Materials Pick Up

Please click [HERE](#) for Materials Pick Up Procedures on Tuesday, August 8, 2023.

Home Device Accessibility

Please complete this short survey to help us plan for next school year. We are moving back to the model of having devices available in the classroom for student use. This will help reduce the damage to devices and the time and cost it takes to have the devices repaired or replaced. Also, this alleviates the time students spend outside of class looking for a lost device. We will have a limited number of devices available to check out to students that need a device to access schoolwork at home. Thank you for your understanding.
