude."

As they all go into the car, a random guy puts a gun to Jesse's head.

The guy: "I suggest you get on your—"

Jesse then punches the guy to the ground. The guy grabs his gun and points it at Jesse.

The guy: "You'll regret your bold move, asshole."

The guy gets up and puts the gun to Jesse's temple. Jesse then grabs the gun, wrestles it away from the guy, and shoots the guy multiple times.

Sgt. Michael: "Jesus Christ, he shouldn't have brought a gun to a fist fight. You did it without thinking or blinking. Looks like we made the right decision."

Jesse: "It's just not my first rodeo."

Sgt. Michael: "That's evident."

They all leave and go to the community, and they all get let in the gates. Jesse and Penny look around as a woman walks towards them.

Woman: "Hey, welcome to "The After". We at "The After" are happy to have you here."

Episode ends.

Season 6 of we are survivors

Episode one

It starts three weeks after they arrive at "The After," and they are preparing to battle a guy called the Butcher and his army. There's this new character named Davontae, who wears mostly black and wields a katana. He's joined by Jesse, who's wearing a tank top and jeans and carrying a hatchet. Jesse also has a fully grown beard. Sgt. Micheal is in a brown t-shirt and military pants, and Penny is in a tank top with a jacket and jeans. They, along with others(10 other people), are invading the building where the Butcher is.

Sgt. Micheal: "Go, go, go!"

They all rush in, shooting up the place and killing everyone inside(125 people). But upon going outside, they find themselves surrounded. A man tells them to get on their knees.

Levi: "Why should we listen?"

Man: "Trust me, we've got firepower, and you're surrounded. It's best to cooperate."

Sgt. Micheal: "Everyone, weapons down. Let's cooperate."

Man: "You just killed a bunch of our people. For that, you've got to meet the Butcher."

A guy wearing a butcher outfit steps forward, holding a bloody butcher knife.

Butcher: "I'm perplexed by the balls you guys have, going in guns blazing. Now stand up, the guy who questioned."

The man stands up levi. The Butcher gets in his face, kicking him in the stomach, causing Levi to fall on all fours.

Butcher: "On your knees, young man."

Levi then gets on his knees.

The Butcher puts the knife to Levi's face, then feints a swing.

Butcher: "Get the cattle on their knees."

Everyone is forced to their knees. The Butcher walks around them, pointing his blade at each one. He stops and starts talking.

Butcher: "Hey, Sgt. or whatever, do you believe in rules?"

Sgt. Micheal: "Huh?"

Butcher: "It's a simple question, answer it."

Sgt. Micheal: "Not in this world."

Butcher: "Wrong. This is why we thrive. The rules keep a society together. You know what you guys did? You made my butchers the cattle."

The Butcher continues walking around, pointing his knife at everyone, but he stops at Jesse.

Butcher: "Those eyes, the way you're looking at me. I see a killer in those eyes. I wonder if keeping you alive would be worth it. Three out of fifteen aren't whimpering in fear, you, the Sergeant, and the girl are stone cold. What's your name?"

Jesse: "It's Jesse."

Butcher: "Wasn't even a stutter. There's a strong case of tough guys here."

He then walks over to Penny.

Butcher: "That same goddamn look. What's your name?"

Penny: "Penny."

The Butcher continues walking around them one last time and stops at Levi.

Butcher: "A look of fear. What's your name?"

Levi stutters then stops trying to speak, looking down.

Butcher: "Aim the guns at everyone. Listen, you speak when spoken to. Now, what's your name?"

Levi then starts crying.

Levi: "It's Levi."

Butcher: "Okay, guns down."

He puts the knife to Levi's face.

Butcher: "You die with dignity."

The Butcher then drives the butcher knife into Levi's neck, almost immediately decapitating him. He then delivers another strike, and Levi's head falls off his body.

Butcher: "Trust me, that does not get easier. Get the Sergeant, Penny, and Jesse, put them two feet in front of the others. Call them the black sheep of the bunch."

The Butcher walks around Jesse, Penny, and Sgt. Micheal.

Butcher: "The same goddamn look, straight savages."

The Butcher feints a strike at Jesse, then at Penny and Sgt. Micheal, but none of them flinch.

Butcher: "Stone cold performance."

He then walks around the others and suddenly stops, putting the butcher knife in the back of a guy's head.

Davontae: "No, you bastard!"

Davontae gets up and punches the Butcher. The guys surrounding them then pin him to the ground.

Butcher: "Look at the balls on that guy. Move him with the black sheep."

He then walks around the others again and points at a guy.

Butcher: "Name."

Guy: "Allan."

Butcher: "Allan, allow an knife in your head."

He drives the knife into the guy's head.

Butcher: "You know what, kill everyone except our black sheep: the Sergeant, Jesse, Penny, and the boxer."

Everyone else in the lineup is gunned down.

Butcher: "Anyways, bye, my friends. Watch out, there's a herd of biters coming."

The Butcher's group gets in a car and drives away.

Episode two

Sgt. Michael: "No time to think, get your weapons."

Davontae: "You're sick. He just killed a ton of our friends."

Sgt. Michael: "I'm aware, but this is, and I repeat, a battlefield, and it's life and death. So, you get your ass up and get ready to fight this herd."

Davontae: "Whatever, I'm not your soldier. I'm not your servant."

Jesse: "So, what are you gonna do, die?"

Davontae then backs up and throws a punch at Jesse. Jesse throws a right punch, knocking him to the ground.

Jesse: "Watch yourself."

Penny: "You know, the dead guy on the ground wouldn't wanna see you die here."

