

In the grid are activities that you can complete. You should aim to finish two activities a day. You can work through this grid ticking off each activity as you complete it. All children were given their HWB passwords to help them complete some of these activities online. Please evidence your work in the exercise book provided or save in HWB class file. Complete the two focused activities and the daily five every day.

The daily five

Read everyday	Maths practise	Keep fit time	Make something creative	Celebrate something that has gone well
---------------	----------------	---------------	-------------------------	--

The 8th May will be VE DAY - Victory in Europe Day. This celebrates the end of World War 2. Back in 1945 people celebrated with street parties and parades and the day was declared a national holiday. Today we celebrate, remember and reflect for the heroes who went to war. This year marks 75 years. Many celebrations have had to be put on hold for now but I think it's important that we still celebrate the day as best as we can. There are lots of things being televised over the weekend and lots of things online to look at if you wanted to explore it in more detail.

WEEK ONE				
Ask a grown up to help you use the internet to research war time cooking. Can you help to make a popular war time cake or meal?	Do you know when your birthday is? Learn the date and month of your birthday. How old are you now? How old will you be on your next birthday? Learn the dates of your family's birthdays too. Draw a picture and write a simple sentence about your birthday.	Let's learn the months of the year. Search You Tube for months of the year songs. Here's one that I like..... https://youtu.be/5enDRrWyXaw?list=PLqv4y60m_3_BsDssdzvrCueiho5Tc-1j8	Have a think about what things we celebrate in each month. Can you draw/make/create a calendar to show these important dates. 	Ask a grown up to help you use the internet to research the 1940's. Compare life then to how we live now. What's different? Look at school clothes, toys, homes, cars and anything else that interests you.
Children were evacuated to a safer place during the war. They could only take 1 bag with them. Think about what you would want to take with you. Can you pack a small bag with your favourite things in? Talk about why you chose those items.	BBC - History: Search You Tube for 'An evacuee's adventure' Talk about your thoughts after watching the video. 	 Children had identity cards like this one in the picture. Can you make one about yourself? Have a go at writing your first name and surname, your age, where you live, your birthday.	Try to spend as much as your day like a child in the 1940's. This means.... No TV, no Ipad/tablet, no phones! Children played lots of games. Try some of them: Hide and Seek, Statues, Hopscotch, ball games, marbles, dominoes.	Phone or Facetime a grandparent/elderly family member. Talk to them about what they know about the war. Ask them some questions starting with.... When... What... Who... Why.... Where.....

In the grid are activities that you can complete. You should aim to finish two activities a day. You can work through this grid ticking off each activity as you complete it. All children were given their HWB passwords to help them complete some of these activities online. Please evidence your work in the exercise book provided or save in HWB class file. Complete the two focused activities and the daily five every day.

WEEK TWO				
Explore money. Identify 1p, 2p, 5p, 10p coins. Can you use them to pay for things? Idea...Ask a grown up to put price tags on your lunch/tea. Squash – 5p, Crisps – 2p, Sandwich – 6p.	On You Tube search for 'Numbers song in French' By Kids TV 123. Join in with the song – counting to 10 and back. 	Get a cuddly toy/doll/action figure. Can you follow the instructions a grown up gives to you. Put your toy.... • On a chair. • Under a table. • Behind a door. • In front of the television. • Next to a radiator. • In between 2 cushions. • In the sink. Did you get them all right?	Ask everyone in your house what their favourite colour is. Next time you speak to friends and family on the phone/Facetime ask them too. Write down how many people like each colour. What colour was the most favourite? What colour was the least favourite? You could use Hwb to make a simple graph. Go on JIT5 and choose CHART on the top right hand side. Type the number for each colour to make your graph. Save your work so that I can see it!	Go on a counting walk around your house. How many stairs do you have? How many beds are in your house? How many doors do you have? How many light switches do you have? How many mirrors do you have?
Access COSMIC KIDS YOGA on You Tube and have a family Yoga session.	In your exercise book or on paper – draw a picture of your house. Pay close attention to detail. Draw the right amount of windows, use the right colour for your front door, add the number of your house. Do you have a chimney? Do you have a path/fence/gate/driveway at the front?	Choose your favourite book to read and share with someone. Talk about why it's your favourite. Can you retell the story in your own words? Can you tell someone what happens at the beginning, the middle, the end?	Can you learn a new skill this week? Think about what you would like to do and ask someone to help you. Can someone in your house teach you a new skill? Ideas: skipping, juggling, tying shoelaces, zip up a coat/jacket, make a sandwich...	Take part in a Joe Wicks P.E session. Find him on You Tube Monday-Friday at 9am. Fridays is always a dressing up one if you have a costume!

In the grid are activities that you can complete. You should aim to finish two activities a day. You can work through this grid ticking off each activity as you complete it. All children were given their HWB passwords to help them complete some of these activities online. Please evidence your work in the exercise book provided or save in HWB class file. Complete the two focused activities and the daily five every day.
