About the author

Carole Doré is an international speaker, popular radio and television talk show guest, and is the author of *The Emergency Handbook For Getting Money FAST!* She is widely recognized as the leading authority of Visualization and is the founder of PowerVision Dynamics.

Due to a major turning point in her life, in 1985, she discovered and developed a new creative procedure, which she termed PowerVision® – an accelerated spontaneous form of Visualization that is applied through the heart, rather than the mind.

To provide in-depth guidelines for using this invaluable method, she produced PowerVision Dynamics®, a complete instructional program that teaches how to accelerate the Law of Attraction and create in Synchronicity through expansive spiritual energy. Her powerful book, audiobook, seminars, and audio programs have dramatically enriched the lives of people throughout the world.

She has researched and refined metaphysics for over fifty years and has completed ministerial training with Religious Science International. Her sense of personal power, clarity, humor, and inspiring message make her a popular speaker for people on all levels of life.

Not only is Carole able to cut through and easily clarify every aspect of the creative process, she captivates an audience by teaching and entertaining with tremendous joy and enthusiasm, and with a light breezy confidence in what has been called “an unparalleled learning adventure”.