Sgt. Michael: "Exactly, so pick up your weapon and fight, Davontae."

Davontae: "God damn it, fine!"

Davontae then pulls out his katana, Jesse pulls out his machete, Penny pulls out Victoria's hatchet, and Sgt. Michael pulls out a knife.

Sgt. Michael: "Remember, guns are a last resort. We go back to our home and take this L on the chin. Got it?"

They all then run in the direction of "The After" but get surrounded by biters.

Sgt. Michael: "Oh well, look at this beauty."

Davontae: "What the hell do you even mean?"

Sgt. Michael: "Ever heard of sarcasm, asshole?"

They start fighting the herd, but then suddenly gunfire kills all the biters around. It's the Butcher and five of his men.

Butcher: "Couldn't let my special sheep die."

The Butcher's group then drives off.

They knock on the gates.

A woman: "I count four. What happened to the rest?"

Sgt. Michael: "Killed."

Woman: "I do not truly know if another mission is smart."

Sgt. Michael: "Got it."

Upon entering the gates, they are surrounded by people asking what happened to their friends.

Sgt. Michael: "I'm sorry to inform you that your friends are dead."

A lady: "We have to get them back for this."

The group of people then start chanting "revenge."

The woman: "Wait, how many of us want more to die?"

A guy: "As long as they die, make the right decision, Governor Lopez."

Woman: "I see how you guys want it. So me and the survivors are gonna talk about it."

Jesse, Penny, Sgt. Michael, and Davontae are taken into the governor's house.

Governor Lopez: "I know you guys are my only capable fighters."

Sgt. Michael: "I say we go on a mission. The fewer people could mean more opportunities."

Davontae: "Enough with flawed logic from the trash Sergeant. I'm not going."

Governor Lopez: "I suggest you rethink that."

Davontae: "What the hell do you mean? I lost almost everything there, and I'm not losing it all. I'm referring to my life, if you simple-minded bitches don't understand."

Jesse: "What a baby."

Davontae: "What the hell have you lost?"

Jesse: "More than you can imagine. Tell me, please, have you been outside these walls for most of your post-apocalyptic life?"

Davontae: "Well, not really. Only for the first few months."

Governor Lopez: "So, shut the hell up."

Sgt. Michael: "I don't even know if I want a crybaby like you on my field, but it's the best option. We know where the Butcher stays. We jam a knife in his neck."

Episode ends.

Episode three

The group of Jesse, Penny, Sgt. Micheal, and Davontae have broken into a butcher's building, and they're sneaking around. They all kill guards as they slowly creep towards the butcher's office. They kill more guards sneakily(10 total guards killed), but as soon as they get to the office, Davontae charges in and swings his katana at the butcher. The butcher dodges it and grabs his butcher knife.

Butcher: "Holy cow, you've got some balls."

Davontae: "Shut the hell up."

Jesse, Penny, and Sgt. Micheal enter.

A man then comes from the corner of the room.

Man: "Hey, why don't we act civilized here?"

Davontae then tries to stab the man, but the man dodges. Sgt. Micheal then punches Davontae to the ground.

Sgt. Micheal: "Chill out, don't get us killed. What do you mean by civilized?"

Man: "We can talk this through. Let's lock the door and have a civilized meeting about this debacle."

Butcher: "Yes, good thinking, Drew. Just so you know, if you try anything, there's a button. If you try anything, we'll push it and then you'll die."

Sgt. Micheal: "Got it."

Jesse: "What is there to discuss?"

Butcher: "How about we leave your community alone, and you leave us alone?"

Drew: "That's right. We want no bloodshed. But you must have killed more of our people to get in."

Penny: "Correct."

Drew: "So, I say there's a punishment for that, and then we leave things as they are."

Jesse: "Bullshit."

Drew: "Huh?"

Jesse: "I said bullshit."

Then suddenly gunshots are heard from outside the office.

The Butcher: "Was that you guys?"

Jesse: "No."

Sgt. Micheal: "Everyone on the ground now!"

The door then gets blasted open.

A guy: "Jesse, Penny, you killed the boss, and now you all pay."

Butcher: "Hold on a damn minute."

The guy then punches the butcher to the ground and pulls out a gun.

A guy: "I want Penny to torture Jesse in front of me."

The guy is then shot in the head by one of the Butcher's men.

Butcher's man: "That's for punching the king."

The guy falls down and dies. The Butcher, Drew, Penny, Jesse, Davontae, and Sgt. Micheal walk the hallway, realizing everyone was killed.

Butcher: "Holy shit."

Davontae then puts the katana to the butcher's neck.

Davontae: "Beg for your life."

Butcher: "I ain't beg for anything, and I'm not starting now."

Drew then knocks the katana out of Davontae's hand.

Drew: "What now? Our base is gone, dead."

Jesse then stabs Drew through the stomach. Sgt. Michael knocks the butcher to the ground and jams a knife into his skull.

Sgt. Michael: "I guess now we live."

Jesse: "Nope, stuff like this always comes back to haunt us. You just gotta be prepared for when that happens."

Davontae then throws dirt in Sgt. Michael's eyes and runs away.

Sgt. Michael: "God damn it."

Jesse: "You want us to go after him?"

Sgt. Michael: "Nope."

Davontae then attempts to slit his neck but is stopped by a female who was a part of the butcher's army.

The female: "So, you're ending it all just like that. Why do you have to die?"

Davontae: "Why do you care?"

The female: "Because I don't feel like watching a suicide without helping."

Davontae: "It hurts more in the mind when you fail."

