Three Things For Today:

1. Author profile -- one person makes a doc and shares it with the others and me; find information about your author and add it to your doc in an organized way. Try to avoid c/p and duplicate info
2. Book reviews -- read what others have written about the book, and also find out what the reviewer is like (age, other books they like, writing ability, etc) Shelfari, GoodReads, AmazonBooks, CommonSenseMedia, iBooks Store,
3. Book Sources -- find out where to get the book. Digital copies, libraries, bookstores (new and used)
