

## Thank you to all of our Community Partners during the 2024-2025 school year!

Our vision of maximizing educational opportunities for every student could not be fulfilled without the support of those who generously donate their time, money, efforts, and other resources to our schools. The support from our partners across Randolph County helps make a difference in the lives of the students and staff throughout the Randolph County School System. To our community partners listed below, we say THANK YOU!
