

How to set up SMS through Team Unify

- 1) Log into the website www.ebsc.org with your account log in
- 2) Go to update profile/account info
- 3) Add an SMS number and specify the wireless carrier; 2 numbers can be added for 2 guardians or 1 guardian + 1 swimmer, etc.
- 4) Click the green save button on the bottom
- 5) It will say "unverified" above the SMS number
- 6) You will get a text that says please verify your SMS for Elmbrook Swim Club by clicking the link
- 7) Click the link **
- 8) Your number should be verified and coaches will be able to group text you

If the link doesn't work, or where it says "use code ** to verify....."

- 1) Click the "unverified" above the SMS number you just entered on the website
- 2) Enter the 4 digit code and hit enter/save
- 3) If needed, click resend verification code and repeat the steps.

Your SMS number will not work until it says "verified" in green above the SMS number!!!!

This is best done via a computer.
