**Action Items:**

- Discuss Mental Health Task Force's second Well-Fest. AJ is heading this for the Task Force with student groups and JHU offices. We're looking at a mid to late October event. Does HSS want to help out? If so, what kind of table would they like to offer? See flyer for reference!
    - HSS could offer itself as a funding/resource allocation resource
    - Could go off model of Junior Class Council handouts
    - Box for anonymous feedback
- Comm app
- Follow up on summer action items:
    - Divestment - September 15th
        - SGA dissemination of Refuel and SDS statements
        - Bloomberg prof → partial divestment
        - PIIAC isn't the final word
        - Send reminder statement to people in resolution
- Alex meeting with Office of Sustainability: any questions for them?
    - Outlining sustainability goals beyond divestment
- Discuss semester goals.
    - Tentative list from SGA Retreat:
        - Addressing food insecurity on campus
            - Olivia C. wants to work on this → Civic Engagement
        - Aiding in dormitory mouse problems
        - Building nap pods
        - **Enforcing current smoking policies, providing smoking cessation services, and shifting campus to being smoke-free**
            - Moving ashtrays
            - Get student body feedback
        - **Ensuring the implementation of Mental Health Task Force recommendations**
            - **Jed Foundation!**
        - **Mental Health: Expanding HellWell Hours and online scheduling opportunities**
            - **Providing a 24-hour service option for HelWell**
            - **Automated call system**
            - **JED Foundation → work with Toni Blackwell to bring them in**
            - **Sleep, diet, exercise, taking care of oneself, personal wellbeing**
        - Improving athletic schedules to ease the lives of student athletes
        - Making campus more green in physical substance
            - Raising money for planting trees
        - **Making Hopkins reach 100% green energy**
            - Making sure Hopkins sets and reaches goals of 100% energy efficient
            - Determine how best to reach this goal

            - Conduct research
            - Alex W.
        - **Opening more discussions on sexual violence**
        - **Providing services on stress management/sleep aid**
            - **Google Calendar Posters with 8 hours reserved for sleep each day**
            - **Talk with study consultant**
        - **Reducing JHU's carbon footprint and holding JHU accountable on sustainability goals**
        - **Student Disability Services**
    - **Have Rushabh come to HSS meeting *****
    - Which goals do you want to prioritize?
        - Promoting Wellbeing. Perhaps putting up a banner reminding people to: Eat, Sleep, Exercise (Google Calendar: it's happening)
        - Sexual Violence/Title IX
        - Green (Divestment and physical)
        - Jed Foundation
- Discuss meeting locations and weekly meeting time.
    - Mattin Center Conference Room open
- Select chair.
    - Nominees.
    - Speeches.
    - Votes.
