## Author's Letter

Greetings! My name is Braxton Takanashi (Not really) and I am a student at HCCHS. I was born and raised in beautiful Kentucky, and I'm currently 18 years old. As a huge fan of classic open-world RPG games, I'm beyond thrilled to announce my upcoming release, The Legend of James.

As a lover of video games and the creative process that goes into making them, I was inspired to create something truly unique that combines the best elements of my favorite games. From the vast, sprawling lands and cities of this beautiful world, to the thrilling combat and immersive story, The Legend of James offers something for everyone.

I want to thank everyone for their continued support and encouragement throughout the development process of this game. I couldn't have done it without you all. I can't wait to see