Davontae then attempts to do it again, but it's knocked out of his hand and kicked away.

The female: "Not much of the failing type, but it looks like you are."

Davontae: "Screw you. Don't you have your friends to mourn?"

The female: "Nope, don't care for them."

Davontae: "So, what are you gonna do now?"

The female then pulls out a gun and aims it at Davontae. And then she smiles.

The female: "Hands up."

Davontae: "What the hell?"

The female then puts the gun down.

The female: "Just kidding."

The female then shoots Davontae in his leg, and Davontae screams. She then aims the gun at Davontae's head.

Sgt. Michael: "Come on, calm down. Nobody has to die."

The female: "Is the butcher dead?"

Jesse: "Yes."

The female: "Very well. Also, call me Samantha."

Penny: "Okay, Samantha. Please don't kill him."

Samantha then shoots Davontae in the head, then aims at Jesse and shoots him in the hip. Jesse falls in pain. Sgt. Micheal then reaches for his weapon, and Samantha fires at the ground near them.

Samantha: "Don't try anything. You'll regret it. Now, weapons on the ground."

They all put their weapons on the ground, and then she puts Sgt. Micheal and Penny in a cell, then tends to Jesse's wounds.

Episode ends.

Episode four

Days have passed, and Jesse, Penny, and Sgt. Micheal are in a cell. Samantha then aims the gun at Sgt. Micheal.

Samantha: "Hey, how are you doing? Only the Sargent can answer."

Sgt Michael: "I'm doing great, thank you."

Samantha: "Not for long. On your knees."

Sgt Micheal gets on his knees and looks up at her. Samantha lets Sgt. Micheal out of the cell.

Samantha: "Now get on your knees, soldier."

Sgt Michael gets on his knees, and Samantha grabs a pipe that was laying around.

Samantha: "Don't try anything. Die with dignity."

She then hits Sgt. Micheal on the head with it. Sgt. Michael gets back on his knees and looks up at Samantha.

Sgt Michael: "Let's just get this over with."

Samantha: "I accept your request."

She then hits Sgt. Micheal multiple times with the pipe until he dies.

Samantha: "Just like that, there were two. You know, I'm not much of the bad type. You guys can leave, but you've got to break out on your own because I am leaving this place."

Jesse: "Wait."

Samantha: "What, one-eye Bob?"

Jesse: "You can't just leave us here."

Samantha: "Yes, I can."

Penny: "No, you can't."

Samantha then aims the gun at Penny.

Samantha: "How so, and now you're quiet?"

She shoots Penny in the stomach and throws the keys in the cell before leaving.

Jesse: "No, no, no, no!"

Penny: "You're acting like I'm dead already. There are medical supplies outside the cell."

Jesse runs to get them and comes back desperately trying to save Penny. He manages to stop the bleeding and take out the bullet, but Penny is still dying from internal injuries.

Jesse: "Shit, shit, shit."

Samantha returns with medical tools, but she aims the gun at Jesse.

Samantha: "I can save her, but you've got to promise not to try anything."

Jesse: "Got it."

Samantha then walks up to Jesse and knocks him out with the gun. Jesse wakes up to see Penny bandaged up, but he's in handcuffs back in the cell.

Samantha: "Penny has the key to the handcuffs and the cell. You've just got to play the waiting game. She'll live, she'll be up and running in maybe two days. Except all the food goes to her. I'm giving you enough food to keep her alive, there's nothing for you."

Jesse: "You crazy son of a bitch."

Samantha: "Anyways, I'll be around."

Two days pass, and Jesse and Penny leave the cell.

Episode ends.

Episode five

Jesse and Penny then search for their weapons and some food. However, they are attacked by a biter. Jesse pushes it away, but he's too weak to run, and so is Penny. Jesse attempts to wrestle it, but he's overpowered and on the verge of getting bitten. That's when Samantha shoots the biter. She then throws a backpack full of food to them.

Samantha: "Don't die."

She hands Jesse his machete and gives Penny Victoria's hatchet.

Samantha: "Probably shouldn't leave this place yet. You're clearly a little bit weak."

Jesse: "You don't actually care."

Samantha: "I do, to an extent, but not that much at all."

Penny: "Of course."

Samantha: "Killing them, I was just letting anger go, in my own way. See, there are no rules, and as far as right now, I make the rules. So I let my sadness out anyway I can."

Jesse: "Sick-minded."

Samantha punches Jesse to the ground. Jesse is too sick to fight back, so he just lays there.

Samantha: "Starvation's a bitch. Anyways, get better, then you can try to get my head on a spike or something."

Three months pass.

Jesse is roaming the building with Penny, getting ready to leave. But before they are able to, a gun gets aimed at their heads.

Jesse: "I suggest you get that away from my head."

Samantha: "Okay."

She then shoots the roof, and the ceiling falls on Jesse and Penny. Samantha knocks them out with the gun. They wake up with bags over their heads and are tied up. They are in a car.

Samantha: "Sorry, can't let you return to your community."

Penny and Jesse are dropped in a random location in the middle of nowhere.

Samantha: "Yeah, good luck. See you around. Wait, nevermind that."

Samantha gets out of the car.

A herd of hundreds of biters approaches.

They all run into a nearby church where they are greeted by a guy in the church.

Guy: "Who the hell are you?"

Samantha: "The Grim Reaper."

Samantha then aims the gun at him.

Jesse: "Wait, that will attract the biters."

Samantha: "Fine, you get to live."

Penny: "But do you?"

Samantha: "The best option, technically."

