

Question 7.3 ELO #1 Proficiency Scale*DRAFT*

CCSS	Mastery	Proficient	Basic	Below Basic	I-No Evidence
<u>7.RP.1</u>	<p>Can extend thinking beyond the standard, including tasks that may involve one of the following:</p> <ul style="list-style-type: none"> •Designing •Connecting •Synthesizing •Applying •Justifying •Critiquing •Analyzing •Creating •Proving 	<p>Compute unit rates associated with ratios of <u>fractions and mixed numbers</u>.</p> <p>Use proportional relationships to solve <u>multi-step</u> problems in real world situations</p>	<p>Compute unit rates associated with ratios consisting of <u>at least one fraction</u>.</p> <p>Use proportional relationships to solve problems <u>in real world situations</u>.</p>	<p>Computes unit rates associated with ratios without fractions.</p> <p>Use proportional relationships to solve problems.</p>	<p>Little evidence of reasoning or application to solve the problem</p> <p>Does not meet the criteria in a level 1</p>

I can compute unit rates with complex fractions including length, area, and other quantities of measure.
(7.RP.1)
