

My experience in Croatia was very good because my host family was very nice with me and with my partners. What I liked the most of Osijek was the city centre, specifically the cathedral. I enjoyed the trip that we did to Kopački Rit Nature Park because I like nature.

Regarding the activities at the high school, I liked the graffiti and mosaic activity because I had never done it before. It was a very good experience for me. I learned a lot of things about Croatian culture and their habits.

My host family was very kind and attentive with me and with my partners. We were always out and visiting the village with my host, we had a very great time. We went two days to a shopping centre to buy some clothes and to an arcade to have a good time playing some games like bowling, billiards, etc. We also went to an ice cream shop and then we went to visit the most important monuments of the city like the city town hall, the cathedral or the bridges.