Guy: "You know she has a point."

Samantha: "Yeah, I guess you're right. So what now?"

Penny: "We wait here until we find something better to do."

Jesse: "Where the hell are we?"

Samantha: "No clue. I just drove."

Guy: "This is Toronto."

Jesse: "Toronto? How long was the drive?"

Samantha: "Long as hell."

Jesse: "So I guess we just stay here and survive."

Penny: "Roger, pirate."

Episode ends.

Episode six season finale

It starts right after the previous one. They all sit down.

Guy: "I'm gonna ask again, who the hell are you?"

Jesse: "I'm Jesse, that's Penny, and that's, umm, I forgot your name."

Samantha: "Samantha, asshole."

Jesse: "My fault. Wait, it was days of driving. I don't recall the drive or anything. We should've starved or something."

Samantha: "Oh, that? I drugged you and then I fed you. It's less risky when you're incapacitated."

Jesse: "That's smart, actually."

Penny: "Where did you get the drugs?"

Samantha: "The butcher had them for the tough people he kidnapped."

Guy: "Hold on, kidnapped?"

Samantha: "Yes."

Guy: "You aimed a gun at me earlier. You're a sick son of a bitch, apparently, so I think you should leave my church. All of you, because based on your reaction, you all don't belong in this place."

Jesse: "Make us leave. You want to kick us out to die? You're a sinner. You don't belong here either."

Guy: "Don't lecture me, and I'll make you leave."

(The guy pulls out a gun, and Samantha shoots him in the leg. The guy screams.)

Guy: "You bitch!"

Samantha: "It's only a leg shot. You'll probably live."

(The guy regains his grip on his gun and aims it at Samantha, but Jesse kicks it out of his hand and grabs his machete.)

Guy: "You're gonna kill a guy in a church? Come on, that's not you."

Jesse: "You don't know me."

(Jesse then kills the guy as he does that, biters bang on the door.)

Penny: "Shit, Samantha, are you with us?"

Samantha: , all I've done. That's an option."

Penny: "Yes. In this world, there's one enemy: the walking dead. And we ain't them."

Samantha: "Well, in that case, I'm with you. Anyway, what now? There are hundreds at the door."

Jesse: "I guess we go on a suicide mission because if we stay here, we'll starve to death. We'll die anyway."

Penny: "Damn, guess this might be it, huh?"

(Penny then kisses Jesse.)

Jesse: "Woah."

Penny: "Don't let it get too much to your head. We gotta fight."

Samantha: "What a cute moment. I've got an idea. We throw the church boy's dead body out the door to distract some of the biters, and then we jet."

Penny: "Good plan. Let's go."

(They then open the doors, quickly throw the body out, and close the doors.)

Jesse: "Do you have anything besides your gun?"

Penny: "I got a knife from Buddy. Do you two have a gun?"

Jesse: "Yep, now let's go."

(They open the doors and start fighting the herd of hundreds(596 biters .)

Jesse: "Stay at the doors. It'll be worse if we have them coming behind us too."

(They fight for hours as Victoria and Bruce's quotes play.)

Victoria: "This day sucks, I know that, but you know what?"

Bruce: "We gotta stay strong."

Victoria: "All the people that died wouldn't want us to die, so let's beat this world."

Bruce: "Yes, we can mourn, but we don't have to be down in the dumps."

Victoria: "We gotta keep moving forward despite the shit the world throws at us."

Bruce and Victoria: "We are survivors, and that's what we'll always be."

(Episode ends.)

Season 7 of we are survivors

Episode One:

It begins with Jesse, Penny, and Samantha battling a massive herd of biters.

Samantha: "I'm out of bullets."

Jesse: "Me too."

Penny: "Same."

Jesse pulls out his machete, Penny grabs Victoria's hatchet, and Samantha takes out a knife as they continue fighting.

Samantha: "God damn, it's endless."

Jesse: "Yeah, but let's make this stand. If we go, we'll go out fighting."

Penny: "True that."

They continue fighting them, and the scene cuts to all the biters dead.

Jesse: "We actually did it."

Samantha: "Guess fate wanted us alive."

Penny: "Hey Samantha, all of the butcher's men were killed. How did you survive?"

Samantha cries.

Penny: "I'm sorry."

Samantha: "It's okay. I can tell you. Multiple people were killed unexpectedly, gunfire all around. I couldn't tell anything. Our guys fought and killed a bunch, but all of us died. I survived by being buried under bodies of my friends. They were shot; I couldn't do anything, or else I would share the same fate. I thought about it. Maybe a little nap would be nice, but I stayed there as a ton of people I knew and loved died."

Samantha then gets on her knees and cries, and then Penny hugs her.

Penny: "I'm sorry this happened to you. I get why you killed Sgt. Michael and Devontae. Revenge was on your mind, so why should I hold a grudge for something I understand? Also, probably me and Jesse would do the same thing."

Jesse: "Yeah, in your shoes, I would go on a killing spree, seeing red. So, I guess I can't hold a grudge as well."

More biters show up.

Jesse: "Mother fucker."

Samantha gets up and holds onto her knife tightly.

Samantha: "I still see red, but on these dead bastards."

Jesse then kills a biter, and they start killing the herd of 20. They kill them and enter the church.

Jesse: "I hear the people I lost telling me it's not done yet, and that's what pushes me every day. I remember the people that made the effort to save my life, so I make an effort to work for them. I remember this man who saved me when I first found out about this stuff. I didn't know him for long because he was bitten, but I remember him. I think about him every day. There were these people named Victoria and Bruce; they saved me, taught me a lot. Bruce was bitten, and later on, Victoria was killed. I think about the people who saved me at the start every day. Those were examples, but you get what I'm saying. I think we should live for the ones who live inside of us."

