Chemistry-Integrated 2024-2025

Instructor: Christina Campbell
Office Hours: 7th Period and After School 3:30pm-4:00pm
Email: ccampbell@bulldogs.k12.ar.us
Office Phone: (870)-349-2657 Extension 229

My Class Expectations:

1. Be prepared.
2. Be respectful.
3. Do your part.

Class Description:
Chemistry-Integrated looks at how matter and energy move systems, both chemical and physical. This is an in depth course, requiring students to do some preparatory work outside of class, including, but not limited to, selected readings, pre and post lab work, long and short term projects, practice not finished in class, and preparation for evaluations.

Topics to be Covered:
Unit 1: Matter
Unit 2: Chemical Reactions
Unit 3: Energy in Chemical Reactions
Unit 4: Nuclear Chemistry
Unit 5: Waves
Unit 6: Forces

Grading:
We use the standard grading scale and grades will be out of total points. Check the Home Access Center for updated grades.

Work:
Class notes, reading material, useful documents, virtual labs, assignments, and study guides will be posted on Google Classroom and can be accessed at any time. It is your responsibility to check the class Google Classroom page each day, whether they are on campus or at home. If you are absent, then you are responsible for completing any missed assignments in a timely manner (one day for each day missed, as described in the student handbook.) I can be reached by email if you have any questions. If you need more help, we can schedule a meeting during my office hours or after school.

Labs/Activities:
A signed copy of the lab safety contract must be returned before you will be allowed to participate in any lab activity. Makeup labs are scheduled after school, when possible.
