

Hawks

800 32nd Ave. South • Grand Forks, North Dakota 58201 • Office (701) 746-2330 Attendance Line (701) 746-2334

Dear Parent/Guardian:

The Hawks team would like to welcome you and your student to the 2025-2026 school year at Schroeder Middle School. We are excited about the upcoming year and hope it will be a positive experience for all.

The middle school concept is centered around an instructional program known as teaming, where a group of students has the same teachers for their core subjects. This organizational model gives students and teachers a sense of belonging to a group of approximately 90-100 members with common goals. It also allows the teaching team to monitor your child's progress as it meets daily to plan a challenging program. If you have any questions regarding the progress of your child, we encourage you to email the teachers directly or call the school office (746-2330).

The Hawks team has established a set of expectations and procedures that provide consistency in core classes and create a suitable learning environment for all students. These procedures will be reviewed with the students during the first week of school.

Learning takes practice, study, and time. It also requires patience and communication on the part of the teacher and the parent. Studies have shown that encouragement and help at home improve academic performance. Teaching is our profession, but we feel that you, as parents, are the first and most important teachers of your children. Working together can assist in providing a successful school year for everyone!