Penny: "Well said, about earlier."

Jesse then holds Penny's hand, and they look into each other's eyes and kiss.

Jesse: "So, are we together?"

Penny: "Yeah, you can say that."

Jesse: "I didn't expect anything like this in the apocalypse."

Penny: "Me neither. You did your speech. Can I say something?"

Jesse: "I'd be an asshole if I said no."

Penny: "Okay, when I was forced into a situation, I stuck with it. Eventually, I got tired of it, but I stuck with it because I knew escaping would get me killed. So, I continued to follow the evil leader, whether it was torture or being tortured. Until Jesse, I saved you from almost dying. I was forced to do messed-up things to you, and I apologize. Eventually, I saw the man you are, and then I finally was able to escape. I'm sorry for getting your friends killed because maybe if I..."

Jesse: "Don't say sorry. I thank you for helping me escape because I couldn't imagine working for him, torturing people."

Samantha: "What a great moment for y'all. So, are we staying in this church? Romeo and Juliet, wait, no, Bonnie and Clyde?"

Jesse: "Nah."

Samantha: "So here's an idea. We drive back to your little town. You can sit in the back this time, buddy."

Jesse: "Great idea."

Samantha: "I've got food and supplies in there."

Jesse: "Do we actually know our way home?"

Samantha: "No idea."

Jesse: "Then how are we—"

Penny: "We jinx it and go. We know we're in Canada, and we just gotta drive to the US, and we go from there."

Jesse: "I guess you're right."

Penny: "I know I'm right."

Samantha: "So it's settled."

They then make it to Samantha's car.

Samantha: "Oh yeah, gas cans in the back."

Jesse: "Jesus Christ, you had a lot of shit."

Samantha: "I grabbed a lot from the butcher's compound before I left, but now that we're here, are we cool?"

Jesse: "Of course."

They then get in the car and start driving.

Episode ends.

Episode 5

Penny wakes up Jesse and Samantha.

Penny: Hey.

Jesse: What's up?

Penny: Do you think this place is really good for Johnny? I think it might be better to ditch this community because it seems like the after is not for us.

Jesse: I had my doubts too. I thought I was crazy, but no, there are killers here. But we've been here for 7 years, so it must be safe.

Penny: During those seven years, there was no peace; it's conflict, that's what it is.

Samantha: So, if we ditch this place, where do we go?

Penny: Remember the only community we took over? The one with Phoenix?

Jesse: Are you sure it's still together or not taken over?

Penny: I'm sure it's fine.

Jesse then grabs a pistol and his machete.

Jesse: Samantha, are you down?

Samantha: Yup, this place was cool for seven years, but sometimes it takes a while for the devil to show.

Penny grabs her hatchet and a pistol. Samantha grabs a Katana and a pistol.

Penny: Do you know how to use that thing?

Samantha: Yeah, when I was a kid, I was taught in a dojo.

Penny: Cool.

Jesse: So, we're sneaking out?

Penny: Not exactly. Remember when we escaped the boss's place?

Jesse: Oh, so a little lie.

Jesse, Penny, Samantha, and Johnny go to the gate where they're confronted.

Man: What are you doing?

Jesse: Going on a run for supplies.

Man: Okay, be safe out there.

They leave the community and set out to their old place.

Samantha: The car from 7 years ago is parked 2 miles away.

Jesse: Why?

Samantha: I don't remember.

Jesse: Fair.

They then make their way to the car.

Samantha: I'll drive. You two just stay with Johnny in the back.

Penny: No, I'll be in the passenger side. Jesse stays with Johnny in the back.

Samantha: Doesn't he need both his parents by him?

Penny: I need to navigate. Jesse will have to be with him.

Everyone then gets in the car.

Johnny: Dad, where are we going?

Jesse: To a better place.

Johnny: Thank you, Dad.

Johnny then hugs up on Jesse and goes to sleep.

Episode 6

Penny and Samantha are talking while Jesse and Johnny are sleeping. This takes place hours after the previous events.

Samantha: I never got the chance to ask you about your mindset regarding life and parenting.

Penny laughs.

Penny: Everything changed when I had a kid. Before, I was okay with dying. I cared about my friends, dying people like Jesse, but I didn't care about myself dying.

Samantha: Is that how it is now?

Penny: Now, it's that I cannot die. I want Johnny to have the childhood I never had. I want him to have both a mother and a father, and I can't be a mother if I'm dead. Also, I can't let Jesse die either, so I try my best to avoid that.

Samantha: I feel that. One day, Johnny going to be a kid, and I believe you two are going to be the best parents for Johnny.

Penny: Thanks.

An RV drives in front of the car, and two people get out. Penny wakes up Jesse, and Jesse, Samantha, and Penny all exit the car with their guns. Jesse recognizes the people.

Jesse: Ryan and Mr. Johnson, you're alive!

Ryan: No way.

Mr. Johnson: Nice to see you, friend. Can you introduce me to your friend?

Jesse: Yeah, this is my wife Penny, and that's Samantha. I have a son named Johnny.

Ryan: Congratulations, Jess.

Jesse: So, where are you guys headed?

Ryan: Nowhere, just going. Where are you guys headed?

Jesse: An old place with gates.

Ryan: You can take the RV. We can go together.

Jesse: Sure, but Penny has to drive.

Penny: Hold up, no, you're driving. I drove this far; it's your turn.

