

RE: S. Washington St. Traffic Calming Project

Dear City of Bloomington Resident/Business Owner,

We are reaching out to inform you about an upcoming construction project in your area. This project will include work on S. Washington Street between 1st Street and Grimes Lane. Work will include the installation of asphalt speed humps.

Construction Schedule & Traffic Impacts

E & B Paving, the contractor for this project, is tentatively scheduled to perform construction from May 12th, 2025, to July 15th, 2025. Weather or other schedule conflicts may cause modifications to those dates.

During this time:

- Road delays may occur along Washington St for construction activities.
- Lane restrictions and flaggers may be present to direct traffic as needed.
- Work will take place Monday through Friday, with occasional Saturday work, from 7:00 AM to 6:00 PM.

We understand that construction may cause temporary inconveniences, and we appreciate your patience and cooperation. Our team will strive to minimize disruptions as much as possible.

Please do not hesitate to contact us if you have any questions or concerns regarding the project. We appreciate your cooperation and understanding as we work to enhance transportation infrastructure in our community. For additional information, please visit the project website at <https://bloomington.in.gov/engineering/projects/washington>
