

Innovation with Kalesha

We will be exploring innovation and technology by visiting a range of places and taking part in some guided workshops with professionals. During the week, we will visit Weta Workshop, Te Papa and Capital E. At school, we will have time to complete a project using the knowledge and skills we have learned.

The cost for the week of activities will be **\$58.50**. The cost of the overnight stay is **\$14.50**.

Here is a brief outline of the week:

Monday	Weta Workshop We will be joining the Weta Experience Tour. This will involve learning about how they use technology to create props using 3D printing and modelling and also to create visual effects. *We will travel to and from Weta Workshop by bus. *All students need to be at school by 8:30am .	What students need: *Sunhat *Rain/wind jacket *Morning tea and lunch *Water bottle	Parent Help We will need two parents to help with this day. Leave school at 9:00am Return to school by 12:30pm
Tuesday	Te Papa and Capital E We will begin the day by exploring the use of interactive technology in the new Te Taiao Nature exhibit. We will then head to Capital E to take part in a workshop that focuses on designing and creating 3D models based on real life objects. *We will travel to and from town by bus.	What students need: *Sunhat *Rain/wind jacket *Morning tea and lunch *Water bottle	Parent Help We will need two parents to help with this day. Leave school at 9:00am Return to school by 3:00pm

	*All students need to be at school by 8:30am .		
Wednesday	Project Time (at school) We will use the knowledge and skills that we have learned to design and create our own interactive games, models and resources.		There is no parent help required for this day.
Thursday	Capital E We will return to Capital E to take part in a workshop about 3D gaming. Students will be able to design and begin creating their own 3D game. *We will travel to and from town by bus.	What students need: *Sunhat *Rain/wind jacket *Morning tea and lunch *Water bottle	Parent Help We will need two parents to help with this day. Leave school at 12:00pm Return to school by 3:00pm
Friday	Project Time (at school) We will use the knowledge and skills that we have learned to design and create our own interactive games, models and resources.		There is no parent help required for this day.