Jesse: Damn, I guess you're right.

Ryan: Okay then, let's go.

They drive to the old community to see if it's still intact.

Jesse: Guns up. We don't know if there are people who want to hurt us.

They walk into the community, and then they're held at gunpoint by a man.

Guy: Hands up.

Jesse: It seems you are outnumbered, so how about you put your hands up?

Guy: This is my home.

Penny: No, this is our old home. You were here temporarily.

The guy puts down his gun, looks down, then looks up and re-points his gun at Jesse, getting ready to fire. That's when Ryan shoots him in the head.

Jesse: Nice.

Ryan: What do you mean nice? I just killed a man.

Jesse: I mean good reaction time.

Ryan: But we're numb to murder.

Jesse: Yes, definitely. It used to keep me up, but now I'm completely numb to it because it's one of the things we've got to do to survive.

Penny: Yeah, he's right. Morally gray is now the winning side.

Mr. Johnson: I get what you're saying. I assume it means you came across bad people and were forced into those situations, making you true survivors through and through. We only came across one bad person; biters killed most of the people.

Jesse: Most of our people were killed by people.

Mr. Johnson: I know I'm your teacher, and Ryan, why were you so trusting?

Jesse: I guess there's a soft spot.

Mr. Johnson: I see.

Ryan: I just closed the gate, but there are biters in this place, about 5 or 6.

Jesse: I got it. You two settle in.

Ryan: What do you mean, "I got it"? One person can't take on more than 3.

Jesse: I've taken on a lot more. Don't worry about me; just get settled in.

Jesse pulls out his machete and starts killing all the biters after meeting with Penny.

Jesse: Have you chosen a house yet?

Penny: Yeah.

Penny points to a house.

Penny: Also, when are we going to fill this hole?

Jesse: Never. I want to remember. Running away from the past is a bad way to go.

Johnny: Dad, I'm sleepy.

Jesse: Then I guess it's nap time.

Episode ends.

Season eight we are survivors

Episode 1:

Taking place 5 months and 4 days after Season 7, it follows two people in different locations, but around where Jesse and the company are staying. This first part follows Bruto as he travels through the woods, with a guy named Paul following him. Bruto kills a deer and then cooks it.

Paul: Nice kill.

Bruto: Leave me the hell alone.

Paul: The service I provide will be useful to you.

Bruto then stabs the tree next to Paul.

Bruto: You wanna die? Then keep walking, asshole.

Paul: Okay, fine. I'll be making your preferred choice, which is for me to leave.

Paul walks away nervously. Then, 4 biters approach and Paul falls. Bruto takes out two knives and kills the biters, saving Paul.

Paul: My gratitude and appreciation are all yours, miser.

Bruto: Shut the hell up, man. Get the hint—I want to be left alone. Leave and try not to die.

Paul: I assume we reached this agreement and I'll be leaving.

Paul then wobbles off.

Bruto starts eating the deer, but then he hears Paul scream. He reluctantly goes to save him. He reaches Paul, who is about to get bitten, but that's when Bruto kills the biter on Paul with a gun. He puts the gun down and kills the 17 biters around Paul. Paul looks in shock.

Paul: I absolutely don't understand why you did the actions you just did.

Bruto stands up and yells.

Bruto: How the fuck did you live this long, savior like me? I'm not your friend; I just didn't want a death on my conscience. Don't respond to this and go out on your own.

Paul cries, and then Bruto gives him a gun.

Bruto: Be a man; stop whining.

Paul: The world went downhill. I had so-called saviors, allies who took me from place to place, but I lost track of them.

Bruto: Don't cry to me about it. They're not my people. So, go find them. You've got the gun; be a man and stop depending on saviors to help you. Find your base.

The scene switches to a guy named Diego, who is running from biters. The biters are shot by a former cop named John, followed by a former therapist named Lizzy.

John: How long have you been out here?

Diego: Since the beginning. I met a couple of people, but I left to be on my own.

Lizzy: Are you the introverted type?

Diego: Yeah.

John: So, I assume you would leave us once you join us.

Diego: Umm, no comment.

Lizzy: You don't have to be nervous. Back when I was a therapist, I had a lot of people like you—people in their shells. You naturally avoid people because you're afraid to socialize.

Diego nervously laughs.

John: And you made him nervous.

Lizzy: Wasn't trying to.

John: Diego, how about you stay with us for a couple of days? We don't bite.

Diego stutters and struggles, but he says:

Diego: Fine.

They then go out and roam the woods.

Episode two

Bruto is roaming the woods when he comes across Jesse and Penny.

Jesse: Hey, you wanna join our place?

Bruto: Hell no, I like being on my own.

Jesse: There are different houses; you could be alone. Just out here is, well, out here.

Bruto: Fine, only because you won't set the hell up. You better not be lying about the houses thing.

Penny: We're not. I swear on the weird pirate.

Jesse: That's insulting.

They then go into the woods, and Bruto kills a bird.

Bruto: I brought a peace offering.

Bruto laughs, and so do Jesse and Penny.

They then make it to Jesse's community.

Bruto: Wasn't expecting this shit.

Jesse then shows Bruto to a house where Bruto settles down. He then goes to the shower and turns it on.

Bruto: Holy shit, that's more surprising than if a deer spoke. Wait, is that a toothbrush and toothpaste? Maybe this place ain't that bad.

Bruto then cleans himself up and walks around the two-story house. He then lays down.

Meanwhile, Diego, John, and Lizzy are roaming the woods when they run into Samantha and Ryan.

Ryan: Hey, I have a question.

John: What is it?

Ryan, nervously: Would you, would you...

Samantha: Goddamn it, Ryan. Would you like to join our community?

John: I think that would be a yes. Can you tell me about it as we walk there?

Ryan, stuttering: Umm, yeah.

Lizzy: Why are you nervous, sir?

Ryan, stumbling: Umm, umm, not used to people yet in the apocalypse. Wait, not like that. People are scary. Wait, umm, not saying you are. Wait, umm, not saying you're not scary. Dammit.

Lizzy: It's fine. Don't worry too much. It'll be fine.

Samantha: It has a gate that keeps the biters out, lights, water, food, everything. But some days we need to go on runs.

John: Sounds like a good place.

They then get to the community where they all settle in. The episode ends.

Episode three

Certainly, here's the corrected version:

****It takes place at nighttime. Jesse and Penny are in bed talking.****

Penny: Do you trust those people?

Jesse: Yes, some a little less, but it's a good thing to do. Heck, I'm about 30. Maybe I shouldn't be such a paranoid killer.

Penny: Dang, we're growing old in an undead world. Who would've thought? Also, I'm dating a dinosaur.

Jesse laughs.

Jesse: Screw you, how old are you?

Penny: The same age, wait, actually, I think 28 or 29. So, my point stands, you dinosaur.

Jesse: Goddamn it.

Penny: Quick question, how did it feel when I took your eye out?

Jesse: Painful, you asshole.

Penny: Crazy first date.

Jesse laughs.

Jesse: You're unbelievable.

Penny: Yeah, I am, you pirate or cyclops.

Switches to Bruto.

He's walking around his new house when he hears a knock from Samantha.

Bruto: I thought they told you I want to be alone.

Samantha: I know, but it's not smart to not know the people you are living beside. So, let's have a chat.

Bruto: Okay, fine, but only because I kinda like this place.

Bruto then lets Samantha in, and they sit on a couch. They sit for a couple of minutes.

Samantha: So, you're not saying anything?

Bruto: What the fuck do you want me to say?

Samantha: Woah, chill.

Samantha laughs.

Samantha: Let's start with how you're settling in your house.

Bruto: Good. Now, are we done?

Samantha: Not really. I only asked one question.

Bruto: Goddamn it.

Samantha: So, what were you before?

Bruto: I was a truck driver and a high school dropout.

Samantha: Oh, wow.

Bruto: Now the Riddler. Since you asked about my past, give me yours.

Samantha: Pharmacist. Now, Batman, can you tell me if you were alone throughout the whole apocalypse?

Bruto: I tried my best, too. People found me and communicated with me. Then I was a part of a group, but they all died. Keeping that in mind, I spent a long time alone. Seeing people sometimes. Now, are we done? Doc Oct—wait, no. Wasn't Harley Quinn something like that?

Samantha: Wrong. She was a psychiatrist, not a pharmacist.

Bruto: Man, tomato, tamato.

Samantha: Not really.

Bruto: Man, I didn't join this community to be judged on stuff like this.

Samantha: You read comics?

Bruto: Yeah, on breaks at work. Didn't have anything better to do.

Samantha: A favorite character?

Bruto: The Punisher. You?

Samantha: The Flash or Deadpool.

Bruto: You picked my second and third.

They smile, and the episode ends.

Samantha: sure that

Samantha then fakes like she left and bruto smile and yells

Bruto: yes

Samantha:celebrating are we

Bruto: I thought you I thought you man shut up

Episode ends

Episode five

Around 12-13 years ago

This takes place as Bruce is getting bit by the biters

Bryce's is screaming in pain but then the biters walk away leaving him on the ground. Bruce lays there motionless. When two people walks over to him

Guy:Jesus Christ

Girl:something off there's no biters in sight but it looks like he was bit by a whole bunch of them

Guy:also weirdly he looks a live do you think there could be that he's immune so right now he's half undead

Girl:that's an interesting theory Braden I would think your but you're crazy but it's not as crazy as the dead raising

Braden:so do we leave him here

Bruce suddenly opens his eyes

Bruce:am I dead

Girl:holy shit guess I was right and no you're not dead but I actually no idea .

Bruce then passes out again

Braden:now I'm intrigued hey Lacey, how about we take him with us. You know to the car

Lacey:that would be great

Braden:thanks let's grab him

Lacey:but you're carrying him

Braden:what the hell

Lacey:your idea pall so you get to it there's rope in the trunk

Braden:God dam it

1 hour later

They are driving

Braden:truth or dare

Lacey:who goes first

Bruce's eyes open he wakes up to see he's tied up but he's has bandages

Bruce:what the hell where am I

Lacey:in a car driving to our community which is 2 minutes away now .

Braden:didn't feel comfortable leaving a human outside to die

Bruce:what about the rope that tied around me

Lacey:safety precaution

Bruce:I was bit and base on the bandages you know . Do you know how I'm not turned or dead

Braden:yeah the blood loss would indicate that you would definitely be dead multiple bites to your neck torso legs arm

Lacey:but our theory is you did die and you're some undead hybrid

Braden:way to interrupt me

Lacey:you were taking too long anyways the undead is extremely durable. So you're probably extremely durable. Eating habits are unknown maybe you'll just eat regular foods. Biters eat humans deer any living animals so I assume you'll mostly eat meat

Bruce:thanks for the briefing

Braden:anyways we're here

Bruce:untie me asshole

Braden:not with that attitude just kidding

Lacey then unties Bruce Lacey and Braden then pull out guns

Braden: you try anything bad things will happen

Bruce:Got it

Braden:hey half zombie come help us with supplies

Bruce:sure buddy

Braden:don't call me that

Bruce:ok ok didn't mean to offend you , umm what ever your name is

Braden:it's Braden

Lacey:hey idiots how about less chatty and more packy

Braden, and Bruce:fine

They then put the stuff in the building it takes them 10 minutes 15 seconds

Bruce:you sure have a lot of shit

Lacey:yeah we loot a lot we looted this area and almost everything in a 68 mile radius

Braden:but we have a problem

Bruce:what's that

Braden:we go out on looting and you stay and watch

Bruce:sure I have nothing better to do , see as a friendly gesture from your friendly neighborhood biter

Lacey:thanks spider-Man but who's under the mask

Braden leaves to his room

Bruce:Bruce

Lacey:cool I'm Lacey anyways it's hard to talk to you with the amount of bandages on your bloody which are cover in blood. I think we need to replace them

Bruce:okay cool

Lacey:take them off dumbass

Bruce:oh sorry

Bruce then starts to take them off

Lacey:I assume being bite hurts like hell and looks like hell

Bruce:yeah

Lacey:but look on the bright side you'll have some cool ass scars

Bruce:that's a optimistic way to look at things

Bruce then finishes talking off the bandages and they are replaced

Episode ends

Episode six part 2

It starts 2 years after the previous , Bruce is waiting for Lacey and Braden to arrive back . He wonders the building finding a large amount of stuff. Bruce then trips and knocks over the box full of guns

Bruce:shit , I'm having the best day ever I bet SpongeBob would be proud.

He then starts putting the guns back in the box and before he puts in the last one . He stops and thinks then says

Bruce:oh what the hell not like they're gonna notice 1 outta like 200 guns are missing. Granted I don't what they do at night time. Probably should run it with boss lady .

Then only Lacey comes back and she's crying

Lacey:they're coming

Bruce:huh

Lacey:they killed Braden and they're coming for me

Suddenly Lacey is shot in the heart

Bruce:son of a bitch who do you think you are, Rambo?

Bruce is then shot in the torso then he plays dead and as the guy walks by him. Bruce grabs him and throws him to the ground and starts punching him. Bruce then kicks the guy gun away and aims his gun at the guy

Bruce: I like to know the name of my assassin

Guy:just call me Rambo, and you sir have a good poker face

The guy then stabs Bruce in the leg and Bruce doesn't reaction

Bruce:really

Rambo: who the hell are you

Bruce:you're killer

Bruce then shoots the guy in the head. It's like he wakes up from his blood lust then he breaks down , and he goes to Lacey . Out of options Bruce scratches Lacey outta desperation. He then holds her in his arms

Bruce:come on come on wake up dam it

Bruce then realizes it's over and he sits there in mourns . Then Lacey turns into a biter but the biter doesn't attack Bruce. Bruce then sits down for 4 minutes then he grabs a bag full of supplies and leaves

7 months later

Bruce is sitting by a fire , he then decides to walk with horde of biters because he can . He walks with the horde for 11 days . He then separates from it and goes to a house and does math.

Bruce: they're walking so like 3 miles pre hour we didn't stop for a 11 days . So I travel approximately umm . 11 times 24

Bruce then starts counting on his fingers

Bruce:264 hours and 3 miles per hour which is maybe 88 miles so I'm hundreds of miles from where I started

Bruce:wait no mess up ,

Bruce then starts counting on his hands

Bruce:792 miles holy shit

Tim:hey Einstein

Bruce then turns around with a gun in his hand

Tim:hold on not a smart decision on your part

Tim:I assume you don't like being in cell , is that it is that why you're giving me satan eyes

Bruce:shut up!

Bruce yells

Tim:oh a temper tantrum anyways I'm gonna leave you to rot
It then follows tim

And screams

Penny runs in and sees Victoria

Penny: this isn't real

Jesse looks out his window to see everyone but him and penny is dead

Victoria: we killed them all but left you and her

Jesse: you're not Victoria she died

Victoria stands up and walks around

Victoria: half zombie

Dying is a bitch but you wouldn't understand that pain

Jesse is still in shock

Penny: hey bastard, you deserve to die again

Victoria: Living is meaningless.

Jesse: I lived peacefully for 2 years for everyone to die

Penny then throws a punch at Victoria

Victoria blocks

Victoria: stiff you two are barely able to talk and move. What is that

Is it fear

Numbness you can't even grieve right

Jesse falls on his knees and looks down silently pulling out his knife

He gets up and slashed Victoria throat

Victoria falls back then starts laughing

Victoria: knife attacks doesn't work

Gun attacks don't work

I'm a God

Jesse squares up

Penny does too

Penny: I can't even cry, I'm just so pissed off. Did you kill everyone

Victoria: oh you really think little old me could kill them, I just blocked out the sound

Made sure you two wouldn't hear anything, as a army killed them all

Jesse: well enough talking fight time

Victoria runs at Jesse and throws him to the ground and puts a knife to his neck and hold him down and looks in his eyes

Penny rushes but is thrown back with one hand

Victoria grabs the knife across Jesse face as he screams in pain

Victoria: look at me

Jesse looks at Victoria in her eyes with fear in his eyes

Jesse: you can't kill me

Victoria smiles and stabs Jesse in his head and leaves penny to weep

Penny runs to jesse corpse and cries holding him in her arms

Victoria: hey penny

Penny is sobbing can't even look at Victoria

Victoria: tell me
You wanna live or die

Penny: I
